- spoke to concerns with contradictory comments during the presentations;
- urged the Borough to be unbiased in their evaluation of requests for proposals; and
- requested that the Manager review and understand the concerns that have been expressed.

Deputy Mayor Woods:

- noted that when over 90 percent of your costs is salary, it is difficult to achieve savings;
- spoke to the controversy surrounding the School District when they outsourced janitorial services;
- further added that it has yet to be seen whether or not the School District has incurred actual savings; and
- noted that it is clear that the Assembly is concerned with keeping costs down.

Assemblymember Church:

- spoke in opposition of the motion;
- noted that the audit stated that there would be savings;
- commented on the first request for proposal and what the causes were for the additional request for proposal; and
- noted that there could be other communities that would like to consolidate.

Assemblymember Wells advised that he was not in favor of revoking the current request for proposals.

Assemblymember Houston:

- stated that he has no faith in the audit;
- opined that the way the numbers were calculated was flawed;

- stated that working towards a regional governance is a good idea; and
- further added that if they move toward regional governance, that a request for proposal would be unnecessary.

Deputy Mayor Woods:

- commented that she is disappointed that nothing is happening until April; and
- added that she understands that the process takes longer when it is available statewide.

VOTE: The motion failed with Assemblymember Houston in favor.

Assemblymember Bettine spoke to the need for the Assembly to address the Management Audit Review with the contractor.
