MATANUSKA-SUSITNA BOROUGH Department of Finance

350 East Dahlia Avenue • Palmer, AK 99645 Phone (907) 745-4801 • Fax (907) 745-0886 www.matsugov.us

January 29, 2016

To the Honorable Mayor, Members of the Assembly and Citizens of the Matanuska-Susitna Borough:

Transmittal of the CAFR

In accordance with Section 29.35.1 20 of Alaska Statutes, the Comprehensive Annual Financial Report of the Matanuska-Susitna Borough for the fiscal year ended June 30, 2015, is hereby submitted. The financial statements were prepared in conformance with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

This report consists of management's representations concerning the finances of the Matanuska-Susitna Borough ("Borough"). Consequently, management assumes full responsibility for the completeness and reliability of the information presented in this report. To provide a reasonable basis for making these representations, management of the Borough has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Borough's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the Borough's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatements. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Borough's financial statements have been audited by BDO USA LLP, a firm of independent certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Borough for the fiscal year ended June 30, 2015, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded based

evaluating the overall financial statement presentation. The independent auditor concluded based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the Borough's financial statements for the fiscal year ended June 30, 2015, are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the basic financial statements of this report.

The independent audit of the financial statements of the Borough was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal and state of Alaska grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with certain legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal and state awards. These reports are included within the Comprehensive Annual Financial Report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Borough's MD&A can be found immediately following the report of the independent auditors.

Profile of the Matanuska-Susitna Borough

The Matanuska-Susitna Borough was incorporated January 1, 1964 as a second-class Borough. The Borough is located in the south central part of the state of Alaska. It occupies a geographic area of approximately 25,265 miles. It is the fastest growing community in the state of Alaska and serves a population of 98,063. The Borough is empowered to levy a property tax on both real and personal properties located within its boundaries. State of Alaska law mandates that second-class Boroughs provide certain services on an areawide basis to all taxpayers.

The Borough exercises the following areawide powers: general administration, education, property assessment and collection of taxes, education, planning and zoning, parks and recreation, ports, emergency medical services and historic preservation. The Borough also exercises the following non-areawide powers: solid waste, libraries, septage disposal, animal care and regulation and economic development. Additionally, following voter approval, the Borough is now responsible for 36 active service areas for water, sewer, flood, water erosion, fire, and/or roads. Service area boards of supervisors are appointed by the assembly to oversee the affairs of each service area. This report includes the financial data for these service areas.

The Borough operates under an Assembly-Manager form of government. Policy-making and legislative authority are vested in a governing assembly consisting of a mayor and seven assembly members. The Assembly is responsible, among other things, for passing ordinances, adopting the budget, appointing committees and hiring the Borough Manager, Attorney and Clerk. The Borough Manager is responsible for carrying out the policies and ordinances of the Borough, for overseeing the day-to-day operations of the Borough and for appointing the heads of the various departments. The Assembly and Mayor are elected on a non-partisan basis.

Assembly members are elected by district. They serve three-year staggered terms, with two or three members elected each year. The Mayor is elected at large and also serves a three-year term.

The Matanuska-Susitna Borough is financially accountable for a legally separate school district which is reported separately within the Matanuska-Susitna Borough's financial statements. Additional information on this legally separate entity can be found in Note (1) in the Notes to the Basic Financial Statements.

The annual budget serves as the foundation for the Borough's financial planning and control. All departments and service areas submit budgets to the Manager on or about February 15th. The Manager uses these requests for developing a proposed budget. The Manager submits his proposed budget to the Assembly on the third Tuesday of April. The Assembly is required to hold public hearings on the proposed budget. The Assembly is required by Borough Code to adopt the budget by May 31st. The budget is appropriated by fund (Areawide), department (Emergency Services), and division (Dive Rescue). The Manager is authorized to make transfers within a department within any fund. Assembly action is required to transfer between funds or departments within a fund. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an annual budget has been adopted. For the General Fund, this comparison is presented on pages 70, 71, 72 and 73. For governmental funds, other than the General Fund, these comparisons start on page 75.

Economic Condition of the Matanuska-Susitna Borough

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the Matanuska-Susitna Borough operates.

The Borough's economy began experiencing growth in the early 1990's. In looking back over the last 20 years, the population of the Borough grew 94%. Whereas, the population of the State only grew 22%. Just during the last decade, no other area of the state came close to the Borough's track record of population and employment growth.

The communities of the Borough were historically established to support farming and still continue to be the largest agricultural producer in the state. However, farming is now overshadowed by other economic players. There are a number of factors driving the Borough's dynamic economy. In brief, one of these factors is health care. Another major health facility was constructed during 2012. Southcentral Foundation constructed a new 84,000 square feet, \$40 million Native Primary Care Facility. When completed the number of permanent jobs increased from 35 to 200 employees including healthcare professionals. This facility has continued to expand in phases each year. This past year the Veteran's Administration added medical services. Furthermore, the Mat-Su College has initiated new nursing courses and a new paramedic's curriculum that will provide a four year degree in paramedic medicine. In addition to the hospitals, several new medical facilities are being built or were built this past year. This includes a new Physical Therapy Center and a Pediatric Center.

An ever growing sector in the Borough is the businesses in the Borough that provide expanded services to Borough residents as well as the rest of the state. New industry, professional

businesses and a variety of new commercial buildings have moved into or expanded in the Borough including several new significant retail developments and office buildings. The new entities serve the growing number of people choosing to reside in the Borough while working elsewhere. Approximately 38% of the workforce commutes to work outside of the Borough.

In addition to new construction of commercial buildings, the construction of new residences throughout the Borough has continued to increase year after year. Fifty-three new commercial structures were completed this past year as well as seven hundred twenty residences.

To further economic development, the Borough completed an Economic Development Strategic Plan. The purpose of the plan was to provide a blue print for positioning the Borough for sustainable economic growth and prosperity. The plan placed heavy emphasis on business community involvement and included over 140 business representatives and 40 public entity representatives in the plan process. The plan sets forth an economic vision whereby the Borough becomes a premiere destination of quality development and well-paying jobs in Alaska. The plan identifies 24 implementation strategies and over 80 specific actions to achieve the economic vision and provide for more high paying jobs. It also places emphasis on the private sector/public sector partnership to help guide growth and development throughout the Borough. The specific recommendations included the establishment of the university medical district for additional medical services and university, building greater awareness of the Borough as a destination for new investment from the employers in Anchorage, establishing a new Borough-wide business/public partnership to support economic development, improving workforce training and apprenticeship programs so that more young workers can permanently become part of the workforce, developing multi-modal transportation infrastructure at Port MacKenzie and continuing to invest in tourism infrastructure and marketing the Borough.

On December 22, 2008, the Borough issued the Series 2008 Lease Revenue Bonds in the amount of \$244,285,000. The funds were utilized to design, construct and equip the Goose Creek Correctional Center. This 1,536 bed facility was completed September 2011. It is being leased to and operated by the State of Alaska. The center is now fully operational. In total, 345 permanent positions were created to operate the facility. This does not include the indirect nor induced labor.

In addition to the continued development of the industrial district of Port MacKenzie, the Borough is working with the Alaska Railroad to construct a railspur. They completed a \$10 million environmental study to extend the Alaska Railroad 39 miles from Willow to Port Mackenzie. The Borough also previously acquired \$17.5 million to start construction on the rail loop in the Port District. In July 2010, \$35 million more was received for the next phase. This phase constructed 8.1 miles of rail embankment, purchased right-of-way for the remaining rail extension and engineered the route selected by the Environmental Impact Study. In July 2011, we received another \$30 million. These funds were utilized to continue the construction of another 6.5 miles of the rail embankment and to acquire additional right-of-ways. In July 2012, we received an additional \$23.5 million which was for a 4.8 mile section of the project. Additionally \$30 million was approved in a State bond package that was issued in 2013. Those funds were utilized to construct 6.1 miles. Construction began in June 2013. For fiscal year 2014 the State granted \$25 million for the next phase of the project. And in fiscal year 2015 we

received an additional grant in the amount of \$13 million. This rail spur will greatly increase natural resource development within the Valley and rail freight transport through the Port.

Cash from all Borough funds as well as the operating cash of the School District is held in a central treasury and managed by the Borough Administration. Interest income on investments is allocated to participating funds based on its average cash balance. The Investment Policy approved by the Borough Assembly authorizes cash temporarily idle during the year to be invested in the United States Treasury, its agencies and instrumentalities, Repurchase Agreements, fully collateralized Certificates of Deposit, bank or credit union accounts, provided the accounts are insured, money market mutual funds, provided they are comprised entirely of United States Treasury, its agencies or instrumentalities, taxable General Obligation Bonds of a Borough/County or State which has two ratings AA or higher and the Alaska Municipal League Investment Pool. The maturities at June 30, 2015 of the investments range from 2 days to twenty-eight months, with an average maturity of thirteen months. The average yield this fiscal year was .25%.

In accordance with Code, the Borough has a self-insurance program for property and casualty coverage. This program is administered by a risk management committee. As part of this program, resources are accumulated in an internal service fund to meet potential claims and associated costs. In addition, the Borough employs a loss control specialist and a safety officer to prevent risk of accidental losses or claims. The Borough has third party coverage subject to the self-insured retentions, which is more fully described in Note (1) in the Notes to the Basic Financial Statements.

The Borough provides pension benefits for all eligible employees through the State of Alaska Public Employees Retirement System (PERS). The Borough has no obligations in connection with employee benefits offered through this plan beyond its annual required payment to the pension plan.

The Matanuska-Susitna Borough School District provides pension benefits for all eligible employees through PERS and the Teachers Retirement System (TRS). The school district has no obligations in connection with employee benefits offered through these plans beyond its annual required payments to the pension plans.

Additional information on pension arrangements and postemployment benefits can be found in Notes (10) and (11) in the Notes to the Basic Financial Statements.

Relevant Financial Policies

The Borough has established a number of reserves for a variety of purposes. The balances are reported as committed fund balance within this report. Details of these reserves are as follows.

The major reserve of the Areawide Fund is the Reservation of the General Fund Balance. This reserve is equal to a minimum of 22.2 percent of all operating budgeted expenditures of the fiscal year 2015 budget excluding the budgeted operating expenditures of the school district or \$25,000,000, whichever is less. This would provide funds to protect essential Borough programs if there is ever a significant shortfall in projected revenues or catastrophic uncovered loss. Also,

it has been reported by the bond rating agencies as one of the reasons for maintaining or increasing our bond rating. It assists in maintaining our credit worthiness.

Another reserve has been established for Emergency Response. This reserve is within the Areawide Fund to cover unanticipated expenditures resulting from natural or human caused disasters including disaster response expenses. The said funds can only be expended after the issuance of the formal declaration of emergency.

Also within the Areawide Fund is a reserve for Capital. This reserve will cover one-time capital expenditures or site acquisition costs. Expenditure of these funds requires Assembly approval. Additionally, there is a reserve for Major Repair and Renovation. This too is included within the Areawide Fund. The expenditure of these funds also requires Assembly approval.

To meet the need for future school facilities, another reserve has been established within the Areawide Fund. This reserve has been established to provide funds for future school site acquisitions.

Lastly, a practice has been established for the use of one-time revenues. Rather than utilize these one-time payments for operating expenditures, the funds can be utilized for tax rebates to taxpayers. Specifically for taxpayers who pay real and personal property taxes. Or the funds can be used for one-time expenditures.

Long-Term Financial Planning

The Borough received voter approval in October 2011 to issue \$214,495,000 in General Obligation Bonds. In March 2012 the Borough issued the 2012 Series A General Obligation School Bonds in the amount of \$91,770,000. When combined with the premium, total proceeds for projects was \$100,375,000. In March of 2013, an additional \$13,290,000 was issued. Again, when combined with the premium generated a total of \$15,280,000 available for projects. In March of 2014, the Borough issued \$29,400,000. Which, when combined with the premium provided \$32,720,000 in funds. In March 2015, we issued \$55,195,000 in General Obligation Bonds. When combined with the premium it generated a total of \$63,655,000 for projects. These funds have or will be utilized for the acquisition, design, construction, major renovation and renewal of school capital improvement projects. The remaining projects will be completed during fiscal years 2016 and 2017. The issuance in fiscal year 2015 is the final phase of the original authorization.

The Borough also received authorization from the voters in October 2011 to issue \$32,165,000 in General Obligation Transportation System Bonds to finance the construction, additions, improvements, betterments, repair, reconstruction or acquisition of public roads and facilities. The bonds could only be issued if a matching grant was received from the State of Alaska. That grant was received on July 1, 2012. A portion of the bonds were issued in fiscal year 2013. Combined with the premium generated by the issuance, it provided \$12,900,000 for Transportation System Projects. The remainder, \$19,265,000, was issued in January 2014. Design will occur over the winter and construction will begin summer of 2014 and 2015. They

are expected to be complete summer 2015. In total with the grant, \$64,330,000 was available for transportation projects. The projects will be complete in fiscal year 2016.

The Borough also received authorization from the voters in October 2013 to issue \$16,215,000 in General Obligation Transportation System Bonds to also finance the construction, additions, improvements, betterments, repair, reconstruction or acquisition of public roads and facilities. The issuance was also dependent on receipt of a matching grant from the State of Alaska. In fiscal year 2015 a grant was received for \$1,600,000. In March 2015, bonds were issued for \$1,600,000 providing \$3,200,000 for a project. That project was completed in fiscal year 2016.

In October 2013, Lease Certificates of Participation were issued to design and construct a new Public Safety Building. This \$8 million, 23,000 square foot facility was completed in fiscal year 2015. It is sited near Mat-Su Regional Medical Center.

Approved in the capital/grant budget was \$350,000 for matching grants for numerous grants. These funds will not lapse. The funds will be used to leverage future grant funds for the Borough. Almost all grants now require a monetary match.

Lastly, over \$12 million was budgeted for various small projects throughout the Borough. These funds will be utilized to upgrade various recreational facilities, emergency service facilities and other facilities as well as roads. By so funding, future deferred maintenance costs of buildings will be significantly reduced. Also, maintenance costs will be reduced once the roads are upgraded. In addition, it will also be utilized to upgrade or replace certain equipment.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Matanuska-Susitna Borough for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2015. This was the thirtieth consecutive year that the Borough has received this prestigious award. In order to be awarded a Certificate of Achievement, the Borough published an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the Comprehensive Annual Financial Report was made possible by the dedicated service of the entire staff of the Accounting Division. We wish to express our appreciation to all members of the Finance Department who assisted and contributed to the preparation of this report with special thanks to Barbara Baumgartner, Tyrone Hodge, Michael Newman, Kathleen Thornlow, Cindy Loyer, Eileen Pickett, Jeff Krueger, Sara Clemons, Tonya Loyer, Kathleen Kelly, Cheyenne Heindel, Katie Robinson, and Layla Lesley. Each member of

the department has our sincere appreciation for the contributions made in the preparation of this report.

We also wish to thank the Mayor and the members of the Borough Assembly for their interest and support in maintaining the highest standards of professionalism in the management of the Matanuska-Susitna Borough finances.

Respectfully Submitted,

John M. Moosey Borough Manager Tammy E. Clayton, CPA

Independent Auditor's Report

Honorable Mayor and Members of the Assembly Matanuska-Susitna Borough

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund and the aggregate remaining fund information of Matanuska-Susitna Borough, Alaska as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Matanuska-Susitna Borough's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Matanuska-Susitna Borough as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Change in Accounting Principle

As discussed in Note 14 to the financial statements, in 2015 the Borough adopted the provisions of Governmental Accounting Standards Board Statement Number 68, *Accounting and Financial Reporting for Pensions*. Our opinion is not modified with respect to this matter.

Correction of an Error

Also discussed in Note 14 to the financial statements, in 2015 the Borough determined that it recorded incorrect amounts for amortization on the landfill cells. The Borough recorded a prior period adjustment to reflect the correction for this. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 5-16 and the Schedules of Net Pension Liability, and Pension Contributions on pages 64-65 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit for the year ended June 30, 2015 was conducted for the purpose of forming opinions on the financial statements that collectively comprise Matanuska-Susitna Borough's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, the Schedule of State Financial Assistance, the combining and individual fund financial statements and schedules, and the component unit statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards and the Schedule of State Financial Assistance are required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Nonprofit Organizations, and the State of Alaska Audit Guide and Compliance Supplement for State Single Audits, respectively.

The Schedule of Expenditures of Federal Awards, the Schedule of State Financial Assistance and the combining and individual fund financial statements and schedules listed in the table of contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole for the year ended June 30, 2015.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of Matanuska-Susitna Borough as of and for the year ended June 30, 2014 (not presented herein), and have issued our report thereon dated January 30, 2015, which contained unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information before it was restated for the item discussed in Note 14. The individual fund financial statements and schedules for the year ended June 30, 2014 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the June 30, 2014 financial statements. The information has been subjected to the auditing procedures applied in the audit of the June 30, 2014 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund financial statements and schedules are fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2014.

The accompanying introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. This information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion on provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 29, 2016 on our consideration of Matanuska-Susitna Borough's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Matanuska-Susitna Borough's internal control over financial reporting and compliance.

BDO USA, LLP

Anchorage, Alaska January 29, 2016

Management's Discussion and Analysis June 30, 2015

As management of the Matanuska-Susitna Borough, we offer the readers of the Borough's financial statements this overview and analysis of the Borough's financial activities for the fiscal year ended June 30, 2015. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on page VIII of this report.

Financial Highlights

- The assets and deferred outflows of the Matanuska-Susitna Borough exceeded its liabilities and deferred inflows at the close of the most recent year by \$814,094,743. Of this amount, \$117,577,693 (unrestricted net position) is legally unreserved and may therefore be used to meet the Borough's ongoing obligations to citizens and creditors. Much of this amount has been previously designated by the Borough Assembly for specific purposes and is discussed in more detail on pages 13-14.
- At the end of the current fiscal year, unrestricted fund balance for the General Fund was \$59,301,187. Of this amount, \$14,498,345 was unassigned and available for spending. The unassigned fund balance for the General Fund represented 10.16% of total General Fund expenditures and transfers.
- The Borough's total net position increased by a \$70,387,053, excluding the effects of GASB 68 adoption.
- As of the close of the current fiscal year, the Borough's governmental funds reported combined ending fund balances of \$255,116,219, a decrease of \$14,251,533 in comparison to the prior year.
- The Borough's total outstanding debt increased by \$43 million to a year-end balance of \$436,708,808. The primary reason was that new debt was issued in the amount of \$36.16 million for school construction projects, a Net Pension Liability was recorded in the amount of \$22.4 million. The Borough's long-term debt table can be found on pages 46-53 of the Notes to the Basic Financial Statements.
- The Borough established two enterprise funds in order to account for the Borough's sanitary landfill and Port MacKenzie activities. Current fiscal year activities of the two funds combined increased the total Borough net position by \$565,580.

Overview of the Financial Statements

The management discussion and analysis serves as an introduction to the Borough's basic financial statements, which are the government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The government-wide financial statements report information about the overall finances of the Borough similar to a business enterprise. These statements combine and consolidate short-term, spendable resources with capital assets and long-term obligations. The government-wide financial statements can be found on pages 18-20 of this report.

Management's Discussion and Analysis

The government-wide financial statements are divided into the following three categories:

- Governmental activities These are functions of the Borough that are financed primarily by taxes, intergovernmental revenues, and charges for services. The Borough's governmental activities include general government, public works, emergency services, public services, education, and debt service.
- Business-type activities These are functions of the Borough in which customer user fees and charges are used to help cover all or most of the cost of services they provide. The Borough's business-type activities include sanitary landfill and Port MacKenzie operations.
- Component unit The Borough also includes the Matanuska-Susitna Borough School District in its report as it is financially accountable for this "component unit". Financial information for the School District is reported separately from the financial information presented for the primary government itself.

The Statement of Net Position presents information on all of the Borough's assets and deferred outflows less liabilities and deferred inflows, which results in net position. The statement is designed to display the financial position of the Borough. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Borough is improving or deteriorating.

The Statement of Activities provides information which shows how the Borough's net position changed as a result of the year's activities. The statement uses the accrual basis of accounting, which is similar to the accounting used by private-sector businesses. All of the revenues and expenses are reported regardless of the timing of when cash is received or paid.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Borough, like other state and local governments, uses fund accounting to ensure and demonstrate fiscal accountability. All of the funds of the Borough can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental funds financial statements focus on the short-term view of the Borough's operations. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for the governmental funds with similar information presented for governmental activities in the government-wide financial statements. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities. The Borough maintains 55 individual governmental funds. Information is presented separately in the Governmental Fund Balance Sheet and Governmental Fund Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, the School Capital Projects Fund, the Infrastructure Capital Project Fund, and the Roads and Bridges Capital Project Fund. The other 51 governmental funds are combined and shown as Nonmajor Governmental Funds on the Governmental Fund Balance Sheet and Governmental Statement of Revenues, Expenditures, and Changes in Fund Balances. Individual fund information

Management's Discussion and Analysis

for the 51 nonmajor funds is presented in the Combining Balance Sheet for Nonmajor Governmental Funds and the Combining Statement of Revenues, Expenditures, and Changes in Fund Balances for Nonmajor Funds, by fund type.

The basic governmental fund financial statements can be found on pages 18-30 of this report. Budgetary comparison statements for the General Fund with annual budgets are provided on pages 70-73 to demonstrate compliance with these budgets. The 35 special revenue funds with annual budgets are provided on pages 79-121.

Proprietary funds

In fiscal year 2005, the Borough created two enterprise funds. Enterprise funds are used to account for activities for which a fee is charged to external users for goods and services. The Borough uses enterprise funds to account for activities relating to operations of the Borough's sanitary landfill and the operations of Port MacKenzie. Individual fund data for each of the enterprise funds is provided on pages 135-140.

The Borough has seven internal service funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Borough's various functions. The Borough uses internal service funds to account for its self insurance program. Because these services predominantly benefit governmental functions, they have been included within governmental activities in the government-wide financial statements. All internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements on pages 141-149.

Proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. The basic proprietary fund financial statements can be found on pages 26-29 of this report.

Fiduciary funds

Fiduciary funds are used to account for assets held by the Borough in a trustee capacity or as an agent for others. Activities from fiduciary funds are not included in the government-wide financial statements because the Borough cannot use these assets for its operations. The accounting for fiduciary funds is much like that used in proprietary funds.

In fiscal year 2009, the Borough created the Prison Agency Fund to account for the construction of the Goose Creek Correctional Center located in the Matanuska-Susitna Borough. The facility is being leased to the State of Alaska pursuant to a triple net Lease Purchase Agreement between the Borough and the State. This agency fund has been closed out as of June 30, 2015.

The basic fiduciary aggregated fund financial statements can be found on page 30 of this report and more detailed supplementary information is provided at pages 151-152.

Management's Discussion and Analysis

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. Included in the notes to the financial statements is the required supplementary information. The notes to the financial statements can be found on pages 31-63 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information in the form of pension contribution disclosures and other supplementary information. The combining statements referred to earlier in connection with nonmajor governmental funds can be found on pages 67-68. Individual governmental funds can be found on pages 135-150 of this report.

Government-Wide Financial Analysis

Net Position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Borough, assets and deferred outflows exceeded liabilities and deferred inflows by \$814,094,743, at June 30, 2015 compared to \$766,755,237, at June 30, 2014, before restatement for change in accounting principle. By far, the largest portion of the Borough's net position (85%) reflects its investment in capital assets (e.g. land, buildings, machinery, etc.) less any related debt used to acquire those assets that are still outstanding. The Borough uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Borough's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

| Total Net Position | \$ 790.7 | \$ 742.8 | \$ 23.4 | \$ | 23.8 | \$ | 814.1 | \$ | 766.6 | |

Changes in Net Position

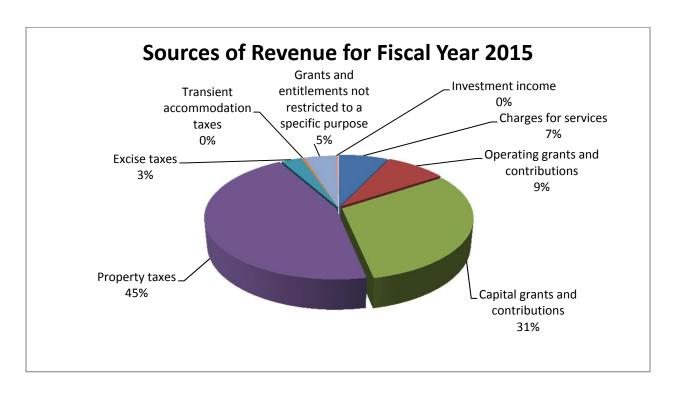

During the current fiscal year, the Borough's total net position increased by \$70.4 million. This compares to an increase of \$72.2 million for the year ended June 30, 2014.

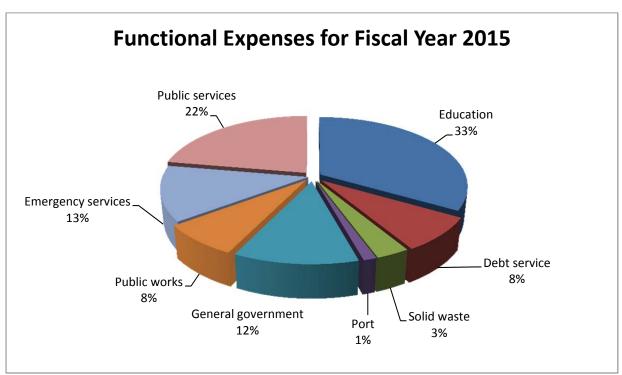

As noted, in 2015 the Borough adopted the provisions of the General Accounting Standards Board (GASB) Statement No. 68 *Accounting and Financial Reporting for Pensions*. This statement changes the reporting of the Borough's proportionate share of the Public Employees' Retirement System's (PERS) Defined Benefit Pension Plan net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense. Implementation of GASB 68 required a restatement of the net position and the recording of a material net pension liability. The defined benefit pension plan is detailed in Note 10, pages 54 to 59, and the restatement of the opening net position is in Note 14, page 62.

Revenues increased overall by \$4.1 million with the majority of this resulting from an increase in capital grants and contributions revenues of \$4.6 million due largely to an increased amount of federal and state funding being provided for Borough capital projects. During fiscal year 2015, approximately 45% of the Borough's total revenues came from property taxes with the remainder being provided primarily by state and federal grants and charges for services provided.

Expenses increased overall by \$17.5 million from the prior year. During fiscal year 2015, approximately 33% of the Borough's total expenses went toward education with the remainder primarily providing emergency services, public services, and general government services.

Management's Discussion and Analysis

Governmental activities

Revenues for the Borough's governmental activities increased by \$.9 million from the prior year while expenses for governmental activities increased by \$17.5 million. Key elements to the increase in revenues and increase in expenses include the following:

- Capital and operating grants and contributions revenues increased by a total of \$2.9
 million due largely to an increased amount of federal and state funding being provided for
 Borough capital projects.
- As a result of a growing population within the Borough, expenditures for education, public works, public services, and emergency services increased by a total of \$14.3 million from the prior fiscal year.

Business-type activities

Revenues for the Borough's business-type activities increased by \$3.2 million from the prior year while expenses for business-type activities also increased by \$.1 million. The primary reason for the increase in revenues is that revenues from capital grants and contributions increased by \$1.7 million, and charges for services increased by \$1.3 million.

Financial Analysis of the Borough's Funds

As noted earlier, the Borough uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental funds

The focus of the Borough's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Borough's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year, the Borough's governmental funds reported combined ending fund balances of \$255,116,219, a decrease of \$14,251,533 in comparison with the prior year. A portion of this amount is categorized as nonspendable to indicate it is inherently nonspendable because it has already been dedicated to liquidate prepaid expenses \$1,743,177 or is already in the form of inventory \$436,922.

A portion of the combined ending fund balance is categorized as restricted to indicate that there is an externally enforceable limitation on its use. Specifically, funds in the amount of \$2,159,286 are restricted due to lender imposed debt reserves for debt service and unused bond proceeds in the amounts of \$94,639,140 and \$13,334,376 are restricted for school construction projects and transportation system projects, respectively, as approved by the Borough voters.

A total of \$39,263,276 of the combined ending fund balance is categorized as committed to indicate that there are self-imposed limitations for the funds set in place prior to the end of the current period. \$25,000,000 is shown as committed in accordance with the Borough's minimum fund balance/stabilization policy. The remaining \$14,263,276 of the committed fund balance is shown as committed for the Land Management Permanent Fund, school site acquisition, and various other limitations that have been imposed by the Matanuska-Susitna Borough Assembly through formal action.

Management's Discussion and Analysis

Of the combined ending fund balance, \$82,686,481 is categorized as assigned to indicate that there is a limitation on the funds resulting from intended use. Specifically, these funds are assigned for subsequent year's expenditures and appropriations, or for land management, service areas, debt service, or capital project purposes. The remainder of fund balance, in the amount of \$14,297,090 is unassigned.

The General Fund is the chief operating fund of the Borough. At the end of the current fiscal year, total fund balance was \$59,301,187, nonspendable fund balance was \$1,358,788, committed fund balance was \$31,536,947, assigned fund balance was \$11,907,107, and unassigned fund balance was \$14,498,345. Total fund balance decreased by \$467,251 from the prior year. The key factors include:

- An increase of \$561,281 in non-spendable funds from the prior year.
- An increase of \$243,872 in funds committed from the prior year, of which the fund balance stabilization increased by \$56,547.
- A decrease of \$1,476,154 in funds assigned to subsequent year appropriations and subsequent year expenditures from the prior year.
- A decrease of \$203,750 in unassigned funds from the prior year.

The other major governmental funds in the current fiscal year were the School Capital Projects Funds, the Roads and Bridges Capital Project Funds, and the Infrastructure Capital Projects Fund.

At the end of the current fiscal year, ending total fund balance in the School Capital Projects Fund was \$105,863,178, with unused bond proceeds in the amount of \$94,639,140 being restricted for school construction projects as approved by the Borough voters. The remainder of fund balance is assigned for school building capital projects in the amount of \$10,860,720, and nonspendable for prepaid items in the amount of \$363,318. Total fund balance decreased by \$1,935,952 from the prior year. The key factor in the decrease in fund balance was that there was a great deal of capital outlay expenditures as the construction of several school buildings continues.

At the end of the current fiscal year, ending total fund balance in the Roads and Bridges Capital Project Fund was \$15,613,102, with unused bond proceeds of \$13,334,376 being restricted for transportation projects. Of the remaining fund balance, \$2,266,115 is assigned for capital projects, and \$12,611 is nonspendable for prepaid items. Total fund balance decreased by \$6,721,700 from the prior year. The key factor in the decrease in fund balance was the decrease in the bond proceeds from the prior year.

At the end of the current fiscal year, ending total fund balance in the Infrastructure Capital Projects Fund was \$333,280 with the entire fund balance being assigned for infrastructure capital projects. Total fund balance decreased by \$248,369 from the prior year. The key factor in the decrease in fund balance was a great deal of capital outlay expenditures for various projects.

Proprietary funds

The Borough's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net positions of the solid waste and port enterprise funds were a deficit of (\$2,777,972) and a deficit of (\$7,399,860), respectively. The unrestricted net position of the internal service funds at the end of the year were \$18,403,941.

Management's Discussion and Analysis

The two major proprietary funds in the current fiscal year were the Solid Waste Enterprise Fund and the Port Enterprise Fund.

At the end of the current fiscal year, ending total net position of the Solid Waste Enterprise Fund was \$4,459,042, with \$7,237,014 invested in capital assets, net of related debt, and an unrestricted net position deficit of (\$2,777,972). The total net position decreased by \$5,337,245 from the prior year.

At the end of the current fiscal year, the ending total net position of the Port Enterprise Fund was \$18,965,964, with \$26,365,824 invested in capital assets, net of related debt, and an unrestricted net position deficit of (\$7,399,860). The total net position decreased by (\$1,162,356) from the prior year.

General Fund Budgetary Highlights

At year end, there was a net decrease from the total original budget and the total final amended budget in the amount of \$345,930.

There was a total difference between the final amended budget and actual results in the amount of \$12,660,720. Key factors include:

- An increase of \$7,463,988 in PERS Relief from the State of Alaska from the budgeted amount.
- An increase of \$3,399,727 from Federal sources for payment in lieu of taxes from the budgeted amount.

Capital Assets and Debt Administration

Capital Assets

The Borough's investment in capital assets for its governmental and business-type activities as of June 30, 2015 amounts to \$968,212,764 (net of accumulated depreciation), which is an increase of \$121,816,726 from the prior year. This investment in capital assets includes land, buildings, improvements other than buildings, equipment, construction in progress, infrastructure, and landfill cells.

Major additions to capital assets during the current fiscal year included the following:

- Continuation of school construction projects. Primary increases to construction in process were the new Knik Area Middle/High School and the addition to Mat-Su Career and Tech High School.
- Continuing construction of the Talkeetna Community Center and Library increasing the construction in progress for governmental activities.
- Continuation of the construction of the South Central Rail Corridor and the Bogard/Seldon Road Extensions increasing the construction in progress for governmental activities.
- Completion of the Alaska Middle College and Cottonwood Creek Site Circulation and Parking Safety Improvements decreasing the construction in progress for governmental activities and increasing buildings and improvements for governmental activities.
- Completion of improvements to the Point Mac Road and bridge replacements decreasing construction in progress for governmental activities and increasing infrastructure for governmental activities.

Additional information on the Borough's capital assets can be found in on pages 43-45 of this report.

Long-term Debt

At the end of the current fiscal year, the Borough had total debt outstanding of \$436,708,805. Of this amount, \$341,170,000 was bonded and backed by the full faith and credit of the Borough. The Certificates of Participation had an outstanding balance of \$12,195,000. The remaining debt consists of ADEC loans, landfill closure costs, accrued leave, insurance claims incurred but not reported, and the newly reported net pension liability.

Management's Discussion and Analysis

Economic Factors and the Next Year's Budget and Rates

In setting the budgets for fiscal year 2015, the Borough considered a number of issues with Borough-wide impact, among them:

- A sufficient level of funding necessary to meet the needs of Borough residents, visitors and communities.
- A continued reduction in the historical variance between budget and actual revenues and expenditures.
- Maintenance of the Borough's financial condition including compliance with the Borough's fund balance policy.
- The highest level of local educational funding that Borough residents can reasonably afford and sustain and as allowed by state law.
- A high quality capital and operational maintenance program that ensures the continued use and economic value of Borough assets.

All of these factors were considered in preparing the Borough's budget for fiscal year 2016. As a result, the fiscal year 2016 budget includes an increase of .322 mills in the General Fund tax rate from the current rate of 9.662 mills to an approved rate of 9.984 mills. The Nonareawide mill rate decreased by .003 mills in the fiscal year 2015 budget, going from the current rate of .520 mills to an approved rate of .517 mills.

Requests for Information

This financial report is designed to provide a general overview of the Borough's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or request for additional financial information should be addressed to the Director of Finance, Matanuska-Susitna Borough, 350 East Dahlia Avenue, Palmer, Alaska 99645-6488.

Reconciliation of Governmental Funds Balance Sheet to Statement of Net Position June 30, 2015

| 34.10 35, 25.15 | | |
|---|---------------|-------------------|
| Total fund balances for governmental funds | | \$ 255,116,219 |
| Total net position reported for governmental activities in the | | |
| Statement of Net Position is different because: | | |
| Capital assets used in governmental activities are not financial resources | | |
| and therefore are not reported in the funds. These assets, net of | | |
| accumulated depreciation consist of: | | |
| Land and land improvements | \$ 19,383,478 | |
| Rights of Way | 76,126,674 | |
| Construction in progress | 320,954,066 | |
| Buildings | 583,849,588 | |
| Improvements other than buildings | 32,166,720 | |
| Equipment | 46,379,207 | |
| Infrastructure | 168,850,204 | |
| Accumulated depreciation | (322,847,416) | |
| Total capital assets | | 924,862,52 |
| Other long-term assets are not available to pay for current period expenditures | | |
| and therefore are deferred in the funds. These assets consist of: | | |
| Property taxes receivable | 10,371,402 | |
| Special assessments receivable | 5,755 | |
| Ambulance receivables | 2,169,970 | |
| Land sales contracts receivable | 306,667 | |
| Total long-term assets | | 12,853,79 |
| Deferred outflows represent costs incurred at the fund level, but future costs | | |
| in the Statement of Net Position | | |
| Deferred charge on refunding | 3,181,528 | |
| Deferred pension costs | 2,253,477 | |
| Total deferred outflows | | 5,435,00 |
| Internal service funds are used by the Borough to charge the cost of | | |
| certain activities, such as insurance, to individual funds. The assets | | |
| and liabilities of the internal service funds are included in the | | |
| governmental activities in the Statement of Net Position. | | 18,403,94 |
| Certain deferred inflows represent resources or benefits received at the fund level | | |
| but future resources in the Statement of Net Position. This is the amount of | | |
| deferred inflows related to pensions. | | (2,482,26 |
| Long-term liabilities, including bonds payable, accrued leave, and net pension | | |
| liability are not due and payable in the current period and therefore are not reported as fund liabilities. These liabilities consist of: | | |
| Bonds and certificates of participation | (348,115,000) | |
| Unamortized bond premium | (33,411,389) | |
| FTA liability | (12,319,299) | |
| Accrued interest payable | (5,705,757) | |
| Accrued leave | (2,482,871) | |
| Net pension liability | (21,485,159) | |
| Total long term liabilities | - | (423,519,47 |
| Total Net Position of Governmental Activities | _ | \$ 790,669,73 |

Reconciliation of Change in Fund Balances of Governmental Funds to Statement of Activities Year Ended June 30, 2015

| Net change in fund balances - total governmental funds | | \$ (14,251,533) |
|---|-----------------|--------------------|
| The change in net position reported for governmental activities in the | | |
| Statement of Activities is different because: | | |
| Governmental funds report capital outlays as expenditures. However on the | | |
| Statement of Activities, depreciation expense is recognized to allocate the | | |
| cost of these items over their estimated useful lives. This is the amount by | | |
| which capital outlays (\$142,558,148) exceeded depreciation (\$16,496,430) | | |
| and loss on disposal (\$896). | | 126,061,718 |
| Revenues in the Statement of Activities that do not provide current financial | | |
| resources are not reported as revenues in the funds. | | |
| Decrease in delinquent property taxes | \$ (598,319) | |
| Increase in delinquent ambulance revenue | 1,453,938 | |
| Decrease in special assessments | (40) | |
| Increase in deferred land sales receivable | 71,653 | |
| | | 927,232 |
| The issuance of long-term debt (e.g., bonds, leases) provides current financial | | |
| resources to governmental funds, while the repayment of the principal of long-term | | |
| debt consumes the current financial resources of governmental funds. Neither | | |
| transaction, however, has any effect on net position. Also, governmental funds | | |
| report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of | | |
| Activities. This amount is the net effect of these differences in the treatment of | | |
| long-term debt and related items: | | |
| Increase in deferred loss on bonds | 1,325,226 | |
| Net increase in unamortized bond premium | (10,559,949) | |
| Issuance of long-term debt | (94,105,000) | |
| Payments on debt principal | 58,895,000 | |
| ., | | (44,444,723) |
| Some expenses reported in the Statement of Activities do not | | , , , |
| require the use of current financial resources and, therefore, are | | |
| not reported as expenditures in governmental funds. | | |
| Increase in accrued leave | (344,039) | |
| Increase in accrued interest payable | (1,157,106) | |
| Net decrease in net pension liability and related deferred accounts | 341,452 | |
| | | (1,159,693) |
| Internal service funds are used by management to charge the costs | | |
| of insurance to individual funds. Net income of these | | 2 (02 472 |
| activities is reported with governmental activities. | | 2,688,472 |
| Change in Net Position of Governmental Activities | | \$ 69,821,473 |

Notes to Basic Financial Statements June 30, 2015

1. Summary of Significant Accounting Policies

The Matanuska-Susitna Borough (Borough) was incorporated January 1, 1964, under the provisions of Alaska Statutes, Title 29, as amended, as a second-class borough. The Borough operates under an assembly/manager form of government and provides the following services: general administrative, education, planning and zoning, animal care and regulation and, as approved by the citizens, road services, fire services, library, sanitary landfill and flood control.

The accounting policies of the Borough conform to accounting principles generally accepted in the United States of America. The following is a summary of the more significant policies.

Reporting Entity

The financial statements of the reporting entity include those of the Borough (primary government) and its discretely presented component unit, the Matanuska-Susitna Borough School District (School District). The School District is responsible for elementary and secondary education within the Borough. The members of the School Board are elected by the voters; however, the Borough is financially accountable for the School District. The School District is required by Borough Code to submit an annual budget to the Matanuska-Susitna Borough Assembly (Assembly) for approval and is prohibited from incurring expenditures or obligations in excess of the maximum amount approved by the Assembly. The School District is fiscally dependent upon the Borough because the Assembly approves the total annual School District budget, levies the necessary taxes to pay the required local contribution, and approves the issuance of any bonded debt, and is ultimately responsible for payment of such bonded debt. The financial data of the School District is included in the Borough's financial statements and is accounted for as a discretely presented component unit.

The School District is reported in a separate column of the government-wide financial statements to emphasize that it is legally separate from the Borough. Copies of the School District's independent financial statements may be requested from the School District at 501 North Gulkana, Palmer, Alaska, 99645.

No other entities exist in which the Borough has accountability for fiscal matters, scope of public services or special financing relationships.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information about the Borough and its component unit. These statements include the financial activities of the overall government, except for fiduciary activities. As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are allocated administration fees and charges between the enterprise funds and the various other funds and departments. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely primarily on fees and charges to external parties.

Notes to the Financial Statements June 30, 2015

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) fees, fines and charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements. Under accounting principles generally accepted in the United States of America, internal service funds are never considered major funds.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the proprietary funds are charges to customers for sales and services and to other Borough departments for services provided. Operating expenses for the proprietary funds include the costs of service, administrative expenses and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental fund financial statements are reported using the current financial resources measurement focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Borough considers revenues to be available if they are collected within 60 days after year end. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to accrued leave are recorded only to the extent they have matured.

Property and other taxes, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue in the current period. All other revenue items are considered to be measurable and available only when received by the government.

The Fiduciary Fund Type is accounted for on a basis consistent with the fund's accounting measurement objective. Agency Fund assets and liabilities are accounted for on the accrual basis of accounting.

Notes to the Financial Statements June 30, 2015

The Borough reports the following major funds:

Major Governmental Funds

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be reported in another fund.

The *School Projects Capital Project Fund* accounts for activities relating to the construction, renovation, and renewal of school facilities throughout the Borough.

The *Infrastructure Capital Project Fund* accounts for activities relating to the construction, renovation, and repair of large infrastructure projects.

The *Roads and Bridges Capital Project Fund* accounts for activities relating to the construction, renovation and repair of roads and bridges.

Major Proprietary Funds

The *Port Enterprise Fund* accounts for activities relating to operations of the port.

The *Solid Waste Enterprise Fund* accounts for activities relating to operations of the Borough's sanitary landfill.

In addition, the Borough reports the following fund types:

Governmental Fund Types

Special Revenue Fund - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes.

Debt Service Fund - The Debt Service Funds are used to account for the accumulation of resources for and the payment of general long-term obligation principal, interest and related costs.

Capital Project Fund - Capital Project Funds are used to account for financing resources to be used for acquisition or construction of major capital facilities.

Proprietary Fund Type

Internal Service Funds - The Borough reports on seven Internal Service Funds. Three of the funds make low interest loans to other funds of the Borough and the other four account for self-insurance activities involving health, unemployment, workers' compensation, and property and casualty insurance.

Notes to the Financial Statements June 30, 2015

Fiduciary Fund Type

Agency Funds - The Borough reports on three Agency Funds. The Property Tax Agency Fund accounts for property taxes collected on behalf of other cities within the Borough. The Road and Gas Line Agency Fund accounts for monies collected from property owners by the Borough for construction of a natural gas pipeline distribution system and for the paving of roads. The Prison Agency Fund accounts for the construction of the Goose Creek Correctional Center located in the Matanuska-Susitna Borough. The facility is being leased to the State of Alaska pursuant to a triple net lease Purchase Agreement between the Borough and the State. This fund is closed as of June 30, 2015.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Budgets and Budgetary Accounting

The Borough follows these procedures in establishing the budgetary data reflected in the basic financial statements:

- a. Prior to or on the third Tuesday of April, the Borough Manager submits to the Assembly a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them.
- b. Public hearings are conducted to obtain taxpayer comments.
- c. Prior to June 1, the budget is legally enacted through passage of an ordinance by the Borough Assembly.
- d. The Borough Manager is authorized to transfer budgeted amounts within a department within any fund; however, any revisions that alter the total budget of any department of any fund or the total expenditures of any fund must be approved by the Assembly. Expenditures may not legally exceed appropriations at the department level. Appropriations lapse at year-end for all funds except capital project funds.
- e. Formal budgetary integration is employed as a management control device during the year for the General Fund and Special Revenue Funds. Formal budgetary integration is not employed for the Debt Service Funds because effective budgetary control is alternatively achieved through general obligation bond indenture provisions. The General Fund and Special Revenue Funds have legally adopted annual budgets.
- f. Budgets for the General Fund and Special Revenue Funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. Budgeted amounts are as originally adopted, or as amended, by the Assembly.

Statement of Cash Flows

For purposes of the statement of cash flows, the Borough has defined cash as demand deposits and all investments maintained in the cash management pool, regardless of maturity period, since various funds use the cash management pool essentially as a demand deposit account.

Notes to the Financial Statements June 30, 2015

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure, are reported in the government-wide and enterprise fund financial statements. Capital assets are defined by the Borough as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. In the case of the initial capitalization of infrastructure assets, the Borough chose to include all such items, regardless of their acquisition date.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the useful life of the asset are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the Borough are depreciated using the straight line method over the following estimated useful lives:

| | Years |
|-----------------------------------|-------|
| | |
| Buildings and improvements | 30-40 |
| Improvements other then buildings | 30-40 |
| Equipment | 5 |
| Landfill Cells | 10 |
| Infrastructure | 20-30 |

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. These items are expensed during the period benefitted by the prepayment (consumption method).

Inventories

Inventories consist mostly of fuel and medical supplies. Inventories are stated at cost (first-in, first-out) and recorded as expenditures or expenses when used (consumption method).

Deferred Outflows of Resources

Deferred outflows consist of deferred charges (deferred losses) on debt refundings and pension related items. These items are amortized resulting in additional expense in future periods.

Unearned Revenue

Amounts received from grantor agencies which are restricted as to use and have not been expended for the intended use are shown as unearned revenue.

Accrued Leave

The liability reported for accrued leave time reported in the government-wide and proprietary statements consists of unpaid, vested annual leave. A liability for accrued leave is reported in the governmental funds only if it has "matured" such as upon employee resignation or retirement.

Notes to the Financial Statements June 30, 2015

Long-Term Debt

In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method.

Deferred Inflows of Resources

Deferred inflows, in the government-wide financial statements, are comprised of revenues received in advance of the year in which they were budgeted and pension related items. Specifically, this includes taxes received in advance of the levy. Pension items are amortized resulting in reduction of expense at a later date. In the governmental fund financial statements, deferred inflows also include those items that are measurable, but not yet available for revenue recognition under the modified accrual basis of accounting rules.

Fund Balances

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form—prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of the fund balances comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

Restricted fund balance. This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance. These amounts can only be used for specific purposes pursuant to constraints imposed by official action, through ordinance, of the Borough's Assembly. Those committed amounts cannot be used for any other purpose unless the Borough Assembly removes the constraint through a subsequent formal modification or rescinding action.

Assigned fund balance. This classification reflects the amounts constrained by the Borough's "intent" to be used for specific purposes, but are neither restricted nor committed. The Borough Assembly has delegated authority to the Manager to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

Unassigned fund balance. This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the Borough's policy to use externally restricted resources first, then unrestricted resources—committed, assigned, and unassigned—in order as needed.

Notes to the Financial Statements June 30, 2015

Encumbrances

The Borough practices encumbrance accounting, under which purchase orders, contracts and other commitments for expenditures are recorded in order to reserve that portion of the applicable appropriation. All appropriations lapse at year end, except those in capital project funds. Any encumbrances outstanding at year end in the capital project funds are reported as appropriate constraints of fund balances if they meet the definitions and criteria as outlined above.

Risk Management

The Borough faces a considerable number of risks of loss, including (a) damage to and loss of property and contents, (b) employee torts, (c) professional liability, (d) environmental damage, (e) worker's compensation and (f) medical costs of employees. Commercial policies, transferring risk of loss, except for relatively small deductible amounts, are purchased for property, general liability, errors and omissions, worker's compensation (as required by statute), and professional liability.

Claims on insurance have not exceeded coverage in any of the last several years and there has been no significant reduction in insurance coverage from prior years.

Self-Insurance Coverage

The Borough and the School District jointly participate in self-insurance for unemployment claims and for property and casualty coverage. Unemployment insurance is paid on a reimbursement basis directly to the State of Alaska when individual claims are filed. Property and casualty claims within the retention are paid on a reimbursement basis. An estimate for claims incurred but not reported is accrued at year end. There is a \$250,000 self-insured retention per occurrence for casualty claims. Commercial policies are purchased to cover claims exceeding these amounts.

The Borough (excluding the School District) provides health insurance on a self-insured basis up to \$100,000 each occurrence or \$1 million in aggregate for all medical claims during the year. Coverage in excess of these amounts is insured by a private carrier. The Borough contracts with a third party administrator for health claims servicing. The Borough charges each department and employee a premium based on the actual claims paid by the Borough. The Borough accrues a liability for claims incurred but not reported at year end.

A schedule of the changes in the claims liability for the years ended June 30, 2014 and June 30, 2015 follows:

| | Unemployment Insurance | Health Insurance | Property and and Casualty Insurance | Workers' Comp Insurance Tota |
|-------------------------------|---------------------------|--------------------------|---|---|
| Balance at June 30, 2013 | \$ 36,771 | \$ 1,239,489 | \$ 225,000 | \$ 602,475 \$ 2,103,735 |
| Claims expense Claims paid | 94,645 (115,919) | 4,626,788 (4,625,061) | 372,000 (72,000) | 150,301 5,243,734 (603,651) (5,416,63 |
| Balance at June 30, 2014 | 15,497 | 1,241,216 | 525,000 | 149,125 1,930,838 |
| Claims expense Claims paid | 105,083 (99,498) | 5,357,983 (5,375,172) | - - | 475,826 5,938,892 (291,750) (5,766,420 |
| Balance at June 30, 2015 | \$ 21,082 | \$ 1,224,027 | \$ 525,000 | \$ 333,201 \$ 2,103,310 |

Notes to the Financial Statements June 30, 2015

Management estimates that all of this liability is due within one year. The Unemployment Insurance liability is payable quarterly, upon receipt of billing from the State of Alaska. This liability, in the amount of \$21,082, is included in the financial statements as accounts payable. All other funds' liabilities are reported on the statement of net position as insurance claims incurred but not reported. This liability, in the amount of \$2,082,228 is included with the governmental activities noncurrent liabilities.

Deferred Compensation

The Borough offers its employees a deferred compensation plan created in accordance with Internal Revenue Code (IRC) Section 457. The plan, available to all permanent Borough employees, permits them to defer a portion of their current salary until future years. The Borough has determined that a fiduciary relationship does not exist between it and the IRC Section 457 deferred compensation plan and therefore the deferred compensation plan is not reported in the Borough's financial statements.

Retirement Plan

All full-time employees and certain permanent part-time employees of the Borough participate in the State of Alaska Public Employees' Retirement System (PERS). For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Public Employees' Retirement System (PERS) and additions to/from PERS's fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

2. Cash and Investments

Except for certain restricted items, the Borough accounts for its cash and investments in a central treasury. The School District also participates in the central treasury for its operating cash and investments. Negative cash amounts have been reclassified to "due to other funds." Borough cash deposits are comprised of demand accounts, primarily checking, savings, and cash management accounts.

Investments

Investments are allowed as follows: Obligations of, or obligations guaranteed by the United States or any agency or instrumentality of the United States; Obligations of government-sponsored agencies, including mortgage securities; Repurchase agreements; Certificates of deposit and other deposits at banks and credit unions (subject to insurance and collateralization provisions); Money market mutual funds; Taxable general obligation bonds of municipalities, boroughs or states with ratings of AA or higher; the Alaska Municipal League Investment Pool (AMLIP); and various other instruments.

Notes to the Financial Statements June 30, 2015

Reconciliation of Deposit and Investment Balances

The following is a reconciliation of the Borough's deposit and investment balances to the financial statements as of June 30, 2015.

| | Pooled Cash And Investments | | | Other | Totals |
|----------------------------|--------------------------------|---------------------------|----|-----------|------------------------------|
| Bank deposits Investments | \$ | 12,957,516 285,241,768 | \$ | 2,064,596 | \$ 15,022,112 285,241,768 |
| Total Cash and Investments | \$ | 298,199,284 | \$ | 2,064,596 | \$ 300,263,880 |

Reconciliation to the basic financial statements:

| | Borough Accounts | School Accounts | Totals |
|---|---|--------------------------------|--|
| Primary government cash and investments Restricted cash Agency funds School District | \$ 150,685,944 118,932,345 7,907 28,573,088 | \$ - - - 2,064,596 | \$ 150,685,944 118,932,345 7,907 30,637,684 |
| Total Cash and Investments | \$ 298,199,284 | \$ 2,064,596 | \$ 300,263,880 |

Interest Rate Risk

To limit exposure to declines in fair values of investments, Borough policy requires that investments be limited to "shorter-term" securities, money market mutual funds, or the AMLIP. Policy generally requires maturity dates of five years or less, although under certain conditions, the Borough may invest its securities with maturity dates exceeding five years.

Investment maturities in general investments at June 30, 2015 are as follows:

| | Investment Maturity (in years) | | | | |
|--|---|---|-------------------------|----------------|--|
| | Fair Value | Less than 1 | 1-5 | More than 5 | |
| Investment Type U.S. government agencies Money market funds Pooled investments (AMLIP) | \$ 63,585,819 6,690,232 214,965,717 | \$ 31,897,015 6,690,232 214,965,717 | \$ 31,688,804 - - | \$ - - - | |
| Total Investments | \$ 285,241,768 | \$253,552,964 | \$ 31,688,804 | \$ - | |

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. All of the U.S. government agency investments are rated AAA by Standard and Poor's. In addition, all of the Money market funds are rated AAAm by Standard and Poor's. To minimize credit risk, the Borough's investments are limited to those discussed above, under "Investments."

Notes to the Financial Statements June 30, 2015

The Alaska Municipal League Investment Pool (AMLIP) is an external investment pool which is rated AAAm for credit risk purposes. Alaska Statute 37.23 establishes regulatory oversight of the Pool. The law sets forth numerous requirements regarding authorized investments and reporting. The share value of investments in the AMLIP is approximately equal to fair value.

Custodial credit risk

Custodial credit risk for deposits is the risk that, in the event of a bank failure, the government's deposits may not be returned to it. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. To limit its exposure to custodial credit risk, Borough policy requires that all deposits and investments be fully insured or collateralized.

3. Fund Balances

The Borough applies the provisions of GASB Statement Number 54, Fund Balance Reporting and Governmental Fund Type Definitions.

The Borough has established, through Code Ordinance, a minimum fund balance/stabilization policy. MSB 3.04.095(A), as amended, sets out a minimum fund balance in the amount of 22.2% of all annual budgeted operating expenditures of the Borough, exclusive of the School District, or \$25 million, whichever is less. This minimum fund balance is established for the purpose of maintaining the Borough's credit worthiness, providing liquidity and protecting essential Borough programs and requirements during periods of economic downturn or catastrophic loss. The fund balance policy was originally established in 2003 and since that time, there have been no qualifying events for use of these funds.

4. Property Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on July 1 unless deferred by Assembly action and are payable in two installments in August and February. The Borough bills and collects its own property taxes and also the property taxes for the cities of Palmer, Wasilla, and Houston. Collection of the taxes and remittance of them to the cities are accounted for in the Property Tax Agency Fund. Property tax revenues are recognized when they become susceptible to accrual; that is, when they become both measurable and available (collected within sixty days after year-end) to finance expenditures of the fiscal period.

5. Interfund Balances and Activities

Balances due to/from other funds at June 30, 2015, consisted of the following:

| Due to the General Fund from: | |
|--|---------------|
| Port Enterprise Fund for advances for operating and capital costs | \$ 7,654,566 |
| Solid Waste Enterprise Fund for advances for capital costs | 641,194 |
| Roads and Bridges Capital Project Fund for capital advance | 6,897,866 |
| Nonmajor governmental funds for advances for operating and capital costs | 2,644,149 |
| | |
| Total Due To General Fund | \$ 17,837,775 |

Notes to the Financial Statements June 30, 2015

In 2007, the Borough entered into a loan agreement with the Alaska Department of Environmental Conservation for the purpose of constructing a salted sand storage building. Ordinance 06-065 authorized the Borough to enter into the loan which will be paid back by various road service areas. For administrative purposes, the loan was recorded in its entirety in the Road Service Area Revolving Loan Fund with associated interfund loans receivable from the applicable Road Service Area Funds. Loan payments are due in twenty annual installments of \$13,338 to \$16,926, plus interest at 1.5% through August 8, 2027. Repayment terms to the Revolving Loan Fund will mirror those between ADEC and the Borough.

Under a similar arrangement in 2010, the Borough entered into a loan agreement with the Alaska Department of Environmental Conservation for Talkeetna Community Water Upgrades. Ordinances 09-166 and 10-012 authorized the Borough to enter into the loan which will be paid back by the Talkeetna Water and Sewer Special Revenue Fund. For administrative purposes, the loan was recorded in its entirety in the Service Area Operating Revolving Loan Fund with the associated interfund loan receivable from Talkeetna Water and Sewer Special Revenue Fund. Loan payments are due in twenty annual installments of \$4,541 to \$6,025, plus interest at 1.5% through March 1, 2032. Repayment terms to the Revolving Loan Fund will mirror those between ADEC and the Borough.

Amounts distributed at June 30, 2015 were as follows:

| Road Service Area 9 - Midway Road | \$ 27,270 |
|---|--------------|
| Road Service Area 14 - Fairview Road | 16,023 |
| Road Service Area 16 - South Colony | 58,792 |
| Road Service Area 19 - Lazy Mountain | 323 |
| Road Service Area 23 - North Colony | 7,256 |
| Road Service Area 25 - Bogard Road | 54,499 |
| Road Service Area 26 - Greater Butte Road | 3,063 |
| Road Service Area 28 - Gold Trail Road | 32,853 |
| Road Service Area 31 - Alpine Road | 1,470 |
| | |
| Total loans payable from Road Service Areas for ADEC Loan | 201,549 |
| | |
| Loan payable from Talkeetna Water and Sewer for ADEC loan | \$ 91,172 |
| | |

Notes to the Financial Statements June 30, 2015

Other advances to/from other funds, representing long-term loans at June 30, 2015 with established payment terms, consisted of amounts payable to the Revolving Loan Internal Service Funds from the following special revenue funds:

| Loans payable with established payment terms: \$180,000 Service Area 131 - Circle View revolving loan, due in annual installments of \$6,000, plus interest approved by the Assembly through 2035 | \$ 120,000 |
|---|---|
| \$30,000 Service Area 36 - Talkeetna Water and Sewer revolving loan, due in annual installments of \$6,000, plus interest as approved by the Assembly, through 2016 | 6,000 |
| \$200,000 Willow Fire Service Area 35 - Capital equipment revolving loan, due in annual installments of \$40,000, plus interest as approved by Assembly, through 2021 | 200,000 |
| Total loans payable to other funds with established payment terms | 326,000 |
| Total Loans Payable To Revolving Loan Internal Service Funds | \$ 618,722 |
| Transfers to/from other funds for the year ended June 30, 2015 are detailed b generally authorized for 1) operating subsidy, 2) capital acquisitions and/or green service, or return of capital. | |
| From the General Fund to: School Buildings Debt Service Fund Roads and Bridges Capital Project Fund School Projects Capital Project Fund Infrastructure Capital Project Fund Port Enterprise Fund Nonmajor governmental funds | \$ 29,800,000 1,075,000 500,000 425,000 3,223,322 7,498,709 |
| Total transfers out of General Fund | 42,522,031 |
| From Infrastructure Capital Project Fund to General Fund | 125 |
| From nonmajor governmental funds to: General Fund Other nonmajor governmental funds | 1,559,696 11,012,895 |
| Total transfers out of nonmajor governmental funds | 12,572,591 |
| From Port Enterprise Fund to General Fund | 1,868,949 |
| From internal service funds to General Fund | 353 |
| Total Transfers | \$ 56,964,049 |

Notes to the Financial Statements June 30, 2015

7. Other Asset - Ferry Vessel

M/V Susitna Ferry

In September 2012, the Borough took title to the M/V Susitna, a 195 foot, ice-breaking passenger and vehicle Ferry that was funded over a period of several years in connection with the Port Mackenzie expansion project. This project included the construction of certain building and port infrastructure, rail line extension and connectivity, as well as the Ferry, itself. The original plan anticipated Ferry service across Knik Arm, connecting the Borough to the Municipality of Anchorage. The Ferry was constructed by the Department of Defense and was paid for through Department of Defense and Federal Transit Administration funding, along with some matching Borough funds. The Borough was unsuccessful at securing a ferry landing site on the Anchorage side of Knik Arm. Without this critical element of the project, the Ferry cannot be operated under its intended purpose.

The vessel had an approximate construction cost of \$74 million according to Department of Defense, with storage and maintenance cost currently at approximately \$25,000 per month. Given the ongoing storage and maintenance cost, coupled with no landing site to put the Ferry into use, the Borough began trying to sell the Vessel.

In December 2014, the Borough entered into a tentative sales agreement with a purchase price of \$4.5 million. As a result of that agreement, the carrying value of the vessel was written down from the Borough's cost of \$7.098 million to the tentative sale price. However, that sale did not go through resulting in the Borough seeking another buyer. In September 2015, the Borough entered into a sales agreement with the Philippines Red Cross. This sale, conditioned on the Borough completing various repairs to the vessel, as well as final regulatory approval, is for a purchase price of \$1.75 million. In December 2015, the Borough received a down payment in the amount of \$250,000 from the Philippines Red Cross. These funds will be used to help pay for the required

Notes to the Financial Statements June 30, 2015

repairs. The sale is expected to be finalized some time during calendar year 2016. At June 30, 2015, because the agreed-upon sales price is lower than the recorded value, the Borough has recognized an additional loss of \$2.75 million on the asset carrying value (a market value adjustment). Repairs have been estimated at approximately \$1.1 million; however it is believed the majority of these costs will be covered by insurance, except for the \$250,000 deductible. The borough has also recognized an additional impairment loss for the \$250,000 deductible, bringing the total FY15 write down to \$3 million.

Because the Ferry was paid in part by federal funds, if it is not placed in service for passenger traffic, is sold, or is otherwise disposed, the Borough may be required to pay back some portion or all of those costs funded by the Federal Transit Administration (FTA). As noted above, the Borough took title to the Ferry during the fiscal year 2013. At that time, it was recorded at the Borough's share of the historical cost of \$7,098,884, which includes Federal Transit Administration Funding, along with matching Borough funds.

In August of 2014, the Borough received notice that the FTA wants the Borough to repay \$12,319,299 in connection with both the Ferry itself, as well as the Passenger Terminal Building. The Borough received a temporary postponement of the billing in order to negotiate the amount owed and repayment terms. As of June 30, 2014, the Borough recorded \$12,319,299 million liability as a governmental long-term debt. During 2015, there has been no change in status with respect to the FTA. The Borough continues to carry the liability on the books at \$12.3 million, pending finalization of the Vessel sale, as well as settlement of final payment terms and amount due to the FTA.

8. Long-term Debt

Issuance of New Debt

General Obligation School Bonds

In March, 2015 the Borough issued \$55,195,000 of general obligation school bonds. The 2015 bonds were issued with a premium of \$8,971,980.

General Obligation Transportation System Bonds

In March, 2015 the Borough issued \$1,560,000 of general obligation transportation system bonds. The bonds were issued at a premium of \$57,481.

Refunding Bonds

In February 2015, the Borough issued \$37,350,000 in general obligation school refunding bonds to advance refund \$38,730,000 of outstanding bonds from three separate issues. The new bonds were issued with a premium of \$3,763,985. The proceeds of the new bonds were placed in an irrevocable trust for the purpose of generating resources sufficient to cover all future debt service payments of the refunded debt. As a result, the refunded bonds are considered defeased and the liability has been removed from the Borough's financial statements. This advance refunding was undertaken to reduce total debt service over the life of the debt by \$1,399,615 resulting in an economic gain (difference between the present value of the debt service payments of the refunded and refunding bonds) of \$1,281,297. For accounting purposes, the transaction resulted in a deferred loss of \$2,111,820. This amount will be amortized as additional interest expense over a ten-year period.

Notes to the Financial Statements June 30, 2015

Other Debt Information

ADEC Loan

In 2014, the Borough entered into a loan agreement with the Alaska Department of Environmental Conservation under the Alaska Clean Water Fund Loan Program. The loan will be paid back over twenty years and bears interest at 1.5% with the interest accrual beginning one year following the date of the first draw. The loan is for a maximum of \$3,060,343 and is being used to pay for the Central Landfill Cell 2 Closure. The Borough reported \$138,233 in drawdowns in the current year. Repayment terms will be established upon completion of the project and drawdown of the loan. This loan is recorded in the Solid Waste Enterprise Fund.

FTA Ferry and Terminal Liability

As noted earlier, in 2014 the Borough received notice and demand for repayment of grant funds associated with the M/V Susitna Passenger Ferry and related Terminal Building in the amount of \$12,319,299. Payment terms have not yet been established.

A summary of changes in long-term debt for the year ended June 30, 2015 follows:

| | Balance at July 1, 2014 | Additions | Retirements | Balance at June 30, 2015 | Due Within One Year |

^{*}Not yet in repayment status.

Therefore the entire balance of accrued leave is reported as due within one year. Other long-term liabilities related to governmental activities such as accrued leave are generally liquidated by the General Fund.

At June 30, 2015, long-term debt in repayment status is comprised of the following individual issues:

General Obligation Bonds

School projects bonds:

| \$55,195,000 2015 Series B School bonds, due in annual installments of \$1,495,000 to \$4,225,000, plus interest at 1.5% to 5.0% through November 1, 2034 | \$ | 55,195,000 |
|---|----|---|
| 1, 2034 | Ψ | 33,173,000 |
| \$37,350,000 2015 Series A School refunding bonds, due in annual installments of \$2,435,000 to \$5,915,000, plus interest at 2.0% to 5.0% through February 1, 2026 | | 37,350,000 |
| | | , |
| \$29,400,000 2014 Series A School bonds, due in annual installments of | | |
| \$940,000 to \$2,190,000, plus interest at 2.0% to 5.0% through November 1, 2034 | | 28,580,000 |

^{**} Based on an analysis of the actual compensated absence expenditures/expense during the first quarter of the fiscal year 2016, management estimates all accrued leave will be used in FY16.

Notes to the Financial Statements June 30, 2015

General Obligation Bonds, continued *Park bonds*

| \$13,290,000 2013 Series A School bonds, due in annual installments of \$470,000 to \$995,000, plus interest at 3.0% to 5.0% through March 1, 2033 | 12,350,000 |

The following summarizes the amounts available for payment of general long-term debt at June 30, 2015:

| | Debt Service Funds |
|---------------------------------|-----------------------|
| School general obligation bonds | \$ 310,890 |
| Transportation bonds | 757,764 |
| Parks and recreation bonds | 32,251 |
| Certificates of participation | 2,505,361 |
| | \$ 3,606,266 |

Notes to the Financial Statements June 30, 2015

Any additional monies needed to service the school general obligation bonds or retire other governmental activity debt are provided by transfers to the Debt Service Funds from the General Fund.

The following bond authorizations remain open and unissued:

| | Unissued |
|--|---|
| October 2008, Transportation Bonds October 2011, School Bonds October 2013, Transportation Bonds | \$ 15,000,000 2,465,000 14,615,000 |
| | \$ 32,080,000 |

There is no legal debt margin for municipalities in the State of Alaska. In 1983, the Borough Assembly adopted an ordinance limiting outstanding general obligation debt to 7% of the Borough's assessed value. At June 30, 2015, the Borough was in compliance.

Landfill Closure and Post Closure Care Cost

State and federal laws and regulations require the Borough to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date the landfill stops accepting waste, the Borough reports a portion of these closure and postclosure care costs as a long-term liability at June 30, 2015, based on landfill capacity used as of that date. In 2015 the Borough conducted a landfill closure review process which resulted in certain changes to the closure cost estimate. The \$4,063,230 reported as landfill closure and postclosure care liability at June 30, 2015 represents the cumulative amount reported to date based on the use of 23.17% of the estimated capacity of the landfill. The Borough will recognize the remaining estimated cost of closure and postclosure care of \$13,474,894 as the remaining capacity is filled. The Borough expects to close the landfill in the year 2070. Actual costs may change due to inflation, deflation, changes in technology, or changes in laws and regulations.

As of June 30, 2015, the Borough is required to provide financial assurances for closure and postclosure care of the landfill in accordance with state and federal regulations. There are a number of allowable mechanisms available. The Borough has decided to use the "Local Government Test" financial assurance mechanism to be in compliance with the April 1997 regulations. Future inflation costs and additional costs that might arise from changes in closure and postclosure requirements (due to changes in technology or more rigorous environmental regulations, for example) may need to be covered by charges to future landfill users, taxpayers or both.

Special Assessment Debt

From time to time, the Borough will issue non-recourse special assessment bonds to finance road or gas line improvements in local improvement districts within the Borough. Repayment of the bonds is through special assessments levied against the property in the local improvement districts that benefit from the project. The bonds are special obligations of the local improvement districts and are payable solely from the assessments. As such, the Borough is not obligated in any manner for the special assessment debt and is acting solely as agent on behalf of the local improvement districts. The balance of special assessment bonds payable at June 30, 2015 follows:

Notes to the Financial Statements June 30, 2015

| Gas line bonds | \$ 942,133 |
|------------------------|--------------|
| Road improvement bonds | 130,769 |
| Total | \$ 1,072,902 |

Advance Refunding of Bonds

Historically, the Borough has issued refunding debt when financially advantageous. The purpose of the refundings is to obtain more favorable interest rates, thereby reducing the overall cost of borrowing. At the time of the transactions, the proceeds from the issuance of the new refunding debt has been placed into an irrevocable trust with an escrow paying agent to provide the future debt service payments on the old debt, until the debt is paid in full, generally at a specified call date. For financial accounting purposes, the refunded debt is considered defeased and therefore, removed from the Borough's financial statements. At June 30 2015, defeased debt outstanding and under payment by the escrow agent is as follows. Both issues bear call dates of February 2017:

| Date of Refunding | Issue Refunded | Amount Refunded | Amount Outstanding |
|---------------------------------|--|-----------------------------|-----------------------------|
| 2015 2015 | 2006 A School Bonds 2006 B School Bonds | \$ 11,915,000 11,195,000 | \$ 11,915,000 11,195,000 |
| Total Defeased Debt Outstanding | | | \$ 23,110,000 |

9. Goose Creek Correctional Facility - Conduit Debt and Lease Agreement

In 2008, the Borough entered into a lease agreement with the State of Alaska relating to the construction of a correctional facility to be located on Borough property. Connected with the lease agreement, the Borough issued Lease Revenue Bonds in the amount of \$244 million to finance construction of the facility. The lease agreement is considered a "triple net zero" lease, in which lease payment terms mirror the debt payment terms. The lease payments are paid by the State of Alaska directly to the bond trustee for the purpose of making the debt payments. No benefit or cost inures to the Borough. When the debt is paid in full, title to the facility will pass to the State of Alaska. Concurrent with the issuance of the debt, an insurance policy was purchased guaranteeing payment of the bonds in the unlikely event of default by the State. From 2008 through 2014, the Borough recorded the construction related activities in an Agency fund as it has been acting in an agency capacity during the construction phase. In 2013, construction was completed and the State took occupancy of the facility, to include all maintenance and operations. At June 30, 2015, the original activity has been fully settled and the Agency Fund has been closed. As the Borough has no future rights or obligations in connection with the facility or the debt repayment, no capital asset and no long-term debt have been recorded in these financial statements.

During 2015, the Borough issued \$105,720,000 in State of Alaska Lease Revenue Refunding Bonds (Series 2015) to advance refund \$101,850,000 of the 2008 outstanding Lease Revenue Bonds. In addition, in April 2015, the Borough and the State of Alaska entered into a Second Amendment to the Lease Agreement which requires the State to make the debt payments in accordance with the 2015 bond payment schedule. The Borough considers this debt to be "conduit debt" for accounting and disclosure purposes. Total debt service outstanding and payable by the State of Alaska at June 30, 2015, including both principal and interest, was as follows:

Notes to the Financial Statements June 30, 2015

| 2008 lease revenue bonds (unrefunded portion) 2015 lease revenue bonds | \$ 128,738,213 181,190,482 |
|---|-------------------------------|
| Total | \$ 309,928,695 |

10. Defined Benefit Pension Plan

General Information About the Plan

The Borough participates in the Alaska Public Employees' Retirement System (PERS). PERS is a cost-sharing multiple employer plan which covers eligible State and local government employees, other than teachers. The Plan was established and is administered by the State of Alaska Department of Administration. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature.

The Plan is included in a comprehensive annual financial report that includes financial statements and other required supplemental information. That report is available via the internet at http://doa.alaska.gov/drb/pers. Actuarial valuation reports, audited financial statements, and other detailed plan information are also available on this website.

The Plan provides for retirement, death and disability, and post-employment health care benefits. There are three tiers of employees, based on entry date. For all tiers within the Defined Benefit (DB) plan, full retirement benefits are generally calculated using a formula comprised of a multiplier times the average monthly salary (AMS) times the number of years of service. The multiplier is increased at longevity milestone markers for most employees. Police/Fire employees accrue benefits at an accelerated rate. The tiers within the Plan establish differing criteria regarding normal retirement age, early retirement age, and the criteria for calculation of AMS, COLA adjustments, and other OPEB benefits. A complete benefit comparison chart is available at the website noted above.

The PERS DB Plan was closed to new entrants effective June 30, 2006. New employees hired after that date participate the PERS Defined Contribution (DC) Plan described later in these notes.

Historical Context and Special Funding Situation

In April 2008, the Alaska Legislature passed legislation converting the previously existing PERS plan from an agent-multiple employer plan to a cost-sharing plan with an effective date of July 1, 2008. In connection with this conversion, the State of Alaska passed additional legislation which statutorily capped the employer contribution rate, established a state funded "on-behalf" contribution (subject to funding availability), and required that employer contributions be calculated against *all* PERS eligible wages, including wages paid to participants of the PERS Tier IV defined contribution plan described later in these notes.

Alaska Statute 39.35.255 requires the State of Alaska to contribute to the Plan an amount such that, when combined with the employer contribution, is sufficient to pay the Plan's past service liability contribution rate as adopted by the Alaska Management Retirement Board.

Although current statutes call for the State of Alaska to contribute to the Plan, the Alaska Department of Law has determined that the statute does not create a legal obligation to assume the liabilities of the Plan; rather it establishes a contribution mechanism to provide employer relief against the rising contribution rates. This relief payment is subject to funding availability,

Notes to the Financial Statements June 30, 2015

and therefore not legally mandated. As a result, the State has determined that the Plan is *not* in a special funding situation.

Management of the Borough disagrees with the State's position and believes that AS 39.35.255 constitutes a special funding situation under GASB 68 rules and has recorded all pension related liabilities, deferred inflows/outflows, and disclosures on this basis. The Borough will continue to dispute this issue pending a final legal determination, as may be required to settle the matter.

The Borough records the on-behalf contributions as revenue and expense/expenditures in the fund financial statements. However, the expenditures are adjusted to deferred outflows in the enterprise funds and government-wide financial statements.

Employee Contribution Rates

Regular employees are required to contribute 6.75% of their annual covered salary (Police and firefighters are required to contribute 7.5% of their annual covered salary. Non-Teacher School District employees are required to contribute 9.6% of their annual covered salary.

Employer and Other Contribution Rates

There are several contribution rates associated with the pension and healthcare contributions and related liabilities. These amounts are calculated on an annual basis.

Employer Effective Rate: This is the contractual employer pay-in rate. Under current legislation, this rate is statutorily capped at 22% of eligible wages, subject to a wage floor, and other termination events. This 22% rate is calculated on all PERS participating wages, including those wages attributable to employees in the defined contribution plan. Contributions derived from the defined contribution employees are referred to as the Defined Benefit Unfunded Liability or DBUL contribution.

ARM Board Adopted Rate: This is the rate formally adopted by the Alaska Retirement Management Board. This rate is actuarially determined and used to calculate annual Plan funding requirements, without regard to the statutory rate cap or the GASB accounting rate. Prior to July 1, 2015, there were no constraints or restrictions on the actuarial cost method or other assumptions used in the ARM Board valuation. Effective July 1, 2015, the Legislature requires the ARM Board to adopt employer contribution rates for past service liabilities using a level percent of pay method over a closed 25 year term which ends in 2039. This will result in lower ARM Board Rates in future years.

On-behalf Contribution Rate: This is the rate paid in by the State as an on-behalf payment under the current statute. The statute requires the State to contribute, based on funding availability, an on-behalf amount equal to the difference between the ARM Board Rate and the Employer Effective Rate. However, in 2015, the State Legislature appropriated a one-time contribution to the Plan in the amount of \$1 billion. As a result, the On-behalf Contribution Rate for 2015 significantly exceeds the statutory amount. In the governmental fund financial statements, on-behalf contribution amounts have been recognized as additional revenue and expenditure. On the enterprise fund and government-wide financial statements, the on-behalf amounts are included in revenue, but are recorded as deferred outflows, rather than pension expense.

GASB Rate: This is the rate used to determine the long-term pension and healthcare liability for plan accounting purposes in accordance with generally accepted accounting principles as established by GASB. Certain actuarial methods and assumptions for this rate calculation are mandated by GASB. Additionally, the GASB Rate disregards all future Medicare Part D payments.

Notes to the Financial Statements June 30, 2015

The GASB Rate and the ARM Board Adopted Rate differ significantly as a direct result of variances in the actuarial methods and assumptions used. For FY15, the rate uses an 8.00% pension discount rate and a 4.90% healthcare discount rate.

Contribution rates for the year ended June 30, 2015 were determined in the June 30, 2012 actuarial valuation.

| | Employer Effective Rate | ARM Board Adopted Rate | State Contribution Rate | GASB Rate |
|--|-------------------------------|------------------------------|-------------------------------|--------------|
| Pension Postemployment healthcare (see | 12.54% | 25.09% | 42.41% | 33.05% |
| Note 12) | 9.46% | 18.94% | - % | 55.07% |
| Total Contribution Rates | 22.00% | 44.03% | 42.41% | 88.12% |

In 2015, the Borough was credited with the following contributions into the pension plan.

| | Measurement Period Borough FY14 | Borough FY15 |
|---|---------------------------------------|---------------------------|
| Employer contributions (including DBUL) Nonemployer contributions (on-behalf) | \$ 1,846,295 1,532,632 | \$ 2,137,416 9,668,628 |
| Total Contributions | \$ 3,378,927 | \$ 11,806,044 |

In addition, employee contributions to the Plan totaled \$818,295 during the Borough fiscal year.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2015, the Borough reported a liability for its proportionate share of the net pension liability that reflected a reduction for State pension support provided to the Borough. The amount recognized by the Borough for its proportional share, the related State Proportion, and the total were as follows:

| | | 2015 |
|--|-----------|------|
| Borough proportionate share of NPL State's proportionate share of the NPL | \$ 22,451 | ,653 |
| associated with the Borough | 18,637 | ,380 |
| Total Net Pension Liability | \$ 41,089 | ,033 |

Notes to the Financial Statements June 30, 2015

The total pension liability for the June 30, 2014 measurement date was determined by an actuarial valuation as of June, 30, 2013, rolled forward to June 30, 2014 to calculate the net pension liability as of that date. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating entities, including the State, actuarially determined. At June 30, 2014, the Borough's proportion was 0.481367640 percent, which was an increase of 0.007325440 from its proportion measured as of June 30, 2013.

For the year ended June 30, 2015, the Borough recognized pension expense of \$3,310,570 and revenue of \$1,532,632 in on-behalf contributions paid by the State. At June 30, 2015, the Borough reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

| | Deferred Outflows of Resources | Deferred Inflows of Resources |
|---|--------------------------------|-------------------------------|
| Difference between expected and actual experience Changes in assumptions Net difference between projected and actual earnings | \$ - - | \$ - - 2 502 021 |
| on pension plan investments Changes in proportion and differences between Borough contributions and proportionate share of contributions Borough contributions subsequent to the measurement date | 217,432 2,137,416 | 2,593,931 - - |
| Total Deferred Outflows and Inflows Related to Pensions | \$ 2,354,848 | \$ 2,593,931 |

\$2,137,416 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction in the net pension liability in the year ended June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years Ended June 30,

| 2016 | \$ (481,228) |
|------|-----------------|
| 2017 | (598, 306) |
| 2018 | (648, 483) |
| 2019 | (648,482) |

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation as of June 30, 2013, using the following actuarial assumptions, applied to all periods included in the measurement, and rolled forward to the measurement date of June 30, 2014. The actuarial valuation for the year ended June 30, 2014 (latest available) was prepared by Buck Consultants. The actuarial assumptions used in the June 30, 2013 valuation were based on the results of an actuarial experience study for the period from July 1, 2005 to June 30, 2009, resulting in changes in actuarial assumptions adopted by the Alaska Retirement Management Board to better reflect expected future experience.

Notes to the Financial Statements June 30, 2015

| Inflation | 3.12% |
|-----------------------------------|---|
| Salary increases | Graded by service, from 6.36% to 4.12% for Peace Officers/Firefighters Graded by age and service, from 9.6% to 3.62% for all others |
| Investment Return / Discount Rate | 8.00% net of pension plan investment expenses. This is based on an average inflation rate of 3.12% and real rate of return over 4.88%. |
| Mortality | Rates based on the 1994 Group Annuity Mortality Table, sex distinct, 1994 Base year without margin projected to 2013 using Projection Scale AA, 80% of the male table and 60% of the female table for pre-termination mortality for Peace officers/fire fighters. 75% for male and 55% for female for pre-termination for all others; and 100% for males and 1-year set forward for females for post-termination. |

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The best estimates of arithmetic real rates of return for each major asset class are summarized in the following table (note that the rates shown below exclude the inflation component):

| Asset Class | Long-Term Expected Real Rate of Return |
|----------------------|--|
| | |
| Domestic equity | 6.77% |
| International equity | 7.50% |
| Private equity | 10.86% |
| Fixed income | 2.05% |
| Real estate | 3.63% |
| Absolute return | 4.80% |

Discount rate

The discount rate used to measure the total pension liability was 8.00%. The projection of cash flows used to determine the discount rate assumed that Employer and State contributions will continue to follow the current funding policy which meets State statutes. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Notes to the Financial Statements June 30, 2015

Discount Rate Sensitivity

The following presents the Retirement System's net pension liability and the Borough's proportionate share of the net pension liability calculated using the discount rate of 8.00 percent, as well as what the Borough's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.00 percent) or 1-percentage-point higher (9.00 percent) than the current rate:

| | Proportional Share | 1% Decrease (7.00%) | Current Discount Rate (8.00%) | 1% Increase (9.00%) |
|---|-----------------------|------------------------|-------------------------------------|------------------------|
| Borough's proportionate shar of the net pension liability | e 0.4813676400% | \$ 29,438,433 | \$ 22,451,653 | \$ 16,568,137 |

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PERS financial report.

11. Defined Contribution Pension Plan

Employees hired after July 1, 2006 participate in PERS Tier IV, a defined contribution (DC) plan. This Plan is administered by the State of Alaska, Department of Administration in conjunction with the defined benefit plan noted above. Benefit and contribution provisions are established by State law and may be amended only by the State Legislature. The Alaska Retirement Management Board may also amend contribution requirements. Included in the Plan are individual pension accounts, retiree medical insurance plan and a separate Health Reimbursement Arrangement account that will help retired members pay medical premiums and other eligible medical expenses not covered by the medical plan. This Plan is included in the comprehensive annual financial report for PERS, and at the following website, as noted above. http://doa.alaska.gov/drb/pers.

Contributions to the DC plan consist solely of employer and employee contributions with no special funding or other nonemployer contributions. In addition, actual remittances to the PERS system require that the Borough contribute at 22%. After deducting the DC plan contributions (and related OPEB contributions), the remaining remittance (the DBUL) is deposited into the DB plan as noted earlier.

Benefit Terms

Employees are immediately vested in their own contributions and vest 25% with two years of service, plus an additional 25% per year thereafter for full vesting at five years of service.

Employee Contribution Rates

Employees are required to contribute 8.0% of their annual covered salary. This amount goes directly to the individual's account.

Employer Contribution Rates

For the year ended June 30, 2015, the Borough was required to contribute 5% of covered salary into the plan.

Notes to the Financial Statements June 30, 2015

The Borough and employee contributions to PERS for pensions for the year ended June 30, 2015 were \$447,164 and \$715,459, respectively. The Borough contribution amount was recognized as pension expense.

12. Other Post-Employement Benefit (OPEB) Plans

Defined Benefit OPEB

As part of its participation in the PERS DB Plan (Tiers I, II, III), the Borough participates in the Alaska Retiree Healthcare Trust. The ARHCT is self-funded and provides major medical coverage to retirees of the System. Benefits vary by Tier Level. The Plan is administered by the State of Alaska, Department of Administration. Employer contribution rates are established in concert with the Defined Benefit Pension Plan described earlier in these notes.

Employer Contribution Rate

The Borough is required to contribute 9.46% of covered payroll into the OPEB plan. Employees do not contribute.

Annual Postemployment Healthcare Cost

Actual contributions into the Plan for the last three years were as follows. The amounts reported here include only the employer required contributions and do not include any amounts attributed to the on-behalf contributions by the State. In 2015, there were no on-behalf contributions into the OPEB Plan; however, there were on-behalf contributions to the OPEB Plan in 2014 and 2013 were \$1,176,185 and \$1,264,220, respectively.

| | Annual | | o, 50 . |
|---------------------|-------------|---------------|-------------|
| | OPEB | Borough | % of Costs |
| Year Ended June 30, | Costs | Contributions | Contributed |
| | | | |
| 2015 | \$1,612,476 | \$1,612,476 | 100 % |
| 2014 | \$1,889,943 | \$1,889,943 | 100 % |
| 2013 | \$2,084,267 | \$2,084,267 | 100 % |

Defined Contribution OPEB

Defined Contribution Pension Plan Participants (PERS Tier IV) participate in the Occupational Death and Disability Plan (ODD), and the Retiree Medical Plan. Information on these plans is included in the comprehensive annual financial report for the PERS plan noted above. These plans provide for death, disability, and post-employment health care benefits.

Employer Contribution Rates

Employees do not contribute to the DC OPEB plans. Employer contribution rates for the year end June 30, 2015 were as follows:

| | Other Tier IV | Police/Fire Tier IV |
|--|------------------|------------------------|
| Retiree medical plan Occupational death and disability benefits | 1.66% 0.22% | 1.66% 1.06% |
| Total Contribution Rates | 1.88% | 2.72% |

Notes to the Financial Statements June 30, 2015

In addition, PERS defined contribution members also participate in the Health Reimbursement Arrangement. AS 39.30.370 establishes this contribution amount as "three percent of the average annual employee compensation of *all employees of all employers* in the plan". As of July 1, 2014, for actual remittance, this amount is calculated as a flat rate for each full time or part-time employee per pay period and approximates \$1,961 per year for each full-time employee, and \$1.26 per hour for part-time employees.

Annual Postemployment Healthcare Cost

In 2015, the Borough contributed \$204,443 in DC OPEB costs. These amounts have been recognized as expense/expenditures.

13. Contingencies

Lease Credits Payable

On May 16, 2007, a lawsuit was filed by NPI LLC, relating to two contracts at Port McKenzie. The case was aggressively defended with several motions for partial summary judgment being filed. In July 2010, the case was settled for \$1,100,000 payable in cash plus \$1,375,000 in future lease credits awarded to the contractor. In 2011, the balance of the cash payment was paid in full and the lease credits payable were recorded in the Port Enterprise Fund. The lease credits are valid for lease waivers, wharfage, and other services and will expire April 2031. At June 30, 2015, the balance of the lease credits payable was \$1,326,470 and is recorded as a long-term payable in the Port Enterprise Fund.

Other

The Borough and School District participate in a number of federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The audits of these programs have not yet been completed. Accordingly, compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time.

The Borough, in the normal course of its activities, is involved in various claims and pending litigation. In the opinion of management and legal counsel, the disposition of these matters is not expected to have a material adverse effect on the Borough's basic financial statements.

14. Prior Period Adjustment and Change in Accounting Principle

In 2015, the Borough determined that one of its landfill cells had been placed in service in a prior year but was incorrectly not being amortized and another landfill cell was being amortized at the incorrect rate. Management has reported a prior period adjustment in the Solid Waste Enterprise Fund, the Proprietary Funds, and the Business-type activities section of the Statement of Net Position.

In addition, as discussed in Note 10 to the financial statements, the Borough participates in the Alaska Public Employees Retirement System (PERS) plan. In 2015 the Borough adopted the provisions of GASB Statement No. 68 Accounting and Financial Reporting for Pensions, which, among other accounting and reporting criteria, requires the Borough to recognize its proportional share of the Net Pension Liability (and related deferred inflow/outflow accounts), as of the

Notes to the Financial Statements June 30, 2015

beginning of the Borough's fiscal year. As a result of the implementation of this statement, the Borough has recorded an opening balance adjustment to reflect opening balance pension liabilities and related accounts and to decrease opening net position as follows:

| | Opening Net Position, as Originally Presented | Prior Period Adjustment | Change in Accounting Principle Adjustment | Opening Net Position, as Restated |
|-----------------------------------|--|-------------------------------|--|---|
| Governmental Activities | \$ 742,903,666 | \$ - | \$ (22,055,402) | \$ 720,848,264 |
| Business-type Activities | 29,924,607 | (6,073,036) | (992,145) | 22,859,426 |
| School District Component Unit | 23,119,358 | - | (90,476,282) | (67,356,924) |
| Port Enterprise Fund | 20,128,320 | - | (246,440) | 19,881,880 |
| Solid Waste Enterprise Fund | 9,796,287 | (6,073,036) | (745,705) | 2,977,546 |

15. New Accounting Pronouncements

The Governmental Accounting Standards Board has passed several new accounting standards with upcoming implementation dates. Management has not fully evaluated the potential effects of these statements, but believes that GASB Statement 75 will result in the biggest reporting change. However, actual impacts have not yet been determined:

GASB 72 - Fair Value Measurement and Application - Effective for year-end June 30, 2016 - This statement defines fair value and describes how fair value should be measured, what assets and liabilities should be measured at fair value, and what information about fair value should be disclosed in the notes to the financial statements. This statement is expected to primarily affect investment disclosures.

GASB 73 -Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68 - This statement contains certain clarifications and amendments to GASB 67 and 68 as well as establishing requirements for both defined benefit and defined contribution pensions not within the scope of GASB 68. Effective for fiscal year end June 30, 2016—except those provisions that address employers and governmental nonemployer contributing entities for pensions that are not within the scope of Statement 68, which are effective for financial statements for year ending June 30, 2017.

GASB 74 - Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans - Effective for year-end June 30, 2017, with earlier application encouraged - This statement contains reporting financial reporting guidelines for Postemployment Benefit Plans. This is the Plan side requirements applicable to OPEB benefits and generally brings the OPEB reporting rules into alignment with the new GASB 67 Pension rules.

Notes to the Financial Statements June 30, 2015

GASB 75 - Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions - Effective for year-end June 30, 2018, with earlier application encouraged - This statement contains accounting and financial reporting guidelines for OPEB related activities at the participating employer level and generally brings the OPEB reporting rules into alignment with the new GASB 68 Pension rules.

GASB 76 - The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments - Effective for year-end June 30, 2016, with earlier application encouraged - This statement clarifies the hierarchy of generally accepted accounting principles to be used in the preparation of state and local government financial statements. This statement supersedes the previous hierarchy established in GASB 55.

GASB 77 - Tax Abatement Disclosures - Effective for year-end June 30, 2017, with earlier application encouraged - This statement requires local governments to provide financial disclosures relating to tax abatements affecting the government. This includes information about abatement agreements entered into directly by the government, including conditions and criteria under which taxes can be abated, the type and dollar amount of the tax. In addition, the statement requires disclosure of tax abatements issued by other governments that affect the local government's revenue recognition and reporting.

Public Employees Retirement System Schedule of the Borough's Information on the Net Pension Liability June 30, 2015

| | 2015 |
|--|------------------|
| Borough's proportion of the net pension liability | 0.48136764% |
| Borough's proportionate share of the net pension liability | \$ 22,451,653 |
| State of Alaska proportionate share of the net pension liability | \$ 18,637,380 |
| Total net pension liability | \$ 41,089,033 |
| Borough's covered-employee payroll | \$ 19,339,708 |
| Borough's proportionate share of the net pension liability as a percentage of covered-employee payroll | 116% |
| Plan fiduciary net position as a percentage of the total pension liability | 62.37% |

See accompanying notes to Required Supplementary Information.

Public Employees Retirement System Schedule of Borough Contributions Year Ended June 30, 2015

| | 2015 |
|--|------------------------------|
| Contractually required contribution Contributions in relation to the contractually required contribution | \$ 2,137,416 2,137,416 |
| Contribution deficiency (excess) | \$ |
| Borough's covered-employee payroll | \$ 21,010,044 |
| Contributions as a percentage of covered-employee payroll | 10.173% |

See accompanying notes to Required Supplementary Information.

Notes to Required Supplementary Information June 30, 2015

1. Public Employees Retirement System - Schedule of Borough's Information on the Net Pension Liability

This table is presented based on the Plan measurement date. For June 30, 2015, the Plan measurement date is June 30, 2014.

There were no changes in benefit terms from the prior measurement period.

There were no changes in assumptions from the prior measurement period.

2. Public Employees Retirement System - Schedule of Borough Contributions

This table is based on the Boroughs contributions during fiscal year 2015. These contributions are reported as a deferred outflow on the June 30, 2015 basic financial statements.

Both pension tables are intended to present 10 years of information. Additional year's information will be added to the schedules as it becomes available.

Nonmajor Governmental Funds Combining Balance Sheet

| | indiffing balance sheet | | | | | |

Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance Year Ended June 30, 2015

1. Basis of Presentation

The accompanying schedules of state financial assistance and expenditures of federal awards (the "Schedules") include the state and federal grant activity of Matanuska-Susitna Borough under programs of the state and federal governments for the year ended June 30, 2015. The information in these Schedules is presented in accordance with the requirements of *the State of Alaska Audit Guide and Compliance Supplement for State Single Audits* and the Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Because the Schedules present only a selected portion of the operations of Matanuska-Susitna Borough, they are not intended to and do not present the financial position, changes in net position or cash flows of Matanuska-Susitna Borough.

2. Summary of Significant Accounting Policies

Expenditures reported in the Schedules are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in OMB Circular A-87, Cost Principles for States and Local Governments, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts reflected in the schedule (if any) represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

3. PERS On-Behalf

The Borough has recorded \$9,668,628 in PERS On-Behalf payments in the Schedule of State Financial Assistance. This represents the PERS relief payment appropriated and transferred into the plan during FY2015.

In the governmental fund financial statements, on-behalf revenue and expenditures have been recognized in the year appropriated and transferred to the plan. However, in the full accrual financial statements, GASB 68 provisions prescribe that on-behalf pension contributions in a special funding situation may only be recognized during the measurement period in which the plan recognizes the contributions, effectively creating a one-year timing difference between the cash contribution and revenue and expense recognition by the Borough.

As a result of these perspective and timing differences, amounts reported in the financial statements do not agree to the amounts reported on the Schedule of State Financial Assistance.

Statistical Section Contents

| | <u>Schedules</u> | <u>Page</u> |
|--|------------------|-------------|
| Financial Trends | | |
| These schedules contain trend information to help the reader understand how the Borough's financial performance and well-being has changed over time. | 1-5 | 160-165 |
| Revenue Capacity | | |
| These schedules contain information to help the reader assess the factors affecting the Borough's ability to generate its property taxes. | 6-9 | 166-170 |
| Debt Capacity | | |
| These schedules present information to help the reader assess the affordability of the Borough's current levels of outstanding debt and the Borough's ability to issue additional debt in the future. | 10-13 | 171-174 |
| Demographic and Economic Information | | |
| These schedules offer demographic and economic indicators to help the reader understand the environment within which the Borough's financial activities take place and to help make comparison over time and with other governments. | 14-15 | 175-176 |
| Operating Information | | |
| These schedules contain information about the Borough's operations and resources to help the reader understand how the Borough's financial information relates to the services the Borough provides and the activities it performs. | 16-18 | 177-179 |

Notes: The Borough Direct Rate represents a single component which is the Areawide Mill Levy Rate. Also, Fire Service Areas (FSA), Road Service Areas (RSA), and Service Areas (SA) are identified by service area numbers.

^{*}In Fiscal Year 2010, FSA #33 and FSA #34 were combined to create FSA # 136.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*

Honorable Mayor and Members of the Assembly Matanuska-Susitna Borough

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Matanuska-Susitna Borough as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Matanuska-Susitna Borough's basic financial statements, and have issued our report thereon dated January 29, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Matanuska-Susitna Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Matanuska-Susitna Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of Matanuska-Susitna Borough's internal control over financial reporting.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2015-001 and 2015-003 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2015-002 to be a significant deficiency.

BDO USA, LLP, a Delaware limited liability partnership, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Matanuska-Susitna Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Matanuska-Susitna Borough's Response to Findings

Matanuska-Susitna Borough's response to the finding identified in our audit is described in the accompanying corrective action plan. Matanuska-Susitna Borough's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance For Each Major Federal Program and Report on Internal Control Over Compliance Required by OMB Circular A-133

Honorable Mayor and Members of the Assembly Matanuska-Susitna Borough

Report on Compliance for Each Major Federal Program

We have audited Matanuska-Susitna Borough's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Matanuska-Susitna Borough's major federal programs for the year ended June 30, 2015. Matanuska-Susitna Borough's major federal programs are identified in the accompanying Schedule of Findings and Questioned Costs.

Matanuska-Susitna Borough's basic financial statements include the operations of the Matanuska-Susitna Borough School District which received \$17,257,186 in federal awards which is not included in the schedule during the year ended June 30, 2015. Our audit, described below, did not include the operations of Matanuska-Susitna Borough School District because it was subjected to a separate audit in accordance with OMB Circular A-133.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Matanuska-Susitna Borough's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Matanuska-Susitna Borough's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Matanuska-Susitna Borough's compliance.

Opinion on Each Major Federal Program

In our opinion, Matanuska-Susitna Borough complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of Matanuska-Susitna Borough is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Matanuska-Susitna Borough's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Matanuska-Susitna Borough's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on Compliance For Each Major State Program and Report on Internal Control Over Compliance Required by the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*

Honorable Mayor and Members of the Assembly Matanuska-Susitna Borough

Report on Compliance for Each Major State Program

We have audited Matanuska-Susitna Borough's compliance with the types of compliance requirements described in the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* that could have a direct and material effect on each of Matanuska-Susitna Borough's major state programs for the year ended June 30, 2015. Matanuska-Susitna Borough's major state programs are identified in the accompanying Schedule of State Financial Assistance. Matanuska-Susitna Borough's basic financial statements include the operations of the Matanuska-Susitna Borough School District which received \$431,826,199 in state awards which is not included in the schedule during the year ended June 30, 2015. Our audit, described below, did not include the operations of Matanuska-Susitna Borough School District because it was subjected to a separate audit in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Matanuska-Susitna Borough's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Those standards and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Matanuska-Susitna Borough's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of Matanuska-Susitna Borough's compliance.

Opinion on Each Major State Program

In our opinion, Matanuska-Susitna Borough complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of Matanuska-Susitna Borough is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Matanuska-Susitna Borough's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine our auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program, and to test and report on internal control over compliance in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Matanuska-Susitna Borough's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Questioned Costs, continued Year Ended June 30, 2015

Section II - Financial Statement Findings Required to be Reported in Accordance with Government Auditing Standards

2015-001 Cash and Investment Reconciliations - Material Weakness

Criteria: Adequate internal control over financial reporting requires the timely

reconciliation and close of the books and records.

Condition: Cash and investments were not properly reconciled and adjusted timely for

the year end close.

Context: Although the basic bank reconciliations were completed throughout the

year, the final reconciliations and adjustments were not fully completed

until past audit fieldwork dates.

Effect: Borough cash and investment accounts required adjustments to allocate

income and to record the year end market value adjustments.

Cause: Lack of internal communication and cross-training appears to have been a

contributing factor.

Recommendation: We recommend the Borough establish formal internal due dates for these

tasks, along with cross-training to allow for coverage of responsibilities. Management should train, monitor and review these activities to ensure

timeliness and accuracy.

Views of responsible officials and planned corrective actions:

See the corrective action plan.

2015-002 Timely Close and Review - Significant Deficiency

Criteria: Adequate internal control over financial reporting requires the timely close

of the year end books and records. Review procedures should be

established to ensure the accuracy of annual closing entries.

Condition: Not all accounts were fully closed and reconciled prior to the audit.

Certain accounts, which were closed and adjusted, contained posting errors. Other accounts did not have adequate supporting schedules

prepared or available for audit.

Schedule of Findings and Questioned Costs, continued Year Ended June 30, 2015

2015-002 Timely Close and Review - Significant Deficiency, continued

Context: Certain accounts were not fully reconciled and closed out prior to audit fieldwork. While it appears the general day-to-day processing was done timely and correctly, certain year end closing entries and review were not

fully complete. For example:

• It appeared that the debt related trial balance accounts appeared to be correctly recorded, however, the supporting schedules and documentation were not available for review during the audit.

- The Borough did not evaluate or record the additional fair value write down related to the sale and impairment of the Vessel M/V Susitna.
- Final adjustments were still in process related to the landfill closure cost resequencing estimates.
- Although the Borough recorded the year end payroll accrual, the year-end balance was not correctly recorded due to a journal entry posting error.

Effect: Several audit journal entries and several client journal entries were

required to adjust the year-end reported balances.

Turnover from the prior year created additional learning curve. In addition, those new employees and others in the Borough have begun review of certain internal processes resulting in changes to how items are tracked and recorded (e.g. - the landfill closure estimate was completely revised in 2015 after an external review). Certain accounts (accrued payroll) were adjusted, but there was no review process to catch the

journal posting error.

Recommendation: We recommend the Borough continue to review and improve its internal

processes, by establishing formal internal due dates for these tasks. Management should continue to train, monitor, and review these activities

to ensure timeliness and accuracy.

Schedule of Findings and Questioned Costs, continued Year Ended June 30, 2015

2015-003 Accounting for Amortization of Landfill Cells- Material Weakness

Criteria: Adequate internal control over financial reporting requires assets to be

amortized when they are placed into service and amortized over their

estimated useful life.

Condition: Landfill cells were not being amortized over their estimated useful lives.

Context: One landfill cell was being amortized at the incorrect rate and another

landfill cell was in service, but incorrectly not being amortized.

Effect: Capital Assets were overstated and amortization expense was understated

for the Solid Waste Enterprise Fund.

Cause: Lack of internal communication about when landfill cells are being placed

into service and lack of review of spreadsheets that used to determine

estimated useful lives were contributing factors.

Recommendation: We recommend the Borough establish more formal communications for

when assets are placed into service and that spreadsheets used to determine estimated useful lives are reviewed for completeness and

accuracy.

Views of responsible See the corrective action plan.

officials and planned

corrective actions:

Section III - Federal Award Findings and Questioned Costs

There were no findings and questioned costs for federal awards (as defined in section .510(a) of the OMB Circular A-133) that are required to be reported.

Section IV - State Award Findings and Questioned Costs

There were no findings and questioned costs for State awards (as defined in the State of Alaska Audit Guide and Compliance Supplement for State Single Audits) that are required to be reported.

Summary Schedule of Prior Audit Findings Year Ended June 30, 2015

Government Auditing Standards Findings

Finding 2014-001 Timely Reconciliation and Close - Material Weakness

Condition: Cash and investments were not reconciled and adjusted timely for the

year end close.

Status: This Finding has been incorporated into finding 2015-001.

Federal Award Findings and Questioned Costs

There were no prior year audit findings.

State of Alaska Award Findings and Questioned Costs

There were no prior year audit findings.

Matanuska-Susitna Borough Comptroller

350 E. Dahlia Avenue Palmer, AK 99645 Phone: (907) 861-8624

Finding 2015-001

Cash and Investment Reconciliations

Corrective Action: The Borough updated its established procedures to address the issues of timely

reconciliations and adjustments of cash and investment accounts. The procedures for the reconciliation of the bank accounts are in place, and the accounts are timely reconciled. During fiscal year 2016 additional procedures and internal controls will be implemented for the investments accounts to insure that all

transactions and adjustments are done on a timely basis.

Proposed Completion

Date:

The Corrective Action plan will be completed in Fiscal Year 2016.

Finding 2015-002

Timely Close and Review

Corrective Action: The Borough has established year end procedures. These procedures are being

reviewed and updated to include timelines and deadlines for year end. Account review procedures are being enhanced with internal controls to detect and correct

errors.

Proposed Completion Date:

The Corrective Action plan will be completed in Fiscal Year 2016.

Finding 2015-003

Accounting for Amortization of Landfill Cells – Material Weakness

Corrective Action: The Borough is

The Borough is in the process of instituting and documenting procedures for determination of the amortization of the landfill cells. This includes verbal communication throughout the year, and written documentation at year end of

the status of construction, usage and closure of the landfill cells.

Proposed Completion

Date:

The Corrective Action plan will be completed in Fiscal Year 2016.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities

Year Ended June 30, 2015

| Net change in fund balances - total governmental funds | | \$ | 5,558,294 |
|--|--------------------------------|----|-----------|
| The change in net position reported for governmental activities in the statement of activities is different because: | | | |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation: Capital outlay Depreciation expense | \$ 2,659,034 (1,445,442) | | |
| Amount reported in the governmental funds includes revenues and expenditures for Borough funded capital projects. However, in the statement of activities, the revenues and expenditures are eliminated. These amounts consisted of: Revenues | \$ 4,308,832 | | 1,213,592 |
| Expenditures Changes in net pension liability and related accounts can increase or decrease net position. This is the net increase in equity due to changes in the net pension liability and the related deferred outflows and inflows. | (4,308,832) | • | 1,681,372 |
| Some expenses reported in the statement of activities such as compensated absences do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds. This is the amount of decrease in annual leave. | | | 193,232 |
| Change in Net Position of Governmental Activities | | \$ | 8,646,490 |
