Subject: Mr Happy Farms odor

Hello Jason, Several days into the new year I have been documenting odor of marijuana coming from 3900 N Sierra Street, Wasilla Alaska. Mr Happy Farms License # 17692 operation is still causing odor problems in the neighborhood. It blows my mind with all the times Mr Happy Farms has violated odor, covendence code, and property set backs AMCO continues to look the other way. It is a problem and will continue to be a issue in Shaw Tri Lakes subdivision. I will continue to report and hope someday AMCO will do its appointed duty to enforce violations in the valley. Odor complaints 1/5/2021, 1/14/2021, 1/27/2021, 1/31/2021. Thank you and please add this to other complaint from previous years. Linda Kuzina
