Owner & Agent Permission Letter for Use and Occupancy of Premises

Matanuska-Susitna Borough
Planning and Land Use Department
Development Services Division
350 East Dahlia Avenue
Palmer, Alaska 99645

Re: Shoreline Cannabis – Owner & Agent Authorization

Dear Planning Office:

We, Jackie Glatt and Teri Gunter, of J & T LLC, grant Lake Landing Investments, LLC permission to lease and use our property at 4200 E Snider Road Wasilla, AK 99654 as a Marijuana Retail Store. I am aware that Lake Landing Investments, LLC will be commercially selling marijuana and marijuana products on this property once the Matanuska-Susitna Borough approves the conditional use permit.

I, Justin Benson and Athena Rotzler, managing members of Lake Landing Investments, LLC, authorize Jana Weltzin and her firm of JDW, LLC to take all necessary actions to apply for and obtain one (1) conditional use permits for the operation of a Marijuana Retail Store of the property owned by J&T LLC located at MIDWAY EST UNIT #1 RSB B/3 L/7 BLOCK 3 LOT 7A, commonly known as 4200 E Snider Road Wasilla, AK 99654.

If you have any questions regarding this correspondence, please feel free to contact me.

Sincerely,

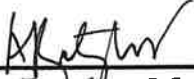

Jackie Glatt – J&T LLC

Teri Gunter – J&T LLC

On behalf of:

Lake Landing Investments, LLC

Introduction:

We are pleased to introduce lifelong Alaskans and entrepreneurs Justin Benson and Athena Rotzler. Justin is a motivated and successful business owner in Alaska, where he has owned and operated Lawn Pro Alaska, a landscaping company, for more than fifteen years. Justin was uniquely suited to enter into the cannabis industry, in 2002 Justin earned a degree in Horticulture.

Athena has lived in Alaska for eight and a half years and is a stay-at-home mom who makes beautiful jewelry by hand and sells it at local functions; she is married to a lifelong Alaskan and has two children.

Justin is working on opening this retail shop to go along with his active-operating cultivation facility license that is located down the road from this proposed location and wants to take the brand he and Athena have developed to sell their marijuana in their own retail store. By branching out, Justin and Athena will integrate their business to maximize their efficiencies and provide multiple employment opportunities within the industry and within the Mat Su Borough. Justin and Athena are the managing members of Lake Landing Investments, LLC, which owns Shoreline Cannabis, a proposed new Retail Marijuana Store located in the Matanuska - Susitna Borough.

This Conditional Use Permit (“CUP”) application for a Retail Marijuana Store requests approval from this Honorable Commission. Shoreline Cannabis’ retail application has been approved with delegation by the Marijuana Control Board “MCB” during the June 2023 meeting.

Required attachments for a marijuana retail facility conditional use permit narrative:

Is the conditional use compatible with and will it preserve or not materially detract from the value, character, and integrity of the surrounding area?

√ The proposed use is compatible with adjacent properties and fits succinctly into the area as there is a mix of uses in the area – the area consists of large lots that house commercial uses such as a storage business and a dog groomer. The property faces the E. Palmer-Wasilla Highway and is situated for commercial use. The entire licensed area, including the restroom, pack/prep/inventory storage rooms, and the retail sales floor, will be approximately 2,400 square feet. The proposed use fits into the surrounding uses’ harmony in size and design. The facility is composed of a steel structural frame, metal roof panels, metal wall bracing, fasteners and sheet metal siding. The retail store is beige in color with black accenting in front, black commercial doors and a silver roof. The facility is located on a 1.18-acre lot off the E Palmer-Wasilla Highway located in the MIDWAY EST UNIT #1 RSB B/3 L/7 subdivision of the Matanuska-Susitna Borough. The surrounding area of the property is bordered by a mixture of commercial use, industrial use, residential homes and vacant lots. There are no sensitive uses within the required 1000 foot as-the-crow-flies measurement as outlined in MSB 17.60, the closest sensitive use is school grounds – Cottonwood Creek Elementary, which is over 3000 feet from the facility to the lot line of the school grounds. Therefore, the proposed use does not detract from the surrounding area’s character, value, and integrity of the surrounding area, however, the applicants are aware of

the residential uses nearby, and will take extra care to be responsive to neighbors if any concerns arise regarding the commercial nature of this proposed use. The facility will not produce any undue noise pollution and has an odor control method in place. It is not expected that the retail facility will generate smell, but regardless the retail will have odor controls. There will be no onsite consumption allowed at this proposed retail establishment. Exterior lights will be installed downward facing to ensure mitigation of light pollution. This retail facility will be operated by knowledgeable licensees who are in the industry, have the education and training to aide in smooth operations; ordinance compliance; regulation compliance etc., has a multitude of industry contacts, and will ensure that this use does not detract from the value, character, and integrity of the surrounding area. The neighboring uses that face the E Palmer-Wasilla Hwy include the storage cache, a pet grooming boutique, veterinary clinic, Builders Choice Lumber, the industrial/commercial neighbor north of the facility is the Schwabenhof, a bar/restaurant across the E. Palmer Wasilla Highway, a major thoroughway in Wasilla.

√ The applicants will ensure that the proposed use will not emit odor, will not produce excess dust, will have limited noise, and will have sufficient parking and loading in order to cut down on traffic generation in front of the premises and on the side-street thus fitting in with adjacent property uses. The facility design utilizes natural landscape screening in the back of the lot and meets the required setback from the side street. The proposed use will meet all compatible uses allowed on adjacent properties and will improve the overall neighborhood as the premises will not emit odor, will not produce excess dust, will not produce noise pollution, and will have parking and loading on the licensed premises to cut down traffic congestion on the street, thus fitting in with adjacent property uses. As detailed in the attached site plan, there will be ample space for parking on the premises and will have appropriate accessibility spaces under the Americans with Disabilities Act.

√ The facility will have a 24-hour monitoring alarm system, exterior lighting, and video surveillance. Commercial locking mechanisms and video surveillance secure all entrances to capture individuals within twenty (20) feet. Inside the licensed premises, video surveillance will cover all areas of the facility (apart from the bathroom) 24/7 (stored for a minimum of 40 days) to monitor and identify all activity. Specific portions of the store will be designated as restricted access areas, with signs posted prominently around the premises stating, “Restricted Access Area: Visitors Must Be Escorted” and “Video Surveillance in Progress.”

√ In the event a non-employee/agent of the company needs to access the restricted access area, the company visitor policy will be adhered to. A visitor will need to show their valid photo identification and obtain a visitor badge which must be visibly displayed on their persons at all times in restricted access areas. All visitors must be pre-approved by a Licensee or management (with the exception of AMCO officials, law enforcement, or an agent of the Matanuska Susitna Borough) - there should be no un-scheduled and unexpected visitors. To maintain the security of the facility and all marijuana products, access the facility will always be monitored and restricted. Access will only be granted to employees and licensees, AMCO agents, law enforcement, and the limited exception of scheduled pre-approved visitors. Additionally, Shoreline Cannabis’ exterior signage will indicate that any members of the public are not allowed unescorted access and will

be clearly displayed on the door. Distinct and apparent cameras will be placed throughout and around the facility to encourage people to not attempt access.

Will the granting of the conditional use permit be harmful to the public health, safety, convenience, and welfare?

√ No – Shoreline Cannabis’ retail establishment has a security system plan, diversion control policies, and a loitering check plan for the retail facility. Shoreline will also provide prompt and effective responses to community concerns if such concerns arise.

√ The facility is a commercial marijuana retail store and will only allow access to those who are at least 21 years of age or older. No persons will be allowed access to any marijuana or marijuana products at any time, unless under direct supervision of a Shoreline Cannabis licensee or employee, as all marijuana and marijuana product must be stored in the restricted access area per AMCO regulations. There is no on-site consumption is allowed at this retail establishment, and no customers will be allowed to consume in their vehicles in the parking lot. A Shoreline Cannabis employee shall perform regular parking lot and perimeter checks throughout the day, frequent but unscheduled, so no member of the public picks up on a scheduled pattern, to ensure that no persons are loitering and to ensure that no customers are consuming product on the property and/or in their vehicles.

√ All marijuana and marijuana products will be displayed in locked display cabinets for customers to view. The area behind the cabinets will be restricted access, and signage will be displayed accordingly. Employees will open the cabinet from within the restricted access area and place the product into exit packaging at the cash register before handing it to the customer. Once a customer’s transaction is complete, they will be instructed by an employee to exit the retail store.

√ To ensure Shoreline Cannabis will only allow access to persons over the age of 21, the retail establishment will check the ID of every person attempting to enter the retail store. Anyone under 21 or who does not produce a valid photo ID issued by a federal or state agency authorized to issue ID cards will be asked to leave the premises, no matter how familiar the employee is with the customer. Any employee checking IDs will have a valid marijuana handler permit and be trained to recognize altered/forged photo IDs.

Additional protections to ensure the prevention of any negative impact on the public health, safety, convenience, and welfare:

√ The facility will have a 24-hour monitoring alarm system, bright, prominent exterior lighting that is downward facing to minimize light pollution to neighboring lots, and video surveillance. All entrances are secured by commercial locking mechanisms and video surveillance to capture individuals within 20 feet. Inside the licensed premises, video surveillance will cover all areas of the facility (with exception of the bathroom) 24/7 (which is stored for a minimum of 40 days) to monitor and identify all activity. All visitors must be pre-approved by a licensee or a manager (with the exception of AMCO agents, MSB agents, and law enforcement). To maintain the security of the facility and all marijuana products, access to the facility will always be

monitored and restricted. Access to restricted areas will only be granted to employees and licensees, AMCO agents, MSB agents, law enforcement, and the limited exception of scheduled pre-approved visitors and those customers over the age of 21. Distinct and apparent cameras will be placed throughout and around the facility to encourage people to not attempt unauthorized access.

✓ On-site video surveillance will continuously monitor all areas of the premises where marijuana is present, including areas where marijuana is packaged, sold, and stored. Employees will perform mandatory inventory counts each week, check counts against Metrc records, compare with point-of-sale reports to ensure no diversion or inversion is occurring, and document the reports as official business records. Shoreline Cannabis will not tolerate theft, inversion, and diversion, and all employees will complete mandatory training to recognize such activity. Shoreline Cannabis management team understands that diversion can happen in two ways - inversion and diversion - and it can be equally profitable to divert product out of the legal system as it is diverting product from the illegal system into the legal market. If an employee is caught stealing marijuana OR infusing the facility with non-regulated black-market product, Shoreline Cannabis will notify local law enforcement immediately, comply with all directives, and provide all necessary information and records for the investigation. Shoreline Cannabis will take the necessary steps to ensure that illegal conduct by an employee does not compromise the facility's license and legitimate business operations. Once a theft is reported, the licensees or manager will update the product records in the tracking system, as needed, to maintain an accurate and comprehensive accounting for all marijuana products and inventory. The licensee(s) and/or manager will comply with all inquiries and investigations lodged by AMCO. Documentation related to marijuana theft will be maintained as a business record for five (5) years and made available to AMCO upon request. Video recordings will be stored for forty (40) days. Cameras will provide a full view of the entryway, retail sales area, point of sale system and cash registers, safes, money counting areas, and marijuana/marijuana product storage areas. Security monitors and video recording equipment will be securely located onsite.

✓ Qualified candidates will be hired on probationary period during which time they will receive training and evaluation specific to their position. Training will include marijuana industry trends; customer care; food handling; safety precautions and procedures; legal issues; and state and federal regulations. Training will be refreshed as needed, as well as when new regulations or products are introduced. Employees will be required to demonstrate their knowledge of these concepts before their training will be considered complete. Informative packets will be provided to employees and supplemented/updated as needed. These packets will cover; Marijuana cannabinoids; strain ratios; marijuana benefits and risks; local community concerns to address, general Alaska marijuana law; employment regulations; store policies; security and safety procedures; measures for the prevention of diversion, inversion and theft; recognizing forged, altered, or invalid identification, as well as signs of intoxication; in-depth information about job duties and responsibilities; response procedures for robberies, earthquakes, and other emergencies; statutes regarding confidentiality. Employees will receive semi-annual performance evaluations to ensure that they have retained their training information, and the store remains compliant. As

proper safety and security procedures are of utmost importance to Shoreline Cannabis, the most up-to-date reading materials will always be available to employees. Prior to beginning work, employees will be expected to understand the following: (1) Alaska laws, regulations, and codes governing the marijuana industry and marijuana establishments; (2) all of the permitting requirements to act as a marijuana handler (including obtaining a Marijuana Handler card from a state-approved course provider before commencing employment) and to work in a marijuana establishment; (3) Shoreline Cannabis standards, operational protocol, and best practices concerning marijuana retail sales; (4) general safety procedures and security protocol; (5) how to think defensively if threatening situations occur, and how to recognize the signs of impairment, drug abuse, and instability; (6) in-depth information about our particular strains and marijuana related products; (7) in-depth information on the requirements of each room, task, and system; (8) the general federal, state, and local employment regulations by which Shoreline Cannabis is governed; and (9) retail-specific education. To ensure full coverage for each position, all employees will be cross-trained on the requirements of each job.

√ Shoreline Cannabis will have “No Loitering” signs clearly posted on the exterior of the facility. If an employee suspects a person is loitering outside the licensed premises, they will be given a verbal warning to leave the premises or law enforcement will be notified. Trained employees will maintain periodic checks around the property to deter unauthorized entrance or loitering around the facility. The exterior lighting system will keep the premises well-lit during closed hours and provide extra lighting for all surveillance recordings. Exterior lighting will be shielded and downward-direction to mitigate any unwanted light pollution. Lighting will be frequently checked by an employee to ensure that all fixtures are fully operational. An employee will check surveillance footage to ensure that lighting is adequate to prevent dark spots and capture the best facial image of every person who approaches the facility. If there are any issues with the quality of the surveillance capture, the lighting will be calibrated and/or additional lighting will be installed. All outdoor lighting will be shielded to protect against inclement weather and vandalism. The shielding will also prevent light pollution on the surrounding properties by directing light downwards.

√ The facility’s architectural design incorporates lighting to project light onto the building and downward. The alarm system will monitor for intrusions with motion detectors on the facility windows, entrance and exits, including emergency exits on the west side of the licensed facility, restricted access area which includes secured storage, the office and storage areas during closed hours. Live security footage will also be accessible to the licensees and management via their cellular phones so they may keep an eye on the facility even when they are away. Any unauthorized or attempted intrusion will prompt an automatic electronic alert to the security company who will contact local law enforcement and a licensee or manager. All alarm systems and devices will be tested every six (6) months.

Are there sufficient setbacks, lot area, buffers, and other safeguards being provided?

√ As described previously, Shoreline Cannabis is located within a 1.18-acre parcel. This application and the layout of Shoreline Cannabis meet the required setbacks, buffers, and lot area. The entire retail operation is enclosed in a commercial-grade building.

√ There will be plenty of on-site parking for this use, including accessible spaces. Shoreline Cannabis' facility is 2,400 square feet, per MSB 17.60.150, the retail store requires 8 parking spaces (1 space per 350 sqft). Shoreline Cannabis has 7 10W x 20L parking spaces, and one ADA 11W x 5 isle x 20L parking space.

√ The facility has incorporated measures to reduce the negative effects it may have on the surrounding properties including, but not limited to, natural landscaping screening behind the facility, a u-shaped driveway and paved parking in front of the building and a black & beige commercial-metal architectural design that will not detract from the surrounding area's character.

√ The facility will not produce noise pollution and has an odor control method. A robust security plan and the "no loitering" policy will be implemented and thoroughly communicated to all employees. Additional safeguards include the following:

√ The lighting fixtures will be positioned at an inaccessible height with sturdy housings to deter vandalism and common obstructions. The bulbs will be extremely bright to maximize visibility and deter crime. The exterior lighting will be checked daily by a licensee, manager on duty or an employee to ensure that each light in the system is operational and that each mount is positioned for optimum recording clarity and to deter unauthorized presence on the premises. The building's architectural design incorporates downward/shielded lighting to prevent light from encroaching on neighboring properties or right of ways.

√ A third-party security company will install the alarm system and continuously monitor the electronic notifications if the alarm is triggered. The security company will periodically visit to check and maintain the equipment.

Does the conditional use fulfill all other requirements of MSB Chapter 17.60 pertaining to the conditional use of this section?

√ Yes.

Describe measures being taken to prevent potential negative effect upon other properties in the area due to such factors as noise and odor.

The proposed use will produce very little noise compared to adjacent properties. Shoreline Cannabis does not anticipate any noise from the facility, and if any noise is to be produced, it will be comparable to surrounding land uses. The roads that serve the facility and surrounding uses fluctuate during "rush hour", other times of the day the roads do not seem to be used to their maximum capacity; therefore, any increase in traffic flow on the roads serving the area will be sufficient to serve the area with this new proposed retail use.

Shoreline Cannabis will abide by a strict “no odor” policy per MSB 17.60.150(A)(1) that will ensure no odor is detectable by the public from outside the facilities. This use is a retail establishment and should not have any issues with odor seeping out from the retail to the outside air. However, in an abundance of caution, odor control methods will be utilized and will consist of a number of methods meant to eliminate odors such as; sealed marijuana containers and air sanitizers throughout the building and when transporting marijuana to/from the premises. All marijuana at the retail facility will be either pre-packaged in smell-proof packaging for sale, deli-style enclosed jars that are only opened to take the product out for sale to a customer and is repacked before exiting the facility, or in enclosed jars in small amounts for customers to smell.

Describe how use is compatible with the character of the surrounding area.

√ The facility is compatible with the character of the surrounding area as it exists on a property with commercial, industrial, and wooded residential neighboring lots. The vicinity includes several vacant land parcels that remain undeveloped, contributing to the area’s tranquil and secluded atmosphere, which aligns well with the nature of a marijuana retail store. The surrounding parcels and their uses are an excellent fit for a marijuana retail store.

Current status of State License Application Process.

The Marijuana Control Board approved the application with delegation during their June 2023 meeting. *See attached board action letter.*

Misc. Items and Information.

Please see the attached parking layout diagram, which complies with MSB 17.60.170(B)&(C).

Proposed hours of operation for the retail establishment shall be 8 am – 12am Monday-Friday, 10am – 12am Saturdays and 10am – 10pm on Sundays, however the store will likely reduce hours or extend hours on certain days, depending on customer demand.

The number of employees on-site will be a minimum of 3, depending on employee shifts, season, and other store needs.

Shoreline Cannabis has been reviewed and approved by Central Mat-Su Fire Department. *See attached certificate of approval.*

The logo for the store is understated and simple that shows a plane flying over a beautiful blue lake, surrounded by trees, mountains and blue skies with the company name under the imagery. Shoreline Cannabis will have one metal and plastic 21’x3’ sign on the front of the facility facing the Palmer-Wasilla Highway. Sign will be back-lit during operating hours and off during closed hours.

Thank you for your dedication to the Community and for your thoughtful consideration of this conditional land use application.

TYPE OF CONSTRUCTION: VB
OCCUPANCY TYPE: M
2021 INTERNATIONAL BUILDING AND FIRE CODE

Justin:

Plans for remodeling the subject facility have been reviewed by this office for conformity with the State Fire Safety Regulations and are hereby approved as submitted. Enclosed is a certificate of approval that must be posted on the premises until completion of the remodel work. Any changes to the approved plans must be submitted to this office for review and approval. **You are prohibited to occupy this building until construction is completed for which plans have been examined and approved.** After completion of the construction, you must schedule a certificate of occupancy inspection prior to opening.

It must be understood that the inclusion of and compliance with State Fire Safety Regulations does not preclude the necessity of compliance with the requirements of local codes and ordinances. Also understand that approval of submitted plans is not approval of omissions or oversights by this office or noncompliance with any applicable regulations. The plans have not been reviewed for compliance with the Federal Americans with Disabilities Act or structural requirements.

If we can be of further assistance in this matter, please contact us at the address above.

Sincerely,

Department of Transportation and Public Facilities

Driveway Permit #26370

This permit allows the owner to construct and maintain a driveway within a State owned highway Right of Way.

Owner:	Storage Cache, LLC
Mailing Address:	Attention: John Simpson 19025 Villages Scenic Pkwy Anchorage, Alaska 99516
<p>Driveway location (highway, address, subdivision, legal description milepost, etc.)</p> <p style="text-align: center;">Wasilla SHARED Access - Palmer-Wasilla Highway - 4150 E Snider Drive (17N01E07B003) and 4200 E. Snider Drive (5274B03L007A)</p> <p style="text-align: center;">Installed by DOT project per 1981 agreement.</p>	

Design Criteria

Driveway width	24 Feet	Road surface type	Paved
Left edge clearance	N/At	Shoulder type	Gravel
Right edge clearance	N/A	Landing surface type	Asphalt
Left return radius	20 Feet	Left driveway fore slope	: 1 3
Right return radius	30 Feet	Right driveway fore lope	: 1 3
Shoulder width	2Feet	Ditch depth	Feet
Approach angle	90 Degrees	Culvert Type	None
Landing grade	+/- 2 Percent	Culvert Size	N/A
Landing length	30 Feet	Culvert Length	N/A

This permit applies only to the State right of way.

This permit grants permission for a driveway allowing access to and from your property onto a State maintained highway. It does not permit the following within the right of way or within that

portion of a driveway that is within the right of way: (1) Parking of vehicles "for sale"; (2) Obstructions of any kind (i.e. logs, cables, fencing, etc.); (3) Advertising signs or banners/flags; (4) Parking vehicles with signs/advertising on the side.

A driveway constructed under permit within a highway right-of-way is the property of the State, but all cost and liability arising from the construction, operation, or maintenance of a driveway is at the sole expense of those lands served.

The Department is not obligated to change its maintenance practices to accommodate a driveway constructed under a permit, or to incur any additional expense removing snow berms or other obstructions from a driveway within a right of way resulting from the Department's activities, or activities under a permit issued under 17 AAC 15.

Owner is responsible for adjusting, relocating or removing the driveway without cost or liability to the Department if the use or safety of the highway requires.

This permit is not a property right but a temporary authorization, revocable by the State upon violation of any permit terms or conditions, or for other reasons. All reasonable attorney's fees and costs associated with legal or enforcement actions related to the terms and conditions of this permit will be borne by the Owner.

Any survey monument or monument accessory that is disturbed or destroyed during construction or maintenance of the driveway will be restored or replaced by a Land Surveyor licensed in the State of Alaska.

The Owner will be responsible for all necessary Federal, State, and Municipal permits and licenses required by law, pay all taxes and special assessments lawfully imposed upon the permitted area, and pay other fees and charges assessed under applicable law.

Placement of fill material in waters of the U.S., including wetlands and streams, requires prior authorization from the U.S. Army Corps of Engineers. It is the responsibility of the owner to contact the Corps before filling activities take place.

The Owner shall construct and maintain a driveway in such a manner that the highway, and all of the highway's appurtenances or facilities, including drainage facilities, pipes, culverts, ditches, traffic control devices, street lights, pathways, and sidewalks are not impaired or endangered in any way by the construction or maintenance. If you damage any improvements within the State owned right of way, you will be responsible for returning them to their previous condition. The Department will inspect and approve the restored improvements.

Owner will indemnify, defend, and hold harmless the State, and its officers, employees, and contractors, from any and all claims or actions resulting from injury, death, loss, or damage sustained by any person or personal property resulting directly or indirectly from Owner's use of or activities in the permitted area.

Landings from all paved roads must be paved and maintained from edge of the road to the length of the landing as stipulated in this permit.

If a culvert is required by this driveway permit, culvert ends must be installed at the time of installation and maintained continuously by the owner.

No person shall place, leave, or deposit upon any street, avenue, alley, sidewalk, or other public right of way any snow or ice which has been removed from a private driveway, private parking area, or the adjacent property. Owner is responsible for contractor's actions concerning placement of snow from Owner's property.

If driveway construction or maintenance interferes with the public's safety and/or use of facilities within State owned right of way, you will be directed to stop work until adjustments are made.

While doing construction or maintenance activities do not park equipment or stockpile material on the shoulder during non-working hours.

Owner is responsible for sight distance clearing of brush and obstructions adjacent to their property

Contact the Department for information about acceptable driveway markers (i.e., size, materials, distance, etc.) for placement within the right of way.

LOW VOLUME DRIVEWAY STANDARDS

High volume driveway accesses shall follow the standards in MSB 11.12.070

- A. Driveway width as measured at the property boundary, or at the outside edge of the borough right-of-way, should be a minimum of 10 feet wide and a maximum of 25 feet wide for a residential driveway. Return curves shall be a minimum of 6 feet and maximum of 20 feet. Driveways wider than 25 feet shall be designed by a professional civil engineer registered in the state of Alaska.
- B. Driveways to corner lots shall be located 60 feet from the projected point of intersection or property corner. Driveways to corner lots or lots that border two roadways shall gain access from the right-of-way of lowest classification when rights-of-way of multiple classifications bound a lot.
- C. Driveway edge clearance shall be equal to or greater than the radius of the driveway curve return. Edge clearance for flag lots with flag poles 40 feet wide or less shall have a minimum edge clearance of 5 feet.
- D. Driveways shall not drain onto the roadway. The first 10 feet from road shoulder shall be -2% (negative two percent) slope away from roadway. Where a negative slope away from the roadway is not feasible due to topographical constraints, the driveway shall be constructed in a manner that prevents water from flowing onto the roadway.
- E. Driveways shall have a minimum 10 foot landing measured from the outside edge of the road shoulder. The driveway landing shall be installed perpendicular to the roadway. A driveway may intersect the roadway at an angle no less than 60 degrees, upon approval by the Borough, if required by topographical or physical constraints.
- F. Unless otherwise specified, a minimum 12" diameter corrugated metal pipe culvert shall be used, and shall be sloped to match the ditch gradient with at least one foot of culvert visible at the toe of the side slopes on each side of the driveway.
- G. Permittee shall be responsible for maintenance of the culvert, including thawing, to ensure proper drainage.
- H. Driveways shall be installed and maintained to provide the required sight distance triangles. Driveway maintenance is the responsibility of the property owner, including culvert cleaning and thawing, and snow removal. Snow from driveway shall not be placed in or pushed across the roadway but should be stored on property where it does not obstruct traffic signage, address numbers, or sight triangles and placed in such a way as to not interfere with road maintenance.
- I. Fill or cut slopes within the right-of-way shall not exceed 2H:1V (2 horizontal:1 vertical) unless designed by a professional civil engineer registered in the state of Alaska.

DRIVEWAY PROVISIONS

- 1. A driveway constructed within the right-of-way of a public roadway is an encroachment into that right-of-way and requires a written permit. This permit shall not grant the Permittee exclusive right to use the area encroached upon. All driveways or road approaches shall be constructed to Borough Standards.
- 2. The Permittee is responsible for removal of snow berms placed in driveway during road maintenance activities. Snow removed from driveway by Permittee shall not be placed in the roadway so as to cause interference with road maintenance activities.
- 3. All driveways or road approaches constructed under this permit within any Borough lands or rights-of-way shall be the property of the Borough. All costs and liability in their connection or in connection with their maintenance shall be at the sole expense of those lands served and/or persons served.
- 4. Such facilities shall be constructed and maintained in such a manner that the highway and all its appurtenances or facilities including, but not limited to, all drainage pipe, culverts, utilities and their safety shall not be impaired or endangered in any way by the construction or maintenance of this facility.
- 5. The Permittee shall adjust, relocate or remove this facility without cost or liability to the Borough, if, at any time, or from time to time the use or safety of the roadway requires this to be done.
- 6. The Permittee shall assume all liability or costs in connection with the facilities and shall hold the Borough or its officers, agents, employees and contractors harmless in matters pertaining to the facilities.
- 7. The Borough has the right to inspect and/or reject materials or workmanship, to stop work until corrections are made or to require removal of the facility and to charge time and equipment to the Permittee to correct the facility if it is not installed to Borough Standards.
- 8. The Permittee certifies that the minimum clearance between the proposed finished driveway grade and the lowest aerial utility conductor is in accordance with the requirements of the National Electrical Safety Code (Sec. 23).
- 9. This Driveway Permit shall belong to the property it serves and the terms and conditions shall be binding upon the Permittee, owner of the property, all new owners, and/lessee. It is the Permittee's responsibility to inform the property owner, new owner, or lessee of the Driveway Permit and conditions.

DRIVEWAY PERMIT

PERMIT # 28736

Tax ID # 5274B03L007A

The Matanuska-Susitna Borough has performed the Final Inspection of the existing driveway. The driveway has been adequately constructed to Borough standards and to the conditions outlined by the initial driveway inspector. **Your Approved Driveway Permit Number is listed above.**

Please keep this letter.

Any changes in land use or modifications of the driveway may require additional permitting. **It is the property owner's responsibility to keep the culvert ends clear of rocks and debris.** If you have any questions or concerns about your driveway or this permit, you may contact the Permit Center at 907-861-7822.

Sincerely,

Michelle Olsen, CFM

Hello,

I have calculated the trips per peak hour using the I.T.E. common trip generation rate manual. For a marijuana dispensary the rate is 21.83 trips per 1,000 square feet ground floor area. The building area is approximately 2,270 sq. ft. So if you take $2270 \times 21.83 / 1000$ your final answer is 49.55

Re: Shoreline Cannabis #32848

Dear Lake Landing Investments, LLC:

At the June 1 - 2, 2023 meeting of the Marijuana Control Board in Anchorage, Alaska, the board voted to approve your new marijuana retail store application with delegation to the director. Delegation means that the board has authorized me to issue the license once all outstanding approvals are received.

Attached are post-approval instructions and the pre-inspection checklist, which provide information on your next steps. Please note that the pre-inspection checklist is informational. You will be provided with an individualized checklist at the appropriate time.

Please contact marijuana.licensing@alaska.gov with any questions.

New Application **New Onsite Consumption Endorsement Application (Retail Only)**

AMCO has received a complete application for a marijuana establishment within your jurisdiction. This notice is required under 3 AAC 306.025(d)(2). Application documents will be sent to you separately via ZendTo.

To protest the approval of this application pursuant to 3 AAC 306.060, you must furnish the director **and** the applicant with a clear and concise written statement of reasons for the protest within 60 days of the date of this notice, and provide AMCO proof of service of the protest upon the applicant. If the protest is a "conditional protest" as defined in 3 AAC 306.060(d)(2) and the application otherwise meets all the criteria set forth by the regulations, the Marijuana Control Board may approve the license, but require the applicant to show to the board's satisfaction that the requirements of the local government have been met before the director issues the license.

3 AAC 306.010, 3 AAC 306.080, and 3 AAC 306.250 provide that the board will deny an application for a new license if the board finds that the license is prohibited under AS 17.38 as a result of an ordinance or election conducted under AS 17.38 and 3 AAC 306.200, or when a local government protests an application on the grounds that the proposed licensed premises are located in a place within the local government where a local zoning ordinance prohibits the marijuana establishment, unless the local government has approved a variance from the local ordinance.

This application will be in front of the Marijuana Control Board at our June 1-2, 2023, meeting.

Sincerely,

Handwritten signature of Joan M. Wilson in cursive.

Alaska Marijuana Control Board
Form MJ-01: Marijuana Establishment Operating Plan

What is this form?

An operating plan is required for all marijuana establishment license applications. Applicants should review **Title 17.38 of Alaska Statutes** and **Chapter 306 of the Alaska Administrative Code**. This form will be used to document how an applicant intends to meet the requirements of those statutes and regulations. If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020(c).

What must be covered in an operating plan?

Applicants must identify how the proposed premises will comply with applicable statutes and regulations regarding the following:

- Control plan for persons under the age of 21
- Security
- Business records
- Inventory tracking of all marijuana and marijuana product on the premises
- Employee qualification and training
- Health and safety standards
- Transportation and delivery of marijuana and marijuana products
- Signage and advertising

Applicants must also complete the corresponding operating plan supplemental forms (**Form MJ-03, Form MJ-04, Form MJ-05, or Form MJ-06**) to meet the additional operating plan requirements for each license type.

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

Section 2 – Control Plan for Persons Under the Age of 21

2.1. Describe how the marijuana establishment will prevent persons under the age of 21 from gaining access to any portion of the licensed premises and marijuana items:

This is a marijuana retail store. Once legal Id's are checked at the main door, persons 21 years of age and older will be admitted. Upon admittance, they will review the menus with available selections, approach and place their order. Their order will be filled, point of sale system utilized for the sale and the product subsequently given to them in packaging as required. No tours or leisure visits are permitted within the licensed premises areas or any portion of this licensed facility including restricted areas. Any visitor to this part of the licensed premises will have to be able to prove: over 21 years of age via valid ID: State or federal, drivers license, passport etc., and a need to be escorted into any restricted access area. If a need is determined, visitor's identification will be screened, and the visitors log will be filled out. Visitor will wear an identification tag at all times while in the facility. No more than 5 visitors per employee or agent will be permitted in the facility at a time, in accordance with applicable laws and AMCO regulations. All other means of ingress and egress doors to this facility and building will remain locked at all times. No handling of the marijuana will occur except by the licensee, his employees or agents and not by and visitors or customers. All marijuana will be kept in restricted areas where no customers have access to it. Video surveillance will record all entries, exits, points of sale and rooms within this licensed facility with the exception of the rest room which is part of the licensed facility but not a restricted access area.

Section 3 – Security

Restricted Access Areas (3 AAC 306.710):

3.1. Describe how you will prevent unescorted members of the public from entering restricted access areas:

The Applicant requires all visitors to call ahead and establish an appointment at the facility before they arrive. Upon arrival, an employee escort who will request identification from the visitor, complete the visitor's log, and issue a visitor's badge shall greet visitors. Valid forms of identification include an unexpired, unaltered passport; a driver's license or permit; or an identification card of any U.S. state or province or territory of Canada. Anyone without identification and/or under the age of 21 may not enter the retail facility. The designated employee shall record the information pertaining to the visit on a visitor's log and issue a visitor's identification badge before entering the restricted area. Information on the visitor's log includes name, date of birth, current date, time in/out, email address or phone number, and the employee escort's name. The visitor shall wear the badge while on premises. The employee escort is required to remain with the visitor and is responsible for noting the time the visitor leaves and retrieving the visitor's badge. The Visitor Policy shall apply to all facility visitors including, but not limited to, contractors and delivery/transportation drivers. No more than five visitors per escort. All restricted access areas will be clearly marked and remain locked and closed.

3.2. Describe your recordkeeping and processes for admitting visitors into and escorting them through restricted access areas:

A logbook to record the persons full name, date of visit, time of entry and departure and nature/purpose of visit will be maintained. Visitor's I.D. numbered badges will also be required to be worn at all times while upon the premises. Badges will be returned at the end of said visit and they will be accounted for at the end of each visit as well. The Applicant requires all visitors to call ahead and establish an appointment at the facility before they arrive. Upon arrival, an employee escort who will request identification from the visitor, complete the visitor's log, and issue a visitor's badge shall greet visitors. Valid forms of identification include an unexpired, unaltered passport; a driver's license or permit; or an identification card of any U.S. state or province or territory of Canada. Anyone without identification and/or under the age of 21 may not enter the retail facility. The designated employee shall record the information pertaining to the visit on a visitor's log and issue a visitor's identification badge before entering the restricted area. Information on the visitor's log includes name, date of birth, current date, time in/out, email address or phone number, and the employee escort's name. The visitor shall wear the badge while on premises. The employee escort is required to remain with the visitor and is responsible for noting the time the visitor leaves and retrieving the visitor's badge. The Visitor Policy shall apply to all facility visitors including, but not limited to, contractors and delivery/transportation drivers. No more than five visitors per escort. All restricted access areas will be clearly marked and remain locked and closed until a need for them to be opened is determined.

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

3.3. Provide samples of licensee-produced identification badges that will be displayed by each licensee, employee, or agent while on the premises, and of visitor identification badges that will be worn by all visitors while in restricted access areas:

Security Alarm Systems and Lock Standards (3 AAC 306.715):

3.4. Exterior lighting is required to facilitate surveillance. Describe how the exterior lighting will meet this requirement:

Commercial type exterior high lumen output lighting will be provided at all facility exits and entrances and each side of the building. Some of the lighting will be motion sensitive if desired or on at all times. Security cameras will be I.R. capable, and the field of view will cover the approach up to each exterior door. Security cameras will record 24 hours per day, seven days per week, 365 days per year for a minimum of 40 days as per AMCO regulation.

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

3.5. An alarm system is required for all license types that must be activated on all exterior doors and windows when the licensed premises is closed for business. Describe the security alarm system for the proposed premises, explain how it will meet all regulatory requirements, and outline your policies and procedures regarding the actions to be taken by a licensee, employee, or agent when the alarm system alerts of an unauthorized breach:

The alarm system that will be in use at the proposed facility will be provided and monitored by, Alarm.com or similar company. The system will be comprised of a main control panels with panic functions for fire, emergency and medical. Hold up alarms (silent alarms), multiple interior motion sensors, door and window sensors for all doors and windows. Motion detectors in all rooms and covering all doors and windows. Internal and external siren. All to be monitored at all times when activated during closed hours. Alarm system controls will be wall-mounted. Any time the facility is left unattended, the alarm system shall be "active". All windows and exits will be monitored 24 hours a day, 7 days a week. The video system will record 24 hours per day, seven days per week, 24 hours per day in excess of 40 days with day, date and time stamps. Motion Detectors are integrated into the security system. In the event of a motion related alarm, Licensee or designated agent will view the camera feed from inside the proposed facility or other location to determine if any further action is necessary. The panic audible alarm button will be used in the event of any perceived security breach as well as silent alarm buttons/switches to be activated in case of hold up or other emergency that may arise. Procedures for a notification of security breach: If facility is staffed, assess situation and take appropriate action. Call 911 if necessary. If the situation allows, remain at facility to assist law enforcement. If facility is vacant. Licensee or authorized agent are to return to facility to assist law enforcement once the area is made safe by law enforcement. Law enforcement will be notified immediately by the alarm monitoring company should the alarm be set-off or for fire or other emergency. They will then respond. All employees, agents of licensee and licensee will cooperate with members of law enforcement. We will notify the Department of Commerce, Community, and Economic Development, Alcohol and Marijuana Control Office as soon as reasonably practical and in any case not more than 24 hours after any unauthorized access to the premises or the establishment's knowledge of evidence or circumstances that reasonably indicate theft, diversion, or unexplained disappearance of marijuana, marijuana products, or money from the licensed premises.

3.6. Describe your policies and procedures for preventing diversion of marijuana or marijuana product, including by employees:

All marijuana product on premises will only be handled by licensee, employees or agents designated by licensee. All will have the required marijuana handler's card. Licensee, employee or agent will be present at transfers of marijuana product to ensure integrity of shipment. All marijuana product on premises will be logged in and tracked in accordance with Franwell/METRC system from seed to sale. Routine internal audits will be conducted periodically. Video cameras will run 24 hours per day, 365 days per year both indoors and outside as previously designated and will be stored for a minimum of 40 days. Should any diversion occur, a review of the video surveillance tapes both from the inside and outside will help to catch any perpetrator and proper action may be taken. Furthermore, the tracking system and recorded weights of marijuana product will detect any change to our marijuana supplies, so that action may immediately be taken which includes notification to AMCO and local law enforcement. All employees including their bags, backpacks, purses etc. will be subject to search as a part of their condition of employment upon suspicion of diversion. Furthermore, employees will have to place all personal belongings into a separate locker when coming to work or lock them within their vehicle or leave them at home. If diversion is determined to have occurred, AMCO enforcement will be notified immediately and no more than 24 hours after the diversion, theft or loss etc. is discovered.

3.7. Describe your policies and procedures for preventing loitering:

Signs will be posted stating a clear message that "No Trespassing" or "No Loitering" is permitted, and that area is video monitored 24/7. Video surveillance of the exterior areas will be available to employees inside the facility. Standard policy is to notify law enforcement of any violation these regulations or of any suspicious activity. There will be no loiterers or trespassers: None.

You must be able to certify the statement below. Read the following and then sign your initials in the box to the right: Initials

3.8. I certify that if any additional security devices are used, such as a motion detector, pressure switch, and duress, panic, or hold-up alarm, to enhance security of the licensed premises, I will have written policies and procedures describing their use.

Alaska Marijuana Control Board

Form MJ-01: Marijuana Establishment Operating Plan

Video Surveillance (3 AAC 306.720):

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

3.9. The video surveillance and camera recording system for the licensed premises covers each restricted access area, and both the interior and exterior of each entrance to the facility.

JB

3.10. Each video surveillance recording: is preserved for a minimum of 40 days, in a format that can be easily accessed for viewing (consistent with the Alcohol & Marijuana Control Office's approved format list); clearly and accurately displays the time and date; and is archived in a format that does not permit alteration of the recorded image.

JB

3.11. The surveillance room or area is clearly defined on the Form MJ-02: Premises Diagram that is submitted with this application.

JB

3.12. Surveillance recording equipment and video surveillance records are housed in a designated, locked, and secure area or in a lock box, cabinet, closet or other secure area where access is limited to the licensee(s), an authorized employee, and law enforcement personnel (including an agent of the Marijuana Control Board).

JB

3.13. Describe how the video cameras will be placed to produce a clear view adequate to identify any individual inside the licensed premises, or within 20 feet of each entrance to the licensed premises:

Entrances/exits to and from the facility will have cameras (within 20 feet of each entrance/exit) trained on them from the interior in such a way that faces are easily identified. Facility entrances/exits will also have exterior cameras (within 20 feet of each entrance/exit) to monitor areas around exits to provide a view of the approach to the entrances/exits. All rooms will have cameras as well covering all portions of each room. All cameras will be high definition, mounted at a height sufficient for clear video footage with infrared/night vision capabilities for night viewing and recording.

3.14. Describe the locked and secure area where video surveillance recording equipment and original copies of surveillance records will be housed and stored, and how you will ensure the area is accessible only to authorized personnel, law enforcement, or an agent of the Marijuana Control Board. If you will be using an offsite monitoring service and offsite storage of video surveillance records, your response must include how the offsite facility will meet these security requirements:

All video surveillance will be stored in a digital format on a local device and backed up on a hard drive. Storage will be sized appropriately to maintain at a minimum 40 days of recording, and a digital back-up of all data. Server rack will consist of a wall mountable, lockable cabinet sized appropriately to contain all necessary computer components. The rack will be located within a secure locked room within the proposed facility, ensuring that only authorized personnel are able to access the video surveillance equipment. Its' accessibility will be via password protection and only the licensee, or designated employee will have access to it. It maintains storage for over 40 days and will be accessible to AMCO enforcement and/or law enforcement as well upon request. It is not accessible to the general public.

Form MJ-01: Marijuana Establishment Operating Plan

Section 4 – Business Records

Review the requirements under 3 AAC 306.755. All licensed marijuana establishments must maintain, in a format that is readily understood by a reasonably prudent business person, certain business records.

4.1. I certify that the following business records will be maintained and kept on the licensed premises:

Initials

- a. all books and records necessary to fully account for each business transaction conducted under my license for the current year and three preceding calendar years (records for the last six months must be maintained on the licensed premises; older records may be archived on or off-premises);
- b. a current employee list setting out the full name and marijuana handler permit number of each licensee, employee, and agent who works at the marijuana establishment;
- c. the business contact information for vendors that maintain video surveillance systems and security alarm systems for the licensed premises;
- d. records related to advertising and marketing;
- e. a current diagram of the licensed premises, including each restricted access area;
- f. a log recording the name, and date and time of entry of each visitor permitted into a restricted access area;
- g. all records normally retained for tax purposes;
- h. accurate and comprehensive inventory tracking records that account for all marijuana inventory activity from seed or immature plant stage until the retail marijuana or retail marijuana product is sold to a consumer, to another marijuana establishment, or destroyed;
- i. transportation records for marijuana and marijuana product, as required by 3 AAC 306.750(f); and
- j. registration and inspection reports of scales registered under the Weights and Measures Act, as required by 3 AAC 306.745.

JB
JB
JB
JB
JB
JB
JB
JB
JB
JB

4.2. A marijuana establishment is required to exercise due diligence in preserving and maintaining all required records. Describe how you will prevent records and data, including electronically maintained records, from being lost or destroyed:

All business records will be kept on the premises in a locked file cabinet or safe. These records will be available for inspection upon request. These records include but are not limited to: a current employee list and handler card information, contact information for our vendors and video surveillance and alarm systems, records on advertising and marketing, visitor logs, tax records, premise diagram and transportation records. The digital records will be backed up at the end of each business day. Security camera video will be maintained for 40 days of recording at a minimum. This company will provide any record required to be kept on the licensed premises to an employee of the board upon request. Any records kept off premises will be provided within 3 days of the request. Some of these records may be kept on an external hard drive and maintained within the locked cabinet and/or safe.

Form MJ-01: Marijuana Establishment Operating Plan

Section 5 – Inventory Tracking of All Marijuana and Marijuana Product

Review the requirements under 3 AAC 306.730. All licensed marijuana establishments must use a marijuana inventory tracking system capable of sharing information with Metrc to ensure all marijuana cultivated and sold in the state, and each marijuana product processed and sold in the state, is identified and tracked from the time the marijuana is propagated from seed or cutting, through transfer to another licensed marijuana establishment, or use in manufacturing a marijuana product, to a completed sale of marijuana or marijuana product, or disposal of the harvest batch of marijuana or production lot of marijuana product.

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

5.1. My marijuana establishment will be using Metrc, and if any other tracking software is used, it will be capable of sharing information with Metrc.

JB

5.2. All marijuana delivered to a marijuana establishment will be weighed on a scale registered in compliance with 3 AAC 306.745.

JB

5.3. My marijuana establishment will use registered scales in compliance with AS 45.75.080 (Weights and Measures Act), as required by 3 AAC 306.745.

JB

Section 6 – Employee Qualification and Training

Review the requirements under 3 AAC 306.700. All licensees, and every employee or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or a marijuana product, or who checks the identification of a consumer or visitor, must obtain a marijuana handler permit from the board before being licensed or beginning employment at a marijuana establishment.

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

6.1. All licensees, and each employee or agent of the marijuana establishment who sells, cultivates, manufactures, tests, or transports marijuana or marijuana product, or who checks the identification of a consumer or visitor, shall obtain a marijuana handler permit from the board before being licensed or beginning employment at the marijuana establishment.

JB

6.2. Each licensee, employee, or agent who is required to have a marijuana handler permit shall keep that person's marijuana handler permit card in that person's immediate possession (or a valid copy on file on the licensed premises) when on the licensed premises.

JB

6.3. Each licensee, employee, or agent who is required to have a marijuana handler permit shall ensure that that person's marijuana handler permit card is valid and has not expired.

JB

6.4. Describe any in-house training that will be provided to employees and agents (apart from a marijuana handler course):

Aside from the marijuana handler's course and required testing, licensees, employees and agents will be kept current as to any change in regulation from AMCO, law enforcement (state, local or federal) as well as to any industry changes. This will be done monthly at monthly meetings between supervisor's and employees, unless METRC issues a bulletin or AMCO issues an advisory requiring more immediate dissemination of information. In this event, affected employees will be required to read and sign such memos at commencement of 1st shift after advisory or bulletin received. Additional training will also be made available to all employees through applicable media, legal articles, periodicals of trade and updated handler's recertification tests as they become due for recertification as well as any other information that may become available and be applicable. The internet is also a good source for updated information as well and will be utilized. Will subscribe to the AMCO mailing list and open METRC bulletins in timely fashion.

Form MJ-01: Marijuana Establishment Operating Plan

Section 7 – Health and Safety Standards

Review the requirements under 3 AAC 306.735.

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

- 7.1. I understand that a marijuana establishment is subject to inspection by the local fire department, building inspector, or code enforcement officer to confirm that health or safety concerns are not present. JB
- 7.2. I have policies regarding health and safety standards (including: ensuring a person with an illness or infection does not come into contact with marijuana or marijuana product; good hygienic practices; cleaning and maintenance of equipment and the premises; pest deterrence; chemical storage; sanitation principles; and proper handling of marijuana and marijuana product) and will take all reasonable measures and precautions to ensure that they are met or exceeded. JB
- 7.3. I have policies to ensure that any marijuana or marijuana product that has been stored beyond its usable life, or was stored improperly, is not salvaged and returned to the marketplace. JB
- 7.4. I have policies to ensure that in the event information about the age or storage conditions of marijuana or marijuana product is unreliable, the marijuana or marijuana product will be handled in accordance with 3 AAC 306.735(d). JB

Answer "Yes" or "No" to each of the following questions:

Yes No

- 7.5. Adequate and readily accessible toilet facilities that are maintained and in good repair and sanitary condition are clearly indicated on my Form MJ-02: Premises Diagram.
- 7.6. Convenient handwashing facilities with running water at a suitable temperature are clearly indicated on my Form MJ-02: Premises Diagram.

7.7. If you answered "No" to either 7.5 or 7.6 above, describe how toilet and/or handwashing facilities are made accessible, as required by 3 AAC 306.735(b)(2):

Section 8 – Transportation and Delivery of Marijuana and Marijuana Products

Review the requirements under 3 AAC 306.750.

8.1. Describe how marijuana or marijuana product will be prepared, packaged, and secured for shipment. Include a description of the type of locked, safe, and secure storage compartments to be used in vehicles transporting marijuana or marijuana product:

Marijuana or a marijuana product may only be transported to a licensed marijuana establishment by a licensee or an agent or employee of a licensee. Bulk batch packs of up to 5 pounds may be received. Once received and entered in to METRC, the marijuana will be packaged (if not purchased prepackaged) in a variety of ways. Batches of 1.0 gram packs may be produced as well as 1/8 oz, 1/4oz and 1 ounce packages: cannot exceed 1 ounce. All labeling on all packaging will meet the standards as required for retailers. See attached. All marijuana slated to leave the facility will be placed into a durable, tamper-evident METRC packaging prior to transport. The shipment will be accompanied by the appropriate manifest, and will be verified by the licensee or designated agent before the shipment is permitted to leave. A marijuana establishment shall keep records of all marijuana or marijuana products shipped from or received at that marijuana establishment as required under 3 AAC 306. 755. See cont'd response.

Form MJ-01: Marijuana Establishment Operating Plan

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

8.2. The marijuana establishment from which a shipment of marijuana or marijuana product originates will ensure that any individual transporting marijuana shall have a marijuana handler permit required under 3 AAC 306.700.

JB

8.3. The marijuana establishment that originates the transport of any marijuana or marijuana product will use the marijuana inventory tracking system to record the type, amount, and weight of marijuana or marijuana product being transported, the name of the transporter, the time of departure and expected delivery, and the make, model, and license plate number of the transporting vehicle.

JB

8.4. The marijuana establishment that originates the transport of any marijuana or marijuana product will ensure that a complete printed transport manifest on a form prescribed by the board must be kept with the marijuana or marijuana product at all times during transport.

JB

8.5. During transport, any marijuana or marijuana product will be in a sealed package or container in a locked, safe, and secure storage compartment in the vehicle transporting the marijuana or marijuana product, and the sealed package will not be opened during transport.

JB

8.6. Any vehicle transporting marijuana or marijuana product will travel directly from the shipping marijuana establishment to the receiving marijuana establishment, and will not make any unnecessary stops in between except to deliver or pick up marijuana or marijuana product at any other licensed marijuana establishment.

JB

8.7. When the marijuana establishment receives marijuana or marijuana product from another licensed marijuana establishment, the recipient of the shipment will use the marijuana inventory tracking system to report the type, amount, and weight of marijuana or marijuana product received.

JB

8.8. The marijuana establishment will refuse to accept any shipment of marijuana or marijuana product that is not accompanied by the transport manifest.

JB

Section 9 – Signage and Advertising

Review the requirements under 3 AAC 306.770.

9.1. Describe any signs that you intend to post on your establishment, including quantity, dimensions, graphics, and location on your establishment (photos or drawings may be attached):

Not more than three signs will be used, either attached to the building or within the windows (no marijuana or products shall be visible to the public) and each sign may not exceed 4800 square inches. The sign would depict the name of the facility, address, phone number and/or any logo. The signage including logo would not be enticing towards children.

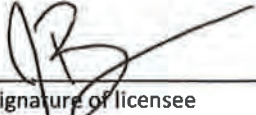

Form MJ-01: Marijuana Establishment Operating Plan

9.2. Describe any advertising you intend to distribute for your establishment. Include medium types and business logos (photos or drawings may be attached):

Advertising may consist of local Alaska Leaf magazine, trade magazines, social media, lighters, clothing items or other items of permissible branding, website, business cards, stickers, and/or in collaboration with local and state wide retailers. It would reflect the name of the business, address, phone number, email address and company logo. The logo will not be enticing towards children. This list is merely inclusive but not exhaustive. See Attached Logo.

I declare under penalty of unsworn falsification that this form, including all accompanying schedules and statements, is true, correct, and complete.

Form MJ-01: Marijuana Establishment Operating Plan

(Additional Space as Needed):

3.6 Cont'd Response:

All employees including their bags, backpacks, purses etc. will be subject to search as a part of their condition of employment upon suspicion of diversion. Furthermore, employees will have to place all personal belongings into a separate room when coming to work or lock them within their vehicle or leave them at home.

8.1 Cont'd Response:

In accordance with 3 AAC 306.470, when we package the marijuana , we will either place in a package of 1 ounce or less, in approved packaging for the retail store to sell individually. In accordance with 3 AAC 306.475, the packaging shall have these 5 statements to be on the packaging:

- {1} "Marijuana has intoxicating effects and may be habit forming and addictive.";
- (2) "Marijuana impairs concentration, coordination, and judgment. Do not operate a vehicle or machinery under its influence.";
- (3) "There are health risks associated with consumption of marijuana.";
- (4) "For use only by adults twenty-one and older. Keep out of the reach of children.";
- (5) "Marijuana should not be used by women who are pregnant or breast feeding.".

When marijuana or a marijuana product is transported the marijuana establishment that originates the transport shall use the marijuana inventory tracking system to record the type, amount and weight of marijuana or marijuana product being transported, the name of the transporter, the time of departure and expected delivery, and the make, model, and license plate number of the transporting vehicle. A complete printed transport manifest on a form prescribed by the board must be kept with the marijuana or marijuana product at all times. During transport, the marijuana or marijuana product must be in a sealed package or container and in a locked, safe, and secure storage compartment in the vehicle transporting the marijuana or marijuana product. The sealed package may not be opened during transport. A vehicle transporting marijuana or a marijuana product must travel directly from the shipping marijuana establishment to the receiving marijuana establishment, and may not make unnecessary stops in between except to deliver or pick up marijuana or a marijuana product at another licensed marijuana establishment. When a marijuana establishment receives marijuana or a marijuana product transported in compliance with this section, the recipient of the shipment shall use the marijuana inventory tracking system to report the type, amount, and weight of marijuana or marijuana product received. The recipient shall refuse to accept any shipment of marijuana or marijuana product that is not accompanied by the transport manifest. The locked, safe and secure storage compartment is located behind the rear seat of our transport vehicle and will be bolted or chained in to the vehicle frame. All marijuana product will be contained within this safe. The compartment measures approximately 18" wide x10" tall x 59" long. In the event that the proposed facility's planned transport vehicle is not available, a contract transportation/ security company such as Valkyrie Security & Asset Protection or The Transfer Answer will be utilized to carry out product transfers. It will have the required manifest and disclosures attached to the outside of it as required per regulation. See above.

Alaska Marijuana Control Board Form MJ-02: Premises Diagram

What is this form?

A detailed diagram of the proposed licensed premises is required for all marijuana establishment license applications, per 3 AAC 306.020(b)(8). **All areas designated as the licensed premises of a single license must be contiguous. All diagrams must have the licensed premises area labeled, and outlined or shaded as appropriate.**

What must be submitted with this form?

Applicants must attach multiple diagrams to this form, including (as applicable):

- **Diagram 1:**
a diagram showing only the licensed premises areas that will be ready to be **operational at the time of your preliminary inspection** and license issuance;
- **Diagram 2:**
if different than Diagram 1, a diagram outlining **all areas for which the licensee has legal right of possession** (a valid lease or deed), and clearly showing those areas' relationship to the current proposed licensed premises (*details of any planned expansion areas do not need to be included; a complete copy of Form MJ-14: Licensed Premises Diagram Change must be submitted and approved before any planned expansion area may be added to the licensed premises*);
- **Diagram 3:**
a **site plan or as-built of the entire lot**, showing all structures on the property and clearly indicating which area(s) will be part of the licensed premises;
- **Diagram 4:**
an **aerial photo of the entire lot and surrounding lots**, showing a view of the entire property and surrounding properties, and clearly indicating which area(s) will be part of the licensed premises (*this can be obtained from sources like Google Earth*); and
- **Diagram 5:**
a diagram of the **entire building in which the licensed premises is located**, clearly distinguishing the licensed premises from unlicensed areas and/or premises of other licenses within the building. If your proposed licensed premises is located within a building or building complex that contains multiple business and/or tenants, please provide the addresses and/or suite numbers of the other businesses and/or tenants (*a separate diagram is not required for an establishment that is designating the entire building as a single licensed premises*).

This form, and all necessary diagrams that meet the requirements on Page 2 of this form, must be completed and submitted to AMCO's main office before any new or transfer license application will be considered complete.

Section 1 - Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Lake Landing Investments, LLC	MJ License #:	32848		
License Type:	RETAIL MARIJUANA STORE				
Doing Business As:	Shoreline Cannabis				
Premises Address:	4200 E Snider Rd.				
City:	Wasilla	State:	Alaska	ZIP:	99654

Alaska Marijuana Control Board Form MJ-02: Premises Diagram

Section 2 – Required Information

For your security, do not include locations of security cameras, motion detectors, panic buttons, and other security devices. Items marked with a double asterisks (***) are only required for those retail marijuana establishments that are also applying for an onsite consumption endorsement.

The following details must be included in all diagrams:

- License number and DBA
- Legend or key
- Color coding
- Licensed Premises Area Labeled and Shaded, or Outlined as appropriate
- Dimensions
- Labels
- True north arrow

The following additional details must be included in Diagram 1:

- Surveillance room
- Restricted access areas
- Storage areas
- Entrances, exits, and windows
- Walls, partitions, and counters
- Any other areas that must be labeled for specific license or endorsement types
- ** Serving area(s)
- **Employee monitoring area(s)
- **Ventilation exhaust points, if applicable

The following additional details must be included in Diagram 2:

- Areas of ingress and egress
- Entrances and exits
- Walls and partitions

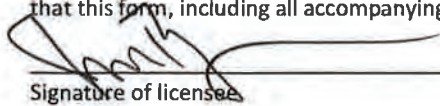

The following additional details must be included in Diagrams 3 and 4:

- Areas of ingress and egress
- Cross streets and points of reference

The following additional details must be included in Diagram 5:

- Areas of ingress and egress
- Entrances and exits
- Walls and partitions
- Cross streets and points of reference

I declare under penalty of unsworn falsification that I have attached all necessary diagrams that meet the above requirements, and that this form, including all accompanying schedules, statements, and depictions is true, correct, and complete.

Alaska Marijuana Control Board Operating Plan Supplemental Form MJ-03: Retail Marijuana Store

What is this form?

This operating plan supplemental form is required for all applicants seeking a retail marijuana store license and must accompany **Form MJ-01: Marijuana Establishment Operating Plan**, per 3 AAC 306.020(b)(11). Applicants should review **Chapter 306: Article 3** of the **Alaska Administrative Code**. This form will be used to document how an applicant intends to meet the requirements of the statutes and regulations.

If your business has a formal operating plan, you may include a copy of that operating plan with your application, but all fields of this form must still be completed per 3 AAC 306.020 and 3 AAC 306.315(2).

What additional information is required for retail stores?

Applicants must identify how the proposed establishment will comply with applicable regulations regarding the following:

- Prohibitions
- Signage and advertising
- Displays and sales
- Exit packaging and labeling
- Security
- Waste disposal

This form must be completed and submitted to AMCO's main office before any new or transfer application for a retail marijuana store license will be considered complete.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Lake Landing Investments, LLC	MJ License #:	32848		
License Type:	Retail Marijuana Store				
Doing Business As:	Shoreline Cannabis				
Premises Address:	4200 E Snider Rd.				
City:	Wasilla	State:	Alaska	ZIP:	99654

Form MJ-03: Retail Marijuana Store Operating Plan Supplemental

Section 2 – Overview of Operations

2.1. Provide an overview of your proposed facility's operations. Include information regarding the intake and flow of marijuana and marijuana product at your premises, and a description of what a standard customer visit to your establishment would entail:

When an Incoming transfer of marijuana or marijuana product arrives at our facility, the transfer agent will be greeted and will have their marijuana handler permit checked by our staff before being granted access to our facility.

All transfers will occur in the secure portion of our facility.

All visitors, including other licensees and transfer agents, will be logged in our visitors log and will be issued a visitors pass to wear prior to being granted access to enter the secure portion of our facility.

Every Incoming transfer will be verified against the manifest; ensuring package tags are with product and match product, and that the quantities and weights manifested are accurate. Once weights, quantities, and package tags have been verified, the manifest will be signed and dated by the receiving manager on duty and the time of acceptance will be noted on the hard copy of the manifest and the transfer will be accepted in METRC. If any variance should exist between the manifested quantity and the actual quantity, every effort will be made to reach the licensee before accepting or rejecting any transfer.

See cont'd response, P. 6.

Section 3 – Prohibitions

Review the requirements under 3 AAC 306.310.

3.1. Describe how you will ensure that the retail marijuana store will not sell, give, distribute, or deliver marijuana or marijuana product to a person who is under the influence of an alcoholic beverage, inhalant, or controlled substance:

All staff members will be privately trained annually and prior to hire in preventing purchases by intoxicated persons under the influence of alcoholic beverages, inhalants, controlled substances as well as spice and other designer drugs. In addition, all employees will have completed the state required marijuana handlers course, passed the written examination in order to receive their current handler's permit (renewals as required).

See cont'd response P. 6.

3.2. I certify that the retail marijuana store will not:

Initials

- a. sell, give, distribute, deliver, or offer to sell, give, distribute, or deliver marijuana or marijuana product in a quantity exceeding the limit set out in 3 AAC 306.355;
- b. sell, give, distribute, deliver, or offer to sell, give, distribute, or deliver marijuana or marijuana product over the internet;
- c. offer or deliver to a consumer, as a marketing promotion or for any other reason, free marijuana or marijuana product, including a sample;
- d. offer or deliver to a consumer, as a marketing promotion or for any other reason, alcoholic beverages, free or for compensation; or
- e. allow a person to consume marijuana or a marijuana product on the licensed premises.

JB
JB
JB
JB
JB

Answer "Yes" or "No" to the following question:

Yes No

3.3. Do you plan to request future approval of the Marijuana Control Board to permit consumption of marijuana or marijuana product in a designated area on the proposed premises?

Form MJ-03: Retail Marijuana Store Operating Plan Supplemental

Section 4 – Signage and Advertising

Review the requirements under 3 AAC 306.360 and 3 AAC 306.365. All licensed retail marijuana stores must meet minimum standards for signage and advertising.

You must be able to certify each statement below. Read the following and then sign your initials in the corresponding box: Initials

4.1. I understand and agree to follow the limitations regarding the number, placement, and size of signs on my proposed establishment, set forth in 3 AAC 306.360(a).

JB

4.2. The retail marijuana store will not use giveaway coupons as promotional materials, or conduct promotional activities such as games or competitions to encourage the sale of marijuana or marijuana products.

JB

4.3. All advertising for marijuana or marijuana product will contain the warnings required under 3 AAC 306.360(e).

JB

4.4. I understand and agree to post, in a conspicuous location visible to customers, the notification signs required under 3 AAC 306.365.

JB

4.5. I certify that no advertisement for marijuana or marijuana product will contain any statement or illustration that:

a. is false or misleading;

JB

b. promotes excessive consumption;

JB

c. represents that the use of marijuana has curative or therapeutic effects;

JB

d. depicts a person under the age of 21 consuming marijuana; or

JB

e. includes an object or character, including a toy, a cartoon character, or any other depiction designed to appeal to a child or other person under the age of 21, that promotes consumption of marijuana.

JB

4.6. I certify that no advertisement for marijuana or marijuana product will be placed:

a. within 1,000 feet of the perimeter of any child-centered facility, including a school, childcare facility, or other facility providing services to children, a playground or recreation center, a public park, a library, or a game arcade that is open to persons under the age of 21;

JB

b. on or in a public transit vehicle or public transit shelter;

JB

c. on or in a publicly owned or operated property;

JB

d. within 1,000 feet of a substance abuse or treatment facility; or

JB

e. on a campus for postsecondary education.

JB

Section 5 – Displays and Sales

5.1. Describe how marijuana and marijuana products at the retail marijuana store will be displayed and sold:

Products at our facility will be displayed; (1) hanging on a wall located behind our counter space in a restricted access area and (2) in secured glass cases, which only authorized personnel can access. Customers will not have free access to such display cases. No product is to be touched by anyone other than our employees prior to sale. Customers will consult our staff on which products they intend to purchase. All purchases will be made at our designated Point of Sale (POS) system. Once payment has been issued, the customer will be provided with their packaged products and may exit the building. All products within that purchase will have labeling provided by either the originating licensed cultivation company or SupHerb. The label will include the logo, store name, license number, THC levels (levels provided by a licensed Marijuana Testing Facility), and all warning statements required under 3 AAC 306.345.

Form MJ-03: Retail Marijuana Store Operating Plan Supplemental

Section 6 – Exit Packaging and Labeling

Review the requirements under 3 AAC 306.345.

6.1. Describe how the retail marijuana store will ensure that marijuana and marijuana products sold on its licensed premises will meet the packaging and labeling requirements set forth in 3 AAC 306.345(a):

Products will be packaged in opaque, resealable, child-resistant packaging as described in 3 AAC 306.345 (a). Any and all products to be sold will comply with; 3 AAC 306.470, 3 AAC 306.475, 3 AAC 306.565, 3 AAC 306.570 and 3 AAC 306.345(b).

Upon receipt of any marijuana from a license cultivation facility, staff will be required to inspect such packaging to verify the labeling requirements described in 3 AAC 306.475(a) and 3 AAC 306.570(c). Staff will also make sure to review the labeling information to verify that packaging and potency conforms to regulations set forth in 3 AAC 306.560.

The facility will utilize weight measuring scales in compliance to 3 AAC 306.745 to verify weights of product. Packaging to be resold from a cultivation facility without additional handling from our facility will not be in excess of one ounce in weight and will contain our company logo and license number. Wholesale purchases will be verified to not be in excess of five pounds of product for repackaging.

6.2. Provide a sample label that the retail marijuana store will use to meet the labeling requirements set forth in 3 AAC 306.345(b):

RESPONSE TO QUESTION 6.2: SAMPLE LABEL

SAMPLE LABEL #1

- (1) "Marijuana has intoxicating effects and may be habit forming and addictive."
- (2) "Marijuana impairs concentration, coordination, and judgment. Do not operate a vehicle or machinery under its influence."
- (3) "There are health risks associated with consumption of marijuana."
- (4) "For use only by adults twenty-one and older. Keep out of the reach of children."
- (5) "Marijuana should not be used by women who are pregnant or breast feeding."

Form MJ-03: Retail Marijuana Store Operating Plan Supplemental

Section 7 – Security

Review the requirements under 3 AAC 306.350 and 3 AAC 306.720.

7.1. Describe the retail marijuana store's procedures for ensuring a form of valid photographic identification has been produced before selling marijuana or marijuana product to a person, as required by 3 AAC 306.350(a):

All employees will be trained in the recognition of valid and acceptable identification per SOA regulations governing acceptable forms of identification. See 3 AAC 306.350(a)&(b). Employees will take the following steps to ensure valid identification has been produced prior to any entry into the retail store as follows: Make certain ID has not expired and person is over 21 years of age; request ID be removed from wallet or purse or anything with a cover over it; take physical control of the ID; check the date of birth; ensure ID has not been tampered with; look for any material changes to ID. See continued response.

You must be able to certify the statement below. Read the following and then sign your initials in the box to the right:

Initials

7.2. The video surveillance and camera recording system for the licensed premises covers each point-of-sale area.

JB

Section 8 – Waste Disposal

Review the requirements under 3 AAC 306.740.

8.1. Describe how you will store, manage, and dispose of any marijuana waste, including expired marijuana or marijuana products, in compliance with any applicable laws. Include details about the material(s) you will mix with ground marijuana waste and the processes that you will use to make the marijuana waste unusable for any purpose for which it was grown or produced:

Prior to deeming marijuana as waste, we will notify the AMCO 3 days in advance in writing. Once the MCB has been notified, product awaiting disposal will be separated and stored in our secure waste storage area. Our secure waste storage is secured and monitored in compliance to 3 AAC 306. 715 and 3 AAC 306. 720, utilizing commercial steel-doors with key code/fingerprint locking mechanisms and high definition surveillance cameras. Upon approval, any marijuana waste, including expired marijuana products will be ground and mixed with organic material consisting of household waste, paper, food, coffee grounds, leaves, grass clippings etc. to produce a final waste product that is no more than 50% marijuana product. Once marijuana product is reconciled to be unusable for any and all intended purposes, we will transfer the waste to our on-site secured dumpster to await final disposal. Upon final disposal, we will record the final destination of said waste, in accordance with 3 AAC 306.740(c)(2), and store these records in our secure office in compliance with 3 AAC 306.755.

You must be able to certify the statement below. Read the following and then sign your initials in the box to the right:

Initials

8.2. The retail marijuana store shall give the board at least three days written notice required under 3 AAC 306.740(c) before making marijuana waste unusable and disposing of it.

Form MJ-03: Retail Marijuana Store Operating Plan Supplemental

(Additional Space as Needed):

2.1 Response Cont'd:

Incoming marijuana or marijuana products received in bulk will be repackaged physically and within METRC, and will accordingly be labeled before imported into our POS system and becoming available for sale. Each time a bulk package is opened or repackaged, weights will be taken at the beginning and end of the process. Internal logs will be kept and variance due to moisture loss will be kept In Internal logs; adjusted, noted, and accounted for in METRC. Any waste will be noted in waste logs as well, and reported to AMCO via email three days before destroying and disposing of the waste material. Unpackaged quantities of bulk marijuana and/or marijuana product will remain locked in secure storage, consistent with our operating plan. METRC package tags will remain physically attached to the vessel containing bulk marijuana associated with each tag. Incoming marijuana or marijuana product which has been prepackaged prior to it's arrival at our facility will have the labeling double checked for compliance before being made available for retail sale. Product will then be added to inventory within the point of sale system, and may have additional, POS specific, labeling/sku added. Upon entering the establishment, a customer will immediately be asked to present ID. Once their ID has been checked they will select product from a menu, be given an opportunity to view or sniff the product before purchasing. Products will be placed in AMCO compliant exit packaging before leaving our facility. All sales will be entered though our point of sale system, and will be reported through METRC, daily.

Each drawer will be closed at the end of each shift and the proceeds from each shift and day will be verified against accountability reports generated by our POS. At the end of each day, the day will be closed out within our POS. Within 24 hours of the closure of a business day, our sales data will be uploaded to METRC. Routine internal audits will be conducted- verifying accuracy between METRC, our POS, and product on hand. Inventory of prepackaged products will occur each night at the close of the shift and/or each morning before opening on internal forms, i.e. shift reports. Retail operations are anticipated to begin at 10am until as late as 12:00 a.m., 7 days a week.

3.1 Cont'd: Employees will look for signs of Impairment to include but not limited to:

- watery eyes ,
- slurred speech,
- blood shot or red eyes,
- glassy eyes which may have trouble staying open,
- their gait,
- coordination. This list is not exhaustive. If any of the above signs or any others are Identified, they will be asked to leave the premises and no sales will occur. This facility implements a zero tolerance for non-compliant behavior on our licensed premises. Our policy requires that all personnel be trained on how to identify a person who is under the Influence of an alcoholic beverage, inhalant, or controlled substance as set forth above. Any person(s) who are suspected of being in violation of 3 AAC306.310(a)(2) will be asked to vacate the premises and will be notified that non compliance will result in a trespassing charge In which local law enforcement will be notified.

7.1 Cont'd response:

A book/pamphlet of all legal ID's for all 50 states will also be used to include Canada should any questions arise surrounding its authenticity. If questions surround its authenticity, age verification etc. the person will not be admitted in to the facility and will be told to leave the premises Immediately.

Alaska Marijuana Control Board

Form MJ-07: Public Notice Posting Affidavit

What is this form?

A public notice posting affidavit is required for all marijuana establishment license applications, per 3 AAC 306.020(b)(10). As soon as practical after initiating a marijuana establishment license application, an applicant must give notice of the application to the public by posting a true copy of the application for ten (10) days at the location of the proposed licensed premises and one other conspicuous location in the area of the proposed premises, per 3 AAC 306.025(b)(1).

This form must be completed and submitted to AMCO's main office before any new or transfer license application will be considered complete.

Section 1 - Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Lake Landing Investments, LLC	License Number:	32848
License Type:	RETAIL MARIJUANA STORE		
Doing Business As:	Shoreline Cannabis		
Premises Address:	4200 E Snider Rd.		
City:	Wasilla	State:	Alaska
		ZIP:	99654

Section 2 - Certification

I certify that I have met the public notice requirement set forth under 3 AAC 306.025(b)(1) by posting a copy of my application for the following 10-day period at the location of the proposed licensed premises and at the following conspicuous location in the area of the proposed premises:

Start Date: April 13, 2022 End Date: May 4, 2022

Re: Owner Permission Letter for Use and Occupancy of Premises at 10600 E. Max Drive, Palmer, Alaska 99645 for Smoke Out Point, LLC DBA Smoke Out Point

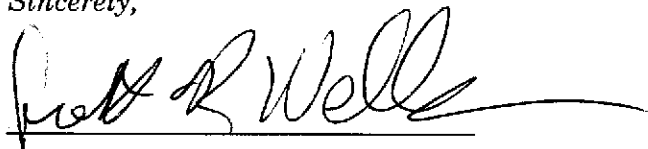

Dear Planning Office,

I, Scott R. Wells, hereby grant permission for Smoke Out Point, LLC DBA Smoke Out Point to lease a portion of my property located at 10600 E. Max Drive, Palmer, Alaska 99645, build and operate a marijuana retail store. I am aware that Smoke Out Point will be operating a marijuana retail store and commercially selling marijuana on this property once the application is approved by the Alcohol & Marijuana Control Board.

I, Anthony Wells, as Manager/Member of Smoke Out Point, LLC, hereby authorize Jana Weltzin, Esq. and her firm JDW, LLC to take all necessary actions to apply for and obtain one (1) conditional use permit for the operation of a retail marijuana store of the property owned by Scott R. Wells and located at 10600 E. Max Drive, Palmer, Alaska 99645.

If you have any questions regarding this correspondence, please feel free to contact us at the contact information listed on the Conditional Use Permit Application.

Sincerely,

A handwritten signature in black ink that reads "Scott R. Wells". The signature is written in a cursive style and is positioned above a horizontal line.

Scott R. Wells

Owner of property

A handwritten signature in black ink that reads "Anthony Wells". The signature is written in a cursive style and is positioned above a horizontal line.

Anthony Wells

Manager/Member of Smoke Out Point, LLC

Subject: RE: Smoke Out Point, LLC - CUP Application for Marijuana Retail Facility - Request for Additional Information
Date: Thursday, April 4, 2024 4:20:00 PM

Hi Brenda,

Thanks for the quick response. Yes, on both accounts. The compact ADA surface will be added as a COA, to be completed by 9/30/24. The hours you described are more reasonable and will also be added as a COA.

When available, get me the updated site plan, and I will add it to my package. I am moving forward with the CUP and adding it to the June 17th public hearing calendar.

Thank you,

Rick Benedict – Current Planner

[EXTERNAL EMAIL - CAUTION: Do not open unexpected attachments or links.]

Hi Rick,

Looking forward to the hearing, it's been a long road for the licensee. Thank you for pointing out the missing legend, Anthony is going to contact the architect and get the legend added, we'll send it to you as soon as we get it. The ADA parking space will be a compact surface, either asphalt or concrete once the ground thaws, please add this as a condition of approval. Do you have an idea on a timeframe for the condition so Anthony can plan accordingly? As for the hours, would it be more acceptable for the retail store to open from 10am until 10pm Sunday through Thursday and 10am until Midnight Friday and Saturday? This way the retail store is considering the residents during the work week and allowing for additional hours on weekends?

Thank you

On Thu, Apr 4, 2024 at 1:21 PM Rick Benedict <Rick.Benedict@matsugov.us> wrote:

Hello Brenda,

I think we have enough complete to get this scheduled for the June 17th PC public hearing. There are a couple of issues on the updated site plan that I'd like to touch on. First, there needs to be a legend on the site plan to denote the features of the subject property.

Second, ADA parking must be a compact surface, gravel is not acceptable. Does your client intend to asphalt or pour concrete for the ADA spaces? This will have to be added as a condition of approval on the permit if not already completed.

Third, the PC may take issue with the proposed operational hours of 8am to midnight, seven days a week. The application seemed to suggest that the hours were not set yet. Because residential uses are nearby, is your client open to considering shorter operational hours?

Respectfully,

Good Afternoon Rick,

Attached is the updated Site Plan and As-Built Survey that should address the items on the latest RFAI.

Please let us know if we can deem the CUP complete and get this application in front of the planning commission.

Thank you and Happy Friday!

Good Afternoon Rick,

Thank you for your patience with this particular application. Please see attached email from the Fire Marshal that a new plan is not needed for the building modification, the approved MJ-14 from AMCO, the updated plan set containing the modified floor plans and revised site plan, and the updated narrative that addresses RFAI 1.b, 2.a, 4 and 5.

Please let us know if you have everything you need to deem this application complete and schedule Smoke Out Point for a Planning Commission meeting.

Have a wonderful day!

On behalf of:
Smoke Out Point, LLC

Introduction:

We are pleased to introduce Anthony Wells, Manager/Member, and 100% owner of Smoke Out Point, LLC DBA Smoke Out Point, located in the beautiful Matanuska-Susitna Borough. Anthony Wells was born in Olympia Washington to Scott and Tammy Wells. When Anthony and his two brothers were children, they moved to Alaska and made it their home. Anthony attended School in Anchorage and Palmer and has lived in Palmer, in the same home since the age of 6. Anthony works with his father doing handyman work in the Matanuska-Susitna Borough and in the Municipality of Anchorage. Anthony has been married to Nikita Wells since 2013 and together the couple has a three-year-old son, who they look forward to raising in the Palmer area. Anthony's hobbies include hunting, fishing, exploring Alaska, and showing his son all the exciting things Alaska has to offer.

Required attachments for a marijuana retail facility conditional use permit narrative:

Is the conditional use compatible with and will it preserve or not materially detract from the value, character, and integrity of the surrounding area?

✓ The proposed use is compatible with adjacent properties and fits succinctly into the area as there is a mix of uses in the area – the area consists of primarily larger lots that house commercial uses and some residential uses. The property faces the Glenn Highway and is situated for commercial use. The entire retail licensed area, including the office space, will be housed in a 40' x 60' building totaling 2,400 sq. feet. The proposed use fits into the harmony of the surrounding uses both in size and design. The facility is located on a 0.86-acre parcel located in the Bradley Lk #2 RSB B/2 Subdivision of the Matanuska-Susitna Borough. The surrounding area of the property is bordered by a mixture of vacant lands, light commercial use, and residential homes. Therefore, the proposed use will not detract from the character, value, and integrity of the surrounding area, however, the applicant is aware of the residential uses nearby, and will take extra care to be responsive to neighbors if any concerns arise regarding the commercial nature of this proposed use. The facility will not produce any undue noise pollution and has an odor control method in place. It is not expected that the retail facility will generate smell, but regardless the retail will have odor controls. Exterior lights will be installed downward facing to ensure mitigation of light pollution. This retail facility will be operated by a knowledgeable licensee who has done extensive research, has many friends in the industry that have provided invaluable advice, and who lives in the Valley, and will ensure that this use does not detract from the value, character, and integrity of the surrounding area. The neighboring uses that face the Glenn Highway include Matanuska Farm Market, Myron Rosenberg Photography Gallery, and Bill's Country Antiques, commercial uses and both immediate neighbors; and directly across the Glenn Highway is an industrial gravel pit.

✓ The applicant will ensure that the proposed use will not emit odor, will not produce excess dust, will have limited noise, and will have sufficient parking and loading in order to cut down on traffic generation in front of the premises and on the street thus fitting in with adjacent property uses. During meetings with the Gateway Community Council, a few community members stated

that there are folks that drive too fast in the area already and asked for Anthony and his team to provide assurances that the retail shop will not increase folks speeding in the area. Anthony committed to exterior signage in the parking area and driveway area that remind patrons to be cautious when exiting and to drive slow in the area. As detailed in the attached site plan, there will be ample parking available with room for turning and maneuvering and will have appropriate accessibility spaces under the Americans with Disabilities Act.

✓ The facility will be equipped with a 24-hour monitoring alarm system, exterior lighting, and video surveillance. All entrances are secured by commercial locking mechanisms and video surveillance to capture individuals within 20 feet. Inside the licensed premises, video surveillance will cover all areas of the facility (except for the bathroom) 24/7 (which is stored for a minimum of 40 days) to monitor and identify all activity. Customers must have their identification checked immediately upon entering the marijuana store. All customers will be observed for signs of impairment to ensure that Smoke Out Point does not sell marijuana and marijuana products to a person that is already intoxicated.

✓ In the event a non-employee/agent of the company needs to go into a restricted access area, the company visitor policy will be adhered to. A visitor will need to show their valid photo identification, and obtain a visitor badge, to be worn and clearly always displayed while visiting the restricted access areas. All visitors must be pre-approved by the Licensee or management (with the exception of AMCO agents, and law enforcement) - there should be no un-scheduled and unexpected visitors. To maintain the security of the facility and all marijuana products, access to the facility will always be monitored and restricted. Access will only be granted to employees and licensees, AMCO agents, law enforcement, and the limited exception of scheduled pre-approved visitors. Additionally, Smoke Out Point's exterior signage will indicate that any members of the public are not allowed unescorted access and will be clearly displayed on the door. Distinct and apparent cameras will be placed throughout and around the facility to encourage people to not attempt access.

Will the granting of the conditional use permit be harmful to public health, safety, convenience, and welfare?

✓ No. Smoke Out Point's retail establishment has a security system and plan, diversion control policies, and loitering check plan for the retail facility.

✓ The facility is a commercial retail facility and will only allow access to those who are at least 21 years of age or older. No persons will be allowed access to any marijuana or marijuana products at any time, unless under direct supervision of a Smoke Out Point licensee or employee, as all marijuana and marijuana product must be stored in the restricted access area as per AMCO regulations. There is no onsite consumption allowed at this retail establishment – and no customers will be allowed to consume in their vehicles in the parking lot. A Smoke Out Point employee shall be doing regular parking lot and perimeter checks throughout the day, every hour or so, to ensure

no persons are loitering and to ensure no customers are consuming products on the property and/or in their vehicles.

✓ All marijuana and marijuana products will be displayed in locked display cabinets for customers to view. The area behind the cabinets will be a restricted access area and signage will be displayed accordingly. Employees will open the cabinet from within the restricted access area and place the product into exit packaging at the cash register before handing it to the customer. Once a customer's transaction is complete, they will be instructed by an employee to exit the store as shown in the premises diagram.

✓ In order to ensure Smoke Out Point will only allow access to persons over the age of 21, the retail establishment will check the ID of every person attempting to enter the retail store. Anyone under the age of 21 or who does not produce a valid form of photo ID issued by a federal or state agency authorized to issue ID cards will be asked to leave the premises. Any employee checking ID's will have a valid marijuana handler permit and be trained to recognize altered/forged photo ID's.

Additional protections to ensure the prevention of any negative impact on the public health, safety, convenience, and welfare:

✓ The facility will be equipped with a 24-hour monitoring alarm system, bright prominent exterior lighting, and video surveillance. All entrances are secured by commercial locking mechanisms and video surveillance to capture individuals within 20 feet. Inside the licensed premises, video surveillance will cover all areas of the facility (with the exception of the bathroom) 24/7 (which is stored for a minimum of 40 days) to monitor and identify all activity. All visitors must be preapproved by the licensee or a manager (with the exception of AMCO agents, and law enforcement). To maintain the security of the facility and all marijuana products, access to the facility will always be monitored and restricted. Access will only be granted to employees and licensees, AMCO agents, law enforcement and the limited exception of scheduled pre-approved visitors and those customers over the age of 21. Distinct and apparent cameras will be placed throughout and around the facility to encourage people to not attempt unauthorized access.

✓ On-site video surveillance will continuously monitor all areas of the premises where marijuana is present, including areas where marijuana packaged, sold, and stored. Employees will perform mandatory inventory counts each week, check counts against METRC records, and document the reports as official business records. Smoke Out Point will not tolerate any theft and diversion, and all employees will complete mandatory training in recognizing such activity. Smoke Out Point's licensee and management understand that diversion can happen in two ways - inversion and diversion - and is equally profitable diverting product out of the legal system as it is diverting product from the illegal system into the legal market. In the event that an employee is caught stealing marijuana, OR infusing the facility with non-regulated black-market product, Smoke Out Point will notify local law enforcement immediately, comply with all directives, and provide all necessary information and records for the investigation. The Licensee will take the

necessary steps to ensure that illegal conduct by an employee does not compromise the facility's license and legitimate business operations. Once a theft is reported, the Licensee or a manager will update the product records in the tracking system, as needed, to maintain an accurate and comprehensive accounting for all marijuana products and inventory. The Licensee and manager will comply with all inquiries and investigations lodged by AMCO as a result. Documentation related to marijuana theft will be maintained as a business record for five (5) years and made available to AMCO upon request. Video recordings will be stored for forty (40) days. Cameras will provide a full view of the entryway, retail sales area, point of sale system and cash registers, safes, money counting areas, and marijuana/marijuana product storage areas. Security monitors and video recording equipment will be located onsite.

✓ Qualified candidates will be hired on a probationary period during which time they will receive training and evaluation specific to their position. Training will include marijuana industry trends; customer care; food handling; safety precautions and procedures; legal issues; and state and federal regulations. Training will be refreshed as needed, as well as when new regulations or products are introduced. Employees will be required to demonstrate their knowledge of these concepts before their training will be considered complete. Informative packets will be provided to employees and supplemented/updated as needed. These packets will cover; Marijuana cannabinoids; strain ratios; marijuana benefits and risks; local community concerns to address, general Alaska marijuana law; employment regulations; store policies; security and safety procedures; measures for the prevention of diversion, inversion and theft; recognizing forged, altered, or invalid identification, as well as signs of intoxication; in-depth information about job duties and responsibilities; response procedures for robberies, earthquakes, and other emergencies; statutes regarding confidentiality. Employees will receive semi-annual performance evaluations to ensure that they have retained their training information, and the store remains compliant. As proper safety and security procedures are of the utmost importance to Anthony, the most up-to-date reading materials will always be available to employees. Prior to beginning work, employees will be expected to understand: (1) Alaska laws, regulations, and codes governing the marijuana industry and marijuana establishments; (2) all of the permitting requirements to act as a marijuana handler (including obtaining a Marijuana Handler card from a state approved course provider prior to commencing employment) and to work in a marijuana establishment; (3) Smoke Out Point standards, operational protocol, and best practices with regard to retail and sale of marijuana; (4) general safety procedures and security protocol; (5) how to think defensively if threatening situations occur, and how to recognize the signs of impairment, drug abuse, and instability; (6) in-depth information about our particular strains and marijuana related products; (7) in-depth information on the requirements of each room, task, and system; (8) the general federal, state, and local employment regulations by which Smoke Out Point, is governed; and (9) retail-specific education. To ensure full coverage for each position, all employees will be cross trained on the requirements of each job.

✓ Smoke Out Point will have a "No Loitering" sign clearly posted on the exterior of their facility. If an employee suspects that a person is loitering outside the licensed premises, they will

be given a verbal warning that law enforcement will be notified and asked to leave the premises. Trained employees will maintain regular periodic checks around the property to deter any unauthorized entrance or loitering around the facility. Bright lighting (downward facing to avoid causing light pollution) on the exterior of the facility will assist in deterring loitering, vandalism, and unauthorized access to the premises. Bright, prominent lighting will be installed all around the exterior of the building to facilitate high-quality video surveillance. Lighting will be frequently checked by an employee to ensure that all fixtures are fully operational. An employee will also check surveillance footage to ensure that lighting is adequate to prevent dark spots and capture the best facial image of every person who approaches the facility. If there are any issues with the quality of the surveillance capture, the lighting will be calibrated and/or additional lighting will be installed. All outdoor lighting and light poles will be shielded to protect against inclement weather and vandalism. The shielding will also prevent light pollution on the surrounding properties by directing light downwards.

✓ The facility's architectural design incorporates downward lighting that will project light onto the building and downward. The alarm system will monitor for intrusions with motion detectors on the facility windows, entrance and exits, including emergency exits on the west side of the licensed facility, restricted access area which includes secured storage, the upstairs offices and storage areas during closed hours. Live security footage will also be accessible to Anthony and a manager via their cellular phones, so they may keep an eye on the facility even when they are away. Any unauthorized or attempted intrusion will prompt an automatic, electronic alert to the security company who will then contact local law enforcement and ownership. All alarm systems and devices will be tested every six (6) months.

Are there sufficient setbacks, lot area, buffers, and other safeguards being provided?

✓ As described above, Smoke Out Point is located within a 0.86-acre parcel. This application and the layout of Smoke Out Point meet the required setbacks, buffers, and lot area. The entire retail operation is enclosed in a commercial-grade building. One small existing building on the parcel has been demolished and the larger buildings demolition is in progress. Smoke Out Point had to remove a small portion of the Southeast corner of the building to meet setback requirements. The removal of the corner was completed on October 26th, 2023.

✓ There will be plenty of onsite parking developed on the site for this use.

✓ The facility has incorporated measures to reduce the negative effects it may have on the surrounding properties including but not limited to natural landscaping screening, and an inconspicuous Tan/Beige, modern-commercial architectural design to enhance the appearance of the facility on E. Max Drive. Smoke Out Point has cleared the section where the new retail store will be located and has incorporated landscaped grassy areas in the front and side areas of the new retail store.

✓ The facility will not produce any noise pollution and has an odor control method in place.

A robust security plan and no loitering policy will be implemented and thoroughly communicated to all employees. Additional safeguards include the following:

✓ The lighting fixtures will be positioned at an inaccessible height with sturdy housings to deter vandalism and common obstructions. The bulbs will be extremely bright to maximize visibility and deter crime. The exterior lighting will be checked daily by the licensee, manager on duty, or a designated employee to ensure that each light in the system is operational and that each mount is positioned for optimum recording clarity and to deter unauthorized presence on the premises. The building's architectural design incorporates downward lighting into the canopies that will project light onto the building in a downward direction to prevent light from encroaching on neighboring properties or right of ways.

✓ A third-party security company will install the alarm system and monitor the electronic notifications in the event the alarm is triggered 24/7. The installation company will periodically come and check and maintain the equipment.

Does the conditional use fulfill all other requirements of MSB Chapter 17.60 pertaining to the conditional use of this section?

✓ Yes.

Describe measures being taken to prevent potential negative effects upon other properties in the area due to such factors as noise and odor.

✓ The proposed use will have limited noise compared to adjacent properties. Smoke Out Point does not anticipate any noise to come from the retail facility, and if any noise is to be produced it will be comparable to surrounding land uses. The roads that serve the facility and surrounding uses do not appear to be used currently to their maximum capacity, therefore, any increase in traffic flow on the roads serving the area will be sufficient to serve the area with this new proposed retail use.

✓ Anthony will abide by a strict no odor policy per MSB 17.60.150(A)(1) that will ensure no odor is detectible by the public from outside the facilities. This use is a retail establishment and should not have any issues with odor seeping out from the retail to the outside air. However, in an abundance of caution, odor control methods will be utilized and will consist of a number of methods meant to eliminate odors by utilizing methods including sealed containers and air sanitizers throughout the building and when transporting marijuana to/from the premises. All marijuana at the retail facility will be either pre-packaged in smell-proof packaging for sale, or in deli-style enclosed jars that are only opened to take the product out for sale to a customer and are repackaged prior to exiting the facility, or in enclosed jars in small amounts for customers to smell.

Describe how use is compatible with the character of the surrounding area.

✓ The facility is compatible with the character of the surrounding area as it borders on a sufficient parcel of land, parcels that have yet to be developed, other existing businesses, off of E. Max Drive, and residential homes in the heavily wooded area nearby. There are also some vacant

land parcels in the vicinity that have yet to be developed. The character of the surrounding parcels and uses are a good fit for a retail facility.

Current status of State License Application Process.

✓ The Application was submitted to AMCO on August 12, 2021. It was approved with delegation by the Marijuana Control Board at the April 2022 control board meeting in Anchorage.

Misc. Items and Information.

Please see attached parking layout diagram, which complies with MSB 17.60.170(B)&(C).

Proposed hours of operation for the retail store shall be 8 am to 12 am Monday-Sunday, however, that is the max hours of operation that the store will be open, and the store will likely have reduced hours on certain days, depending on customer demand.

The number of employees on-site for the retail will be between 2-3, depending on the customer flow and shifts.

Smoke Out Point has been reviewed and approved by the State Fire Marshal – see the certificate of approval and updated communication regarding the removal of the Southeast corner of the proposed retail marijuana store.

AMCO has approved the removal of the Southeast corner of the proposed retail marijuana store - see attached MJ-14.

The logo for the store is understated and simple shows an Alaskan mountain range with the big dipper over the peaks of the mountains and the name of the store “Smoke Out Point” under the imagery. Smoke Out Point will have one free-standing Metal, aluminum and fiberglass 5'2"W x 7'7"L sign as indicated on the Site Plan and may, in the future have up to two signs on the exterior of the facility. The sign will be back-lit during operating hours and off during closed hours.

Thank you for your dedication to the Community and for your thoughtful consideration of this conditional land use application.

Re: Response to request for Additional information – Smoke Out Point, LLC.

Peggy Horton, MSB Planner II:

Thank you for your correspondence dated June 21, 2022, we appreciate your patience. Please find the following attachments and/or statements to address your request for additional information:

1. The owner does not know of any previous commercial use of the property.
2. A temporary commercial driveway permit has been obtained; a copy of the conditional letter has been submitted, However, regarding the conditional approval letter, we have communications from MEA that clearly indicates that the power pole is on MSB property and Anthony Wells does not have the authority to arrange the move of said power pole, that request would have to come directly from the Borough (see attached JDW Email and C29230 Max Drive email communication from MSB).
3. E. Max Drive is a public road that is not maintained by the borough. Anthony and his father have received permission from the MSB to maintain the road to the standard that the road is. Anthony fills potholes, performs snow removal during the winter months and intends to continue to do so. Upgrades to the road will be limited to; culvert installation during driveway upgrade which is outlined in the driveway permit application.
4. The site plan has been updated and submitted.
5. Floor plan has been submitted.
6. Page 3, last paragraph, second sentence has been updated to clarify the sentence “No persons will be allowed access to any marijuana or marijuana products at any time.” as per AMCO regulations, marijuana and marijuana products must be in a restricted access area and NOT accessible to the public without being under direct supervision of a Smoke Out Point licensee/employee to ensure that there is no diversion of marijuana or marijuana product from the retail store.
7. Page 5, first paragraph has been updated, this was an error and there is no growing of marijuana on the premises.
8. Page 6, second paragraph alarm system verbiage has been updated for clarity.

Licensed in Alaska & Arizona
901 Photo Ave, Second Floor
Anchorage, Alaska 99503
Phone 907-231-3750
JDW, LLC
jana@jdwcounsel.com

9. Page 6, fifth paragraph has been updated to further describe landscaping, design, and measures the applicant is taking to reduce negative effects upon adjacent property etc.
10. Same paragraph has been updated for clarity regarding E. Max Drive not having negative effects that impacts this property.
11. Light poles will not be part of this project. Reference to light poles has been removed from the narrative.
12. Page 7, under "Describe how use is compatible..." misidentified the main highway and has been corrected.
13. Page 8, fourth paragraph. A copy of the Logo has been submitted, sign dimensions and location on exterior of the building has been added to the narrative, the stand-alone signpost has been added to the site plan, lighting is not planned for any of the signs.
14. Smoke Out Point does not plan for outdoor business functions outside of the retail store other than loitering checks, trash checks and odor checks.

Thank you for your consideration,

A handwritten signature in blue ink, appearing to read "Jana D. Weltzin", with a long horizontal flourish extending to the right.

Re: Smoke Out Point #29874

Dear Smoke Out Point, LLC:

At the April 13-14, 2022 meeting of the Marijuana Control Board in Anchorage, Alaska, the board voted to approve your new Retail Marijuana Store application with delegation to the director. Delegation means that the board has authorized me to issue the license once all outstanding approvals are received.

Attached are post-approval instructions and the pre-inspection checklist, which provide information on your next steps. Please note that the pre-inspection checklist is informational. You will be provided with an individualized checklist at the appropriate time.

Please contact marijuana.licensing@alaska.gov with any questions.

Sincerely,

POST-APPROVAL INSTRUCTIONS FOR MARIJUANA RETAIL STORES

The following steps are to be taken after your application for a marijuana retail store license has been approved by the board. You may not operate your business until the following requirements have been met.

1. When all other approvals (Local Government, Fire Marshal, DEC, etc.) have been met, you will be contacted by this office to notify you that your license status has been changed to "active-pending inspection" in our database. This doesn't mean you can open your doors or start operating your business. The status change is a necessary step so that you may be credentialed into METRC.
2. You, the licensee, must have your marijuana handler permit. All licensees, affiliates, agents, and employees (see 3 AAC 306.700(a)) must have their handler permit at the time of inspection.
3. You, the licensee, must take a METRC training class and pass the test.
<https://www.metro.com/alaska>
4. Once you have passed the METRC test, place a request to the METRC Support Team to be credentialed into METRC.
5. Set up your facility in METRC and order labels. The labels should take 4-5 days to arrive.
6. When you have access to METRC, contact AMCO investigators at AMCO.enforcement@alaska.gov to schedule your initial "empty shelf" inspection. Don't schedule an initial inspection unless you are within two weeks from being 100% ready to operate your business. Review the pre-inspection checklist and be sure that you will have completed all items by the time of your inspection. Do not bring any marijuana into the facility before your initial inspection. AMCO staff will place your account in METRC on an administrative hold until the inspection. Depending on your location, it may be two weeks before an inspection can be performed due to state travel restrictions.
7. On the day of your inspection, the investigator will bring your license. If your facility matches what you've submitted to the board and all requirements are in place, you will receive your license, the administrative hold will be removed from METRC, and an "effective date" will be added in our database.
8. After the hold in METRC is removed, you may begin ordering and transporting marijuana and marijuana products from licensed cultivation and product manufacturing facilities. AMCO investigators will visit again to take a look at your store with marijuana and marijuana products in place.
9. Congratulations, you are now operating a marijuana retail store license in the State of Alaska!

Why is this form needed?

This pre-inspection checklist form is for your reference to ensure that your marijuana facility is in compliance with all of the following security and basic operating requirements prior to your inspection. **Please complete all checklist items before requesting your inspection.** If you have any questions regarding this checklist, please contact AMCO enforcement at amco.enforcement@alaska.gov.

Compliance with these checklist items and all statutes and regulations is mandatory before your license will be issued.

Doing Business As:		Date:	
License Type:		City:	
Licensee:		License Number:	

Section 1 – All Marijuana Establishments

	COMPLETED
Surveillance System: A video surveillance and camera recording system shall be installed, maintained, and operating with a camera resolution that allows for clear and certain identification of any person and activity in the area at all times.	
a.) Required video cameras must be placed in a way that produces a clear view adequate to identify any individual inside the licensed premises or within 20 feet of each entrance to the licensed premises. Both the interior and exterior to the facility must be recorded.	
b.) The video system must cover each restricted access area (to include each entrance to a restricted area). Any area where marijuana is grown, cured, manufactured, or where marijuana waste is destroyed must have a camera placement in the room facing the entry door, and in adequate fixed positions, at a height that will provide a clear, unobstructed view of the regular activity without a sight blockage from lighting hoods, fixtures, or other equipment, in order to allow for clear and certain ID of any person or activity at all times.	
c.) Surveillance recording equipment and video surveillance records must be housed in a locked and secure area or in a lock box, cabinet, closet or other secure area that is accessible only to the licensee or authorized employee, and to law enforcement personnel including a peace officer or agent of the board. A marijuana establishment may use an offsite monitoring service and offsite storage of video surveillance records if security requirements at the offsite facility are at least as strict as the onsite security requirements.	
d.) Recordings must be preserved for a minimum of 40 days, in a format that can be easily accessed for viewing. All recorded images must accurately display the date and time, and must be archived in a format that does not permit the alteration of the recorded image, so that the images can be readily authenticated. After 40 days, a marijuana establishment may erase video recordings, unless the licensee knows or should know of any pending criminal, civil, or administrative investigation for which the video recording may contain relevant information.	

	COMPLETED
Alarm System: A security alarm system is required on all exterior doors and windows. Motion detectors in every room with non-opening windows are required.	
Locks: Commercial grade, non-residential door locks on all exterior entry points to the licensed premises.	
Lighting: Exterior lighting must facilitate surveillance.	
Marijuana Handler Permit: All licensees and employees must have a valid permit.	
Facility Identification Cards: Each licensee, employee, or agent shall display an identification badge issued by the establishment at all times when on the licensed premises. Marijuana handler cards DO NOT satisfy this requirement.	
Restricted Access Areas: A marijuana establishment shall restrict access to any part of the licensed premises where marijuana or marijuana product is grown, processed, tested, stored, or stocked.	
a.) Each entrance to a restricted access area must be marked by a sign that says “ Restricted access area. Visitors must be escorted. ” The sign must use this exact phrase, no variations will be accepted.	
b.) Ensure that any marijuana at the licensed premises cannot be observed by the public from outside. The premises must not emit an odor that is detectable by the public from outside the premises, except as allowed by a local government conditional use permit process.	
Certified Scales: A marijuana establishment shall use certified scales in compliance with AS 45.75.080, the Alaska Weights and Measures Act. A marijuana establishment shall maintain registration and inspection reports of certified scales; and upon request by the board or the director, provide a copy of the registration and inspection reports of the certified scales to the board or the director for review.	

Section 2 – Credentialed into Inventory Tracking System

	COMPLETED
A marijuana establishment shall use a marijuana inventory tracking system capable of sharing information with the system the board implements to ensure all marijuana cultivated and sold in the state, and each marijuana product processed and sold in the state, is identified and tracked from the time the marijuana is a seed or cutting to a completed sale of marijuana or a marijuana product, or disposal of the harvest batch of marijuana or production lot of marijuana product.	

Section 3 – Cultivation Facilities Only

	COMPLETED
A marijuana cultivation facility shall conduct any marijuana growing operation within a fully enclosed secure indoor facility or greenhouse with rigid walls, a roof, and doors. Where not prohibited by local government, outdoor production may take place in non-rigid greenhouses, other structures, or an expanse of open or cleared ground fully enclosed by a physical barrier. To obscure public view of the premises, outdoor production must be enclosed by a sight obscuring wall or fence at least six feet high.	
Plants/Seeds: At the time of your initial inspection you must be in compliance with the following guidelines.	
a.) Plants over 8 inches- Tracked by plant tag <ul style="list-style-type: none"> • 12 mother plants (non-flowering plants of any size) tagged • Any number of immature plants no taller than 18 inches • All tagged correctly and in-line with training from METRC. Tags attached on first fastener around the “trunk” and above first branch after plant is able to support the tag. 	

<p>b.) Plants under 8 inches- Tracked by batch</p> <ul style="list-style-type: none"> • Strain-specific batches with up to 50 plants • Unlimited number of batches • Batches should be in rows and columns for ease of verifying numbers 	
<p>c.) Seeds – Tracked by package tag</p> <ul style="list-style-type: none"> • Strain-specific packages by count or by weight • Unlimited number of packages 	

Section 4 – Signature & Acknowledgement

Licensee must initial and sign:

Initials

I understand that if I do not pass my preliminary inspection, a \$500 fee for a second or subsequent inspection may be assessed under 3 AAC 306.100(h). The fee applies to an inspection requested after a marijuana establishment fails a preliminary inspection and is not issued a license. The director may waive the fee upon submission of a written request. The \$500 fee is required before the 2nd Inspection is scheduled.

I understand the information on the pre-inspection checklist and have received information on the above subjects, and I am aware I must become familiar with and abide by the laws covering the licensing and operation of my business as prescribed in AS 17.38 and 3 AAC 306. I understand I am responsible to operate my business in compliance with all Alaska laws and regulations.

I hereby certify that I am the person herein named and subscribing to this application and that I have read the complete application, and I know the full content thereof. I declare that all of the information contained herein, and evidence or other documents submitted are true and correct. I understand that any falsification or misrepresentation of any item or response in this application, or any attachment, or documents to support this application, is sufficient grounds for denying or revoking a license/permit. I further understand that it is a Class A misdemeanor under Alaska Statute 11.56.210 to falsify an application and commit the crime of unsworn falsification.

Alaska Marijuana Control Board

Form MJ-14: Licensed Premises Diagram Change

Why is this form needed?

This licensed premises diagram change form is required for all marijuana establishment licensees seeking to alter the functional floor plan or reduce or expand the area of the establishment's existing licensed premises.

The required \$250 change fee may be made by check, cashier's check, or money order.

This form must be completed and submitted to AMCO's Anchorage office prior to altering the existing floor plan, and along with an initiated application for an Onsite Consumption Endorsement if applicable. The licensed premises may not be altered unless and until the application has been approved by the board.

Section 1 – Establishment Information

Enter information for the business seeking to be licensed, as identified on the license application.

Licensee:	Smoke Out Point, LLC	MJ License #:	29874		
License Type:	Retail Marijuana Store				
Doing Business As:	Smoke Out Point				
Premises Address:	10600 E Max Drive				
City:	Palmer	State:	Alaska	ZIP:	99645

Section 2 – Required Information

For your security, do not include locations of security cameras, motion detectors, panic buttons, and other security devices.

The following details must be included:

- License number and DBA
- Legend or key
- Color coding
- Dimensions
- Labels
- True north arrow
- Surveillance room
- Licensed premises boundary
- Restricted access areas
- Storage areas
- Entrances, exits, and windows
- Walls, partitions, and counters
- Any other areas that must be labeled for specific license types
- Serving area**
- Employee monitoring area**
- Ventilation exhaust points, if applicable**

Items marked with a double asterisks (**) are only required for those retail marijuana establishments that are submitting the MJ-14 form in conjunction with an onsite consumption endorsement application.

Form MJ-14: Licensed Premises Diagram Change

Section 3 – Summary of Changes

Provide a summary of the changes for which you are requesting approval. For Cultivation licenses: describe the size of the space(s) the marijuana cultivation facility intends to be under cultivation, including dimensions and overall square footage. Provide your calculations below:

Smoke Out Point would like to make the following changes:

- Update premises licensed premises to account for the removal of a 3' section of the building to meet MSB set back requirements
- Move the access points of the retail sales counter restricted access area
- Move 6 month business record storage and video surveillance and recording equipment storage from Office #2 to Office #1
- Remove the utility closet and the janitor closet from the restricted access area
- Restrict the employee breakroom
- Restrict the second floor

Section 4 – Declarations

Read each statement below, and then sign your initials in the corresponding box to the right [if applicable]:

Initials

If a local building permit is required, I have attached a copy of it to this form.

ADW

The proposed changes conform to all applicable public health, fire, and safety laws.

ADW

I have included a title, lease or other documentation showing sole right of possession to the additional area(s) if the additional area(s) are not already part of my approved licensed premises.

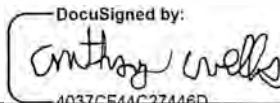

ADW

I hereby certify that I am the person herein named and subscribing to this application and that I have read the complete application, and I know the full content thereof. I declare that all of the information contained herein, and evidence or other documents submitted are true and correct. I understand that any falsification or misrepresentation of any item or response in this application, or any attachment, or documents to support this application, is sufficient grounds for denying or revoking a license/permit. I further understand that it is a Class A misdemeanor under Alaska Statute 11.56.210 to falsify an application and commit the crime of unsworn falsification.

Subject: Temporary Driveway Approval
Date: Thursday, February 23, 2023 4:25:08 PM
Attachments: [Temporary Driveway Permit.pdf](#)

Hi Scott,

The driveway access has been temporarily approved to allow the conditional use permit to go forward. The construction permit for work in the Max Drive right-of-way will carry some requirements for some additional work on the driveway. Since the roadwork cannot be completed this time of year this temporary approval allows you to go forward with your other permitting and business requirements before the change of seasons allows for groundwork.

Please let me know if you have any questions.

Respectfully,

Michelle Olsen, CFM

TEMPORARY DRIVEWAY PERMIT

PERMIT # D29385
TAX PARCEL ID # 2209B02L001A

February 23, 2023

The Matanuska-Susitna Borough has performed the Final Inspection of your driveway. The driveway has been adequately constructed to Borough standards and to the conditions outlined by the initial driveway inspector. Your Approved Driveway Permit Number is listed above.

NOTE: This authorization is temporary only. It is for the temporary use of Max Drive for Commercial Marijuana Retail access. If the conditional use permit is not approved or expires then this permit shall be revoked.

Please keep this letter.

Property owner to maintain driveway approach in accordance with the provisions and standards of the permit. Culverts need to be cleaned annually to maintain drainage.

Any changes in land use or modifications of the driveway may require additional permitting. If you have any questions or concerns about your driveway or this permit, you may contact the Permit Center at 907-861-7822.

Sincerely,

Michelle Olsen, CFM
Permit Technician

REVISED PLAT
BRADLEY LAKE SUBDIVISION
No. 2
NE 1/4 SECTION 24, T17N-R1E S. M.
PALMER RECORDING DISTRICT ALASKA
MATANUSKA-SUSITNA BOROUGH
Sheet 1 of 1

SURVEY NOTES

BEARINGS. THE bearings South given on the official G.L.C. plat dated 1915 was assumed as correct for the Township Line on the East boundary of Section 24, shown here. All bearings given on this plat were plotted from the course. However, repeated solar observations on this part of the Township Line, show a bearing of North 00° 01' 06" West.

HIGHWAY. THE highway right of way shown here was taken from the deed as of record at the Palmer Recording District in Book 55, Page 227. The tie from the Section Corner to the center-line was accepted and the alignment marked in from this point. Small center-line changes were made by the State on the steel plans that do not agree with the deeded alignment. The actual field ties to the Point of Beginning on the N-S center-line of Section 24, when subdivided, do not agree with the deeded alignment. Railroad alignment was taken from A.R.R. Engineers Office File No. 2816. Current field ties were made on the Township Line and bearings and distances determined from this point.

SURVEYOR'S CERTIFICATION

I HEREBY CERTIFY THAT I AM A REGISTERED PROFESSIONAL SURVEYOR AND THAT THIS PLAT REPRESENTS THE SURVEY MADE BY ME AND THAT THE MONUMENTS SHOWN THEREON ACTUALLY EXIST AS LOCATED AND THAT DIMENSIONAL AND OTHER DETAILS ARE CORRECT.

Access Plan and Traffic Flow (General Public)

FACT SHEET

Glenn Highway MP 34-42 Projects

Glenn Highway MP 34-42 Reconstruction, Project Number 0A15024/Z581040000

Parks Highway to Old Glenn Highway Pathway, Project Number 0A15032/CFHWY00029

Colleen Street Intersection and Frontage Road, Project Number 0A15033/CFHWY00006

Description

The purposes of the Glenn Highway Milepost (MP) 34-42 projects are to accommodate increasing traffic and reduce safety risks. These projects will add lanes, widen shoulders, add turn lanes and frontage roads, and add a separated pathway. The final roadway will be a four-lane divided highway from the Parks Highway to West Arctic Avenue.

The Colleen Street Intersection and Frontage Road project is included in the final phase which includes a traffic signal on the Glenn Highway to connect South Colleen Street and East Bradley Lake Avenue on the west side and East Grandview Road on the east side to the Glenn Highway.

Phase 1 COMPLETE

The Phase 1, South Inner Springer Loop to West Arctic Avenue, is complete. We hope the public is enjoying the new pathway from Bogard to Outer Springer.

Phase 2 CONSTRUCTION BEGINS SOON

The Phase 2 project bid in April and construction contract award to Granite Construction is anticipated in May 2023 with work to begin in summer 2023. Construction is scheduled to be complete by September 2025.

For more information during construction

**GENERAL CONSTRUCTION PERMIT C29230
Improved Access Roadway
Max Drive**

This permit is issued this _____ day of _____ 2023 to:

**Smoke Out Point
1000 E. Max Drive
Palmer, AK 99645**

Phone #: **907-982-4272**

Email: smopshop907@gmail.com

The Matanuska-Susitna Borough grants the authorization necessary to work in the following described Public Right of Way or easement area: Within the right of way of Max Drive as described on the plat for Bradley Lake #2 RSB Block 2 Lot 1 Subdivision within Sections 24, Township 17 North, Range 01 East, Seward Meridian, Alaska. This construction is for improved access to parcel #**2209B02L001A**.

BEFORE BEGINNING CONSTRUCTION ACTIVITIES, PERMITTEE MUST:

- A. Have a Registered Professional Land Surveyor verify that public rights-of-way exist. Survey and mark the exterior boundary lines of the public rights-of-way and reference all property corners, monuments, and witness markers within or bordering the public rights-of-way. Registered Professional Land Surveyor must provide a letter to Borough Development Services Division stating the above has been completed and attach documentation verifying public rights-of-way exist. Also, give a copy of field notes and drawings showing reference ties to property corners and monuments. **Engineered design plan set provided.**
- B. Notify adjacent property owners before construction and two weeks before beginning any work at the location.
- C. The Permittee is responsible for obtaining any required permits from Federal, State, or local agencies for the proposed construction. For this permit to remain valid, you must follow all other applicable laws, rules, and regulations.

The construction authorized is described as and limited to the following:

Construct the extension of a typical 24' wide access road to minimum Matanuska-Susitna Borough Roadway Standards and within portions of the above-described public easements as shown on the plan set provided and dated 12-8-2022. This construction permit is for improved access to parcel #2209B02L001A.

This construction permit shall expire on **October 31, 2023**.

Providing Outstanding Borough Services to the Matanuska-Susitna Community.

SPECIAL CONDITIONS:

1. The Borough will not spend any public money on maintenance or capital improvements. This road may not serve to meet the minimum construction standards for any subdivision purposes and not be maintained by the Borough for work done under this permit.
2. Trees belong to property owners. Arrangements made with adjacent property owners during your notification process for the disposal of trees are acceptable.
3. Roads or driveways within public rights-of-way or public easements are for general use and cannot be gated or blocked without the authorization of the Borough.
4. At a minimum, the clearing required shall include seven feet from the edge of any established roadway surface for safety and snow storage.
5. The Permittee agrees to accept all responsibility and bear the expense of re-establishing any property corner, monument, or witness marker damaged or destroyed due to the construction activities.
6. Utility facilities cannot be constructed or located within this public way without a Borough-approved Utility Facility Design. This permit authorization will authorize no clearing for installing Utilities under this permit.
7. This permit does not allow for any stream crossings. The permit will need amendment through approved review, the design approved, and the permit amendment signed by the Permittee before a stream crossing can be authorized. Other permit conditions may be required depending on the type of crossing. Please call (907)861-7803 for more information if a stream crossing is needed.
8. The permit will be shown at the preconstruction conference as part of F01.3 Preconstruction Conference item (d) on Page 38 if the roadway is for subdivision purposes. No work should commence before a Notice to Proceed (NTP) is granted by the Platting Division and after signing an approved Subdivision Construction Plan by the Department of Public Works. See Section F. Development Implementation and the 2022 Subdivision Construction Manual for additional requirements.

DURING CONSTRUCTION ACTIVITIES, THE PERMITTEE MUST:

9. Fall and skid all trees 4 inches in diameter and larger before beginning grubbing and road construction.
10. No strip mining for gravel will be allowed within the public easements.
11. The Permittee shall remove all construction debris, large limbs, tree tops, uprooted stumps, disturbed organic material, and large rocks agitated within clearing limits from rights-of-way before the expiration date. Brush to be stacked for burning outside of section line easements. Obtain any necessary burn permits from the State of Alaska Division of Forestry.
12. Center the construction of the access as close as possible to the center of the public easements. Clear and grub up to 20 feet on each side of the center of the Right of Way for road construction, ditching, and to induce maximum sunlight onto the road prism. The Permittee must perform a minimum of seven feet of clearing from the edge of the roadway's surface. Construct ditches at the foot of the road fore-slope to a maximum depth of 2.5 feet, measured from the finished grade of the driving surface, for drainage and snow storage purposes.
13. All cuts and fills shall be constructed and located to a maximum of 2 feet horizontal to 1-foot vertical slopes within the public easement or right of way. A minimum of 5 feet of undisturbed ground must be between the top of a cut slope or the toe of a fill slope and the exterior boundary of the public right-of-way or public easement. The Permittee is responsible for obtaining additional right-of-way and slope easements to contain all improvements. Cut and fill slope areas may be cleared to the edge of the outer five feet of the easements to help establish the grade once easements are approved and obtained or if within existing easements. All cuts and fill slopes shall be within the easements or slope easements by a minimum of five feet to help establish a buffer for possible long-term slope erosion. Before working outside existing easements, an amendment to this permit must be reviewed, approved, and signed for this or any additional work.
14. All hydrology engineering is the responsibility of the Permittee. Install appropriate-sized culverts or swales to maintain natural drainage patterns. The authorized construction may not alter the natural drainage patterns.

AFTER CONSTRUCTION REQUIREMENTS, THE PERMITTEE MUST:

15. The Permittee shall file a written notice of completion with the Development Services Division within ten days after the construction is complete requesting a

final inspection. Call the Permit Center at (907)-861-7822, Option 2, or email the Permit Center at Permit.Center@matsugov.us for the final inspection and review. Upon completion, have the Registered Professional Land Surveyor stamp & certify **in writing** to the Borough Development Services Division or by sending the attached letter to the email address Andy.Dean@matsugov.us that all construction is within the public right-of-way. Also, the surveyor must state that all property corners, monuments, and witness markers, within or bordering the public right-of-way are undisturbed or reset.

16. A one-year mandatory warranty period on all improvements begins at the time of permit closure. Any Bond obtained for this work will remain in effect until the end of the warranty period. Please maintain the improvements and restore any deficiencies in quality or the requirements of this permit during this period.

In consideration for this permit, the Permittee shall indemnify, defend, and hold and save the Borough, its elected officers, agents, and employees, harmless from all claims, demands, suits, or liability of any nature, kind, or character, including costs, expenses, and attorney's fees. The Permittee shall be responsible under this clause for all legal actions or claims of any nature resulting from injuries, death, economic loss, damages, violation of statutes, ordinances, constitutions or other laws, rules or regulations, contractual claims, or any other kind of loss, tangible or intangible, sustained by any person, or property arising from Permittee's construction, alteration or maintenance and the existence of the above-described construction or for any damages whatsoever arising out of the granting of this permit.

The Borough reserves the right to revoke this permit upon 48 hours of written notice to the Permittee. The Permittee agrees upon said notice of revocation to immediately stop all construction activity within the easement, street, or public right of way. Should the Permittee refuse or fail to comply with said written notice, the Borough may, without further notice to the Permittee, make all repairs to the area. The Permittee agrees to reimburse the Borough for all costs incidental to the repair thereof.

The Permittee certifies that he has read and accepted the above conditions by evidence of the below signature, and the Borough authorizes said construction subject to the above conditions.

APPLICATION FOR CONSTRUCTION/CLOSURE WITHIN PUBLIC EASEMENTS & RIGHTS-OF-WAY

Application Fee \$200 each

Permit No. _____

Anthony Wells, Smoke Out Point

Applicant: Tim Alley, PE, TBC, Civil Engineer

Date: 10/5/2022

Address: 10600 E. Max Drive

Phone: (907) 982-4272

Palmer, AK 99645

Email: smopshop907@gmail.com

talley@tbcak.com

1. Give the legal description and tax account no. of property owned by applicant adjacent to construction:
Bradley Lake #2 RSB B/2 L/1 Block 2 Lot 1A, Tax Account No. 52209B02L001A
2. Describe the location where construction will occur, (legal description, public easement, or road name):
E. Max Dr. ROW from S. Colleen St to Bradley Lake #2 RSB B/2 L/1 Block 2 Lot 1A for commercial access to lot.
3. Proposed length and width of construction (Include map or sketch showing construction limits and cross section & plan drawings, if available. Drawings may be required in cases of steep terrain):
Construction access within ROW will be constructed 24' wide 615' long with hammer head turnaround. See attached drawing.
4. Proposed start up date: 10/10/2022 Expected completion date: 10/31/2022
5. This construction is necessary for the following reason(s):
Commercial access to proposed marijuana retail facility.
6. Proposed method for disposal of vegetation and grubbed material:
Road improvements follow existing alignment and should not require much clearing/grubbing. Downed trees will be stacked at the ROW for adjacent homeowners as required. All other grubbing and clearing debris will be hauled off and disposed.
7. List types of construction equipment that will be used for this project:
Excavator, Dozer, Dump Trucks, Grader
8. Identify any special conditions and problems that may be encountered during construction (i.e. Swampy ground, water bodies, steep slopes, forested areas):
Steep slopes existing along the ROW making it difficult to widen the existing gravel road within the existing ROW and alignment. Substantial fill will be needed for the hammerhead turnaround.

No work is authorized, including clearing of vegetation, within public easements & rights-of-way until a PERMIT is issued by the Borough and accepted by the applicant. The applicant certifies with their signature below, that they have read the conditions on the reverse side and completed this form accurately to the best of their knowledge.

Construction - C29230 - Bradley Lk #2 RSB

STANDARD CONDITIONS

Prior to Construction:

- A. Registered Professional Land Surveyor to verify, survey and mark exterior limits prior to construction and reference and preserve any survey corners and monuments in construction area. Upon completion, Surveyor to certify in writing to the Borough that all construction is in right-of-way and all survey corners are undisturbed or reset.
- B. Notify adjacent property owners by certified mail two weeks prior to construction.
- C. Complete a pre-construction meeting on site with Borough Right-Of-Way Agent after condition "A" is complete and prior to beginning any vegetation clearing.

Other Conditions:

- 1. No public money will be spent on maintenance or capital improvements.
- 2. Roads within public right-of-ways or public easements are for public use and cannot be gated or blocked.
- 3. Trees belong to adjacent property owners. Trees left in the right-of-way shall be cut into 4' lengths. Other arrangements made between the Permittee and the property owners are acceptable.
- 4. Disturb and clear only that area necessary for permitted use.
- 5. In site specific locations where public rights-of-way widths are 100 feet or greater the Borough may authorize slit trenching to be in the (southern) (western) 20' of right-of-way.
- 6. All construction debris, including brush, limbs, tree tops, uprooted stumps, organic material and large rocks must be removed from narrow rights-of-way. Construction debris may not be placed onto adjacent properties without written authorization.
- 7. It is the applicant's responsibility to obtain any required permits from local, state, or federal agencies for the proposed construction.
- 8. Permits are subject to additional conditions, as deemed necessary by the Borough, to address special circumstances and construction limitations.
- 9. A Damage Bond and/or Liability Insurance may be required for the proposed construction activity.

DATE: 12/08/2022

GENERAL NOTES:

1. ALL CONSTRUCTION SHALL BE INSTALLED AS SPECIFIED IN 2017 ALASKA DEPARTMENT OF TRANSPORTATION STANDARD SPECIFICATIONS FOR HIGHWAY CONSTRUCTION.
2. THE CONTRACTOR SHALL RESTORE ALL DISTURBED PROPERTY, INCLUDING DRAINAGE SWALES, DISTURBED BY CONTRACT ACTIVITIES TO PRE-CONSTRUCTION CONDITION.
3. THE CONTRACTOR SHALL BE RESPONSIBLE FOR EROSION AND SEDIMENT CONTROLS AS NECESSARY TO COMPLY WITH FEDERAL, STATE, AND MUNICIPAL LAWS THAT PROHIBIT UNPERMITTED DISCHARGE OF POLLUTANTS, INCLUDING SEDIMENTS, THAT ARE A RESULT OF EROSION AND OTHER CONSTRUCTION ACTIVITIES. THE CONTRACTOR SHALL CONDUCT ALL WORK SO SEDIMENT IS NOT TRANSPORTED ONTO THE ROADWAY OR ADJACENT PROPERTY. AT A MIN, THE CONTRACTOR SHALL SWEEP UP ANY SEDIMENT TRACKED ONTO PAVED SURFACES IN PUBLIC ROW DURING ALL WORK HOURS TO MINIMIZE THE WASH-OFF OF SEDIMENT INTO THE STORM DRAINS OR WATERWAYS.
4. FINISH GRADE (FG) REPRESENTS THE ELEVATION OF THE FINISHED SURFACE. IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO ADJUST SUBGRADE OR TOPSOIL TO ALLOW FOR FINISHED SURFACE MATERIAL DIMENSIONS. IF DETAIL IS PROVIDED FOR SPECIAL AREA, DETAIL SHALL DENOTE FINISH GRADES.

DOOR NOTES :

- ALL DOORS ARE TO HAVE LEVER TYPE HARDWARE, UNLESS OTHERWISE NOTED AS PANIC HARDWARE (LEVER AT PULL SIDE), & THE MAXIMUM EFFORT TO OPERATE DOORS SHALL NOT EXCEED WHAT IS SPECIFIED IN THE INTERNATIONAL BUILDING CODE FOR EXTERIOR & INTERIOR DOORS AS WELL AS DOORS IN A BARRIER FREE PATH OF TRAVEL.
- JAMB DESIGN FOR ALL ALUMINUM DOORS SHALL BE CONSTRUCTED TO WITHSTAND 1,600 POUNDS OF PRESSURE IN BOTH A VERTICAL DISTANCE OF 3' & A HORIZONTAL DISTANCE OF 1" EACH SIDE OF THE STRIKE.
- ALL HOLLOW METAL DOOR FRAMES SHALL BE OF THE WELDED TYPE, NO KNOCK-DOWN FRAMES.
- THE CONTRACTOR SHALL VERIFY ALL DIMENSIONS PRIOR TO FABRICATION / ORDERING.
- ALL DOOR GLAZING SHALL BE 1/4" SAFETY TYPE GLAZING, UNLESS OTHERWISE NOTED.
- PROVIDE ALUMINUM BREAK METAL AT JAMBS.
- ALL DOORS SHALL NOT HAVE HOLD OPEN HINGES UNLESS SPECIFIED.
- COORDINATE ALL LOCK STYLES, FUNCTION, TYPE, AND KEYING WITH OWNER.

STRUCTURAL NOTES:
 ALL MATERIALS, WORKMANSHIP AND CONSTRUCTION METHODS SHALL BE IN ACCORDANCE WITH THE STRUCTURAL DRAWINGS, THE SPECIFICATIONS AND NOTES LISTED IN THIS DRAWING SET. MINIMUM PROVISIONS OF THE INTERNATIONAL BUILDING CODE (IBC 20012), AND LOCAL AMENDMENTS SHALL APPLY WHERE DETAILS ARE NOT SHOWN OR DESCRIBED.

AS-BUILT DRAWINGS:
 CONTRACTOR SHALL MAINTAIN A CURRENT SET OF DRAWINGS ON SITE, MODIFIED TO REFLECT ALL DESIGN CHANGES TO THE ORIGINAL DRAWING SET.

STRUCTURAL OBSERVATIONS:
 THE OWNER SHALL EMPLOY THE ENGINEER OF RECORD TO PERFORM STRUCTURAL OBSERVATIONS AS DEFINED IN SECTION 1702 OF THE IBC AT SIGNIFICANT STAGES AND AT COMPLETION OF THE STRUCTURAL SYSTEM. STRUCTURAL OBSERVATION DOES NOT INCLUDE OR WAIVE THE RESPONSIBILITY OF SPECIAL INSPECTIONS REQUIRED BY SECTION 1704 OF THE CODE.

DISCLAIMER:
 TERRAMOUNT ENGINEERING AND DESIGN INC (TE&D) IS NOT RESPONSIBLE FOR SAFETY PROGRAMS, METHODS, OR PROCEDURES OF OPERATION, OR THE CONSTRUCTION OF THE DESIGN SHOWN ON THESE DRAWINGS. DRAWINGS ARE FOR USE ON THIS PROJECT ONLY AND ARE NOT INTENDED FOR REUSE WITHOUT WRITTEN APPROVAL FROM TE&D. DRAWINGS ARE ALSO NOT TO BE USED IN ANY MANNER THAT WOULD CONSTITUTE A DETRIMENT DIRECTLY OR INDIRECTLY TO TE&D.

DEFERRED SUBMITTALS			
DEFERRED SUBMITTAL ITEMS SHALL BE REVIEWED BY THE EOR AND THEN SUBMITTED TO THE BUILDING OFFICIAL.			
THE CONTRACTOR SHALL BE RESPONSIBLE FOR SUBMITTING CALCULATION AND DRAWINGS STAMPED BY AN ALASKA REGISTERED PROFESSIONAL ENGINEER FOR THE FOLLOWING CONTRACTOR DESIGNED ITEMS:			
<ul style="list-style-type: none"> FOR ALL PROPOSED MODIFICATIONS TO THESE DRAWINGS. FOR ANY DETAILS WHICH ARE NOT SHOWN WITHIN THIS DRAWING SET INCLUDING BUT NOT LIMITED TO THE FOLLOWING. LARGE STORE FRONT WINDOWS, MULLIONS , WINDOW FRAME CONNECTIONS TO THE STRUCTURE, STEEL DECKING CONNECTIONS. 			

- GEOTECHNICAL NOTES:**
- ANY UTILITIES UNDER THE SITE SHALL BE RELOCATED AND TRENCHES BACKFILLED WITH APPROVED MATERIAL. PRIOR TO EXCAVATION FOR THE FOUNDATION.
 - GEOTECHNICAL DESIGN ASSUMPTIONS ARE NOTED ON THIS DRAWING. PRIOR TO CONSTRUCTION A QUALIFIED PROFESSIONAL IS TO VERIFY SITE CONDITIONS MEET OR EXCEED THE REQUIREMENTS NOTED BELOW.
 - A) ALL ORGANICS ARE TO BE REMOVED DOWN TO GOOD FREE DRAINING NON-FROST-SUSEPTABLE (NSF) MATERIAL . OVER EXCAVATE A MIN OF 2'-0" BELOW THE BASE OF THE FOOTING TO ENSURE ALL ORGANICS OR FROST SUSEPTABLE SOILS ARE ARE REMOVED. COMPACT SUB BASE TO 95% MATERIAL DENSITY ACCORDING TO ASTM-D-1557
 - B) BASE COARSE IS TO BE 1-1/2"MINUS FREE DRAINING WELL GRADED NFS MATERIALS COMPACTED IN 6 INCH LIFTS TO A MINIMUM OF 95% MATERIAL DENSITY ACCORDING TO ASTM-D-1557 AND IS TO MEET OR EXCEED A BEARING CAPACITY OF 2000 PSF .
 - C) All WALL BACKFILL IS TO BE GOOD FREE DRAINING NON-FROST-SUSEPTABLE (NSF) MATERIALS
 - D) SOIL PROPERTIES
 - 1) MAX SOIL WEIGHT 120 pcf
 - 2) SOIL FRICTION ANGLE 32 Deg.
 - 3) MAX ALLOWABLE ACTIVE EARTH PRESSURE 35 pcf
 - 4) MAX ALLOWABLE AT REST EARTH PRESSURES 56pcf
 - 5) MIN SOIL PASSIVE PRESSURE 350pcf
 - 6) MAX SOIL SURCHARGE 180pcf
 - E) SUBGRADE AND BASE MUST BE FREE FROM LOOSE MATERIAL , FREE OF STANDING WATER AND APPROVED BY GEOTECHNICAL ENGINEER OR QUALIFIENET INSPECTOR PRIOR TO PLACING BUILDING OR THE RETAINING WALL FOUNDATION REINFORCING BARS AND CONCRETE.

STATEMENT OF SPECIAL INSPECTIONS

THE FOLLOWING SPECIAL INSPECTIONS SHALL BE PERFORMED BY QUALIFIED PERSONNEL EMPLOYED BY THE OWNER OR THE REGISTERED DESIGN PROFESSIONAL IN RESPONSIBLE CHARGE ACTING AS THE OWNER'S AGENT.

SPECIAL INSPECTOR QUALIFICATIONS:
THE SPECIAL INSPECTOR SHALL PROVIDE WRITTEN DOCUMENTATION

INSPECTION TASKS:
INSPECTION TASKS ARE LISTED IN THE ATTACHED TABLES AND IN THE 2012 EDITION OF THE IBC CHAPTER 17.

FABRICATOR APPROVAL:
SPECIAL INSPECTIONS REQUIRED BY SECTION 1705 ARE NOT REQUIRED WHERE THE WORK IS DONE ON THE PREMISES OF A FABRICATOR REGISTERED AND APPROVED TO PERFORM SUCH WORK WITHOUT SPECIAL INSPECTION. TESTING REQUIREMENTS CANNOT BE WAIVED.

REPORT REQUIREMENTS:
REPORTS SHALL BE COMPLETED ON A DAILY BASIS AND DISTRIBUTED ON A WEEKLY BASIS. COPIES OF REPORTS SHALL BE DISTRIBUTED TO THE GENERAL CONTRACTOR, THE ENGINEER OF RECORD AND THE ARCHITECT OF RECORD. REPORTS SHALL INDICATE WHETHER THE WORK WAS OR WAS NOT COMPLETED IN CONFORMANCE WITH THE CONSTRUCTION DOCUMENTS. DISCREPANCIES SHALL BE IMMEDIATELY BROUGHT TO THE ATTENTION OF THE GENERAL CONTRACTOR. IF THEY ARE NOT CORRECTED, DISCREPANCIES SHALL BE BROUGHT TO THE ATTENTION OF THE REGISTERED DESIGN PROFESSIONAL IN RESPONSIBLE CHARGE. A FINAL REPORT DOCUMENTING THE SPECIAL INSPECTIONS PERFORMED AND THE CORRECTION OF ANY DISCREPANCIES SHALL BE DISTRIBUTED AS NOTED ABOVE.

STRUCTURAL OBSERVATIONS:
THE OWNER SHALL EMPLOY THE REGISTERED DESIGN PROFESSIONAL TO PERFORM STRUCTURAL

OBSERVATIONS AS FOLLOWS:

WIND:
WHERE V_{asd} EXCEEDS 110 MPH
WHERE THE STRUCTURE IS CLASSIFIED AS RISK CATEGORY III OR IV
THE BUILDING HEIGHT IS GREATER THAN 75 FT.
WHEN REQUIRED BY THE DESIGN PROFESSIONAL OR THE BUILDING OFFICIAL

SEISMIC:
WHERE THE STRUCTURE IS ASSIGNED TO SEISMIC DESIGN CATEGORY E
WHERE THE STRUCTURE IS CLASSIFIED AS RISK CATEGORY III OR IV
THE BUILDING HEIGHT IS GREATER THAN 75 FT.
WHEN REQUIRED BY THE DESIGN PROFESSIONAL OR THE BUILDING OFFICIAL

Good Afternoon Rick,

Attached is the updated Site Plan and As-Built Survey that should address the items on the latest RFAI.
Please let us know if we can deem the CUP complete and get this application in front of the planning commission.

Thank you and Happy Friday!

On Fri, Jan 26, 2024 at 10:22 AM Brenda Butler <brenda@jdwcounsel.com> wrote:

Thank you Rick, we'll get on it.

Mat-Su Borough
Development Services

CONDITIONAL USE PERMIT FOR MARIJUANA RELATED FACILITIES – MSB 17.60

Carefully read instructions and applicable borough code. Fill out forms completely. Attach information as needed. Incomplete applications will not be processed.

Application fee must be attached:

\$1,500 for Marijuana Retail Facility *X FOLDED FROM PERMIT: 10298*
 \$1,500 for Marijuana Cultivation Facility

Prior to the public hearing, the applicant must also pay the mailing and advertising fees associated with the application. Applicants will be provided with a statement of advertising and mailing charges. Payment must be made prior to the application presentation before the Borough Planning Commission.

Required Attachments for a Marijuana Cultivation Facility:

- Wastewater and Waste Material Disposal Plan – 17.60.160 (A)
- Odor Mitigation and Ventilation Plan – 17.60.160 (B)
- Hazardous Chemicals Information – 17.60.160 (C)
- Security plan – 17.60.160 (D)

Required Attachments for Both Retail and Cultivation Facilities:

Documentation demonstrating full compliance with applicable fire code – 17.60.150 (D) (2)

Subject Property: Township: 17N, Range: 1E, Section: 4, Meridian: Seward

Site Plan – Attach a detailed, to scale, site plan clearly showing the following information:	Attached
Proposed and existing structure(s) on the site. Indicate which structure(s) will be used for the proposed use. Dimensions and locations of all existing and proposed structures on the site in relationship to all property lines.	YES
Signage – Existing and Proposed.	YES
Location and dimensions for all access points to and from the site to public rights-of-way or public access easements.	YES
Buffering – Fences, vegetation, topography, berms, and any landscaping	YES
Drainage	YES
Vehicular and pedestrian circulation patterns.	YES
Exterior site lighting.	YES
Location and dimensions of parking areas to be provided	YES
Scale and north arrow using standard engineering intervals such as 1" = 30', 1" = 50' or similar as required by project size.	YES

Map – Attach a detailed, to scale, vicinity map clearly showing the following information:	Attached
Identify all existing land uses within 1,000 feet.	YES
Scale and north arrow using standard engineering intervals such as 1" = 30', 1" = 50' or similar as required by project size.	YES

In order to grant a conditional use permit under MSB 17.60, the Planning Commission must find that each of the following requirements have been met. Explain the following in detail:	Attached
Is the conditional use compatible with and will it preserve or not materially detract from the value, character and integrity of the surrounding area?	YES, please see narrative
Will the granting of the conditional use permit be harmful to the public health, safety, convenience and welfare?	NO
Are sufficient setbacks, lot area, buffers and other safeguards being provided?	YES
Does the conditional use fulfill all other requirements of MSB Chapter 17.60 pertaining to the conditional use in this section?	Please see narrative
Describe measures taken to prevent any potential negative effect upon other properties in the area due to such factors as noise and odor.	Please see narrative
Describe measures taken to reduce negative effects upon adjacent properties by: <ul style="list-style-type: none"> • Increased property line and right-of-way buffers • Planted berms and landscaping • Site and building design features which contribute to the character of the surrounding area 	Please see narrative
Describe how this use is compatible with the character of the surrounding area.	Pls see narrative
Current status of State License application process – 17.60.150 (D) (1)	Approved by the MCB

17.60.170 Standards for Marijuana Retail Facilities:	Attached
Describe how the subject parcel is appropriate for the proposed conditional use. Include information detailing: <ul style="list-style-type: none"> • The proximity of the proposed use to existing businesses; • The proximity of parcels developed with residential uses; • Whether the roads associated with the proposed use have been, or will be, appropriate for commercial use; and • Proposed hours of operations. 	YES
Provide information showing minimum parking standards have been met as required by MSB 17.60.170 (B) and (C).	YES

Floor Plan for Marijuana Retail Facilities – Attach a detailed, to scale, floor plan clearly showing the following information:	Attached
Dimensions of all structures.	YES
Interior floor plans (specific location of the use or uses to be made of the development).	YES
Net floor area square footage calculations.	YES

OWNER'S STATEMENT: I am owner of the following property:

MSB Tax account #(s) 56932B01L001A
and, I hereby apply for approval of a conditional use permit to operate a marijuana related facility on the property as described in this application.

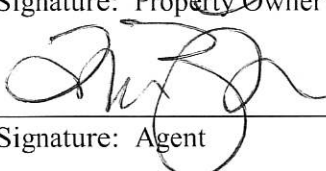

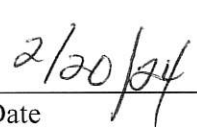

I understand all activity must be conducted in compliance with all applicable standards of MSB 17.60 and with all other applicable borough and state.

I understand that other rules such as local, state and federal regulations, covenants, plat notes, and deed restrictions may be applicable and other permits or authorization may be required. I understand that the borough may also impose conditions and safeguards designed to protect the public’s health, safety and welfare and ensure the compatibility of the use with other adjacent uses.

I understand that it is my responsibility to identify and comply with all applicable rules and conditions, covenants, plat notes, and deed restrictions, including changes that may occur in such requirements.

I grant permission for borough staff members to enter onto the property as needed to process this application and monitor compliance. Such access will at a minimum, be allowed when the activity is occurring and, with prior notice, and at other times necessary to monitor compliance.

The information submitted in this application is accurate and complete to the best of my knowledge.

On behalf of:
Higher by Bad Gramm3r, LLC

Introduction:

We are pleased to re-introduce Teri and Peter Zell. The Zell's have lived in the Mat-Su Valley for over 50 years. Peter owned his own business installing satellite and home theater systems. For 30 years Teri worked for the State of Alaska, 22 of those years was spent at the Alaska State Parks as budget manager for the Mat-Su area, and finally retired in 2016. Peter opened Bad Gramm3r in 2017, and Teri followed with the Higher by Bad Gramm3r retail store on Hyer Road in 2019. Teri enjoys gardening and built a rather large formal garden that continues to grow. Peter stays active in the community and has several projects at all times.

This Conditional Use Permit ("CUP") application is for transferring an existing Retail Marijuana Store to operate in a new location and requests approval from this Honorable Commission. Higher by Bad Gramm3r's transfer of ownership and location application was been approved with delegation by the Marijuana Control Board "MCB" during the November 2023 meeting.

Required attachments for a marijuana retail facility conditional use permit narrative:

Is the conditional use compatible with and will it preserve or not materially detract from the surrounding area's value, character, and integrity?

The proposed use is compatible with adjacent properties and fits succinctly into the area as there is a mix of uses in the area – the area consists of large lots that house commercial uses and some residential uses. East Mountain Heather Way is a frontage road on the Palmer-Wasilla Hwy. To the west of the proposed site there are six businesses lining the road, behind the site there is the old bus barn, to the east is a 4.7-acre lot that due to terrain and trees, is not visible. The proposed retail store is located on a 1.34-acre lot, approximately 850.99 feet, door to door, from the existing location (1204 Hyer Spur) and is situated for commercial use. The entire licensed area, including the restroom, pack/prep/inventory storage rooms, and retail sales floor, will be approximately 2606.52 square feet. The proposed use fits into the surrounding uses' harmony in size and design. As the facility is situated on a large concrete/asphalt commercial use lot, there are minimal neighbors near this proposed location. The neighboring lot to the north is used as a private residence. The State of Alaska owns the lot to the northeast. The area west of the facility is Mat-Valley Meats, the lot to directly southwest has a commercial building part of which has a strudel shop business, and across the street is Mattress Ranch and undeveloped land. As described above, the proposed use will not detract from the surrounding area's character, value, and integrity. The facility will not produce noise pollution and has an odor control method.

Steps have been taken to reduce the potential adverse effects of the proposed use upon adjacent properties. The facility design utilizes an urban/commercial landscape screening and meets the Mat-Su Borough's setback requirements of 25' from public rights-of-way and 10' from side and rear lot lines. (*See Site Plan*)

The proposed use will meet all compatible uses allowed on adjacent properties and will improve the overall neighborhood as the premises will not emit odor, will not produce excess dust, will not produce noise pollution, and will have dedicated parking & loading, thus fitting in with adjacent property uses. A Traffic Impact Analysis (TIA) Threshold Worksheet is being

submitted to determine if this project requires a TIA. As detailed in the attached site plan, there will be ample space for parking on the premises and will have appropriate accessibility spaces under the Americans with Disabilities Act.

The security alarm system for Higher by Bad Gramm3r will be provided by FrontPoint security. When Higher by Bad Gramm3r is closed for business, the entire security system will be activated. Any attempt to enter the premises without proper access will trip the alarm system and immediately notify the licensee and/or the local police or fire depending on the nature of the alarm triggered. Any attempt to power down the security panel is automatically detected and will alert the licensee. All employees will be trained on the security system. The Higher by Bad Gramm3r facility will utilize motion detectors from FrontPoint Security. The facility will also install a panic switch which will be programmed to communicate an emergency directly with the local authorities and the licensees. Window sensors will be installed on each window of the facility along with door sensors. Surveillance cameras will cover the entire licensed premises with the exception of the restroom. All restricted access areas will be covered by the cameras including each entrance and exit to restricted access areas, point of sale system, entrance/exit of the facility doors etc. The restricted access areas will have prominently posted signs around the premises stating, "Restricted Access Area: Visitors Must Be Escorted" and "Video Surveillance in Progress."

In the event a non-employee/agent of the company needs to access the restricted access area of the retail establishment, the company visitor policy will be adhered to. Visitors must show their valid photo identification and obtain a visitor badge to be displayed at all times in restricted areas. All restricted access area visitors must be preapproved by management (except for AMCO officials, law enforcement, or an agent of the Matanuska Susitna Borough) - there should be no unscheduled and unexpected visitors into the restricted access area of the retail. Higher by Bad Gramm3r staff must accompany visitors throughout the entire visit, with no more than five visitors to one staff member while in the restricted access area – again, there likely will not be visitors to the retail restricted access area because that area is for inventory storage and control and is separate from the retail display floor where customers can visit the store and purchase products. To maintain the security of the facility and to ensure control over all marijuana products, access to the restricted access areas will be monitored and permanently restricted. Access will only be granted to employees and licensees, AMCO agents, law enforcement, MSB Borough agents and the limited exception of scheduled preapproved visitors.

Additionally, Higher by Bad Gramm3r interior signage indicates that any members of the public are not allowed to have unescorted access in the restricted area. The exterior entrance and drive-thru signage warns the public that only persons over 21 may enter the retail establishment or utilize the drive-thru. Any drive-thru customers with children in the vehicle must confirm that they are the legal guardian of the children in the vehicle and the children are under the age of seven (7). Distinct and apparent cameras will be placed throughout and around the facility to encourage people not to attempt unauthorized access and to discourage criminal activity in the retail and surrounding areas. Cameras at the drive-thru will be able to identify individuals at a minimum of 20 feet away.

Will the granting of the conditional use permit be harmful to public health, safety, convenience, and welfare?

No – Higher by Bad Gramm3r has a detailed security system and plan, diversion/inversion/theft control policies, and a loitering check plan.

The facility is a commercial marijuana retail store that will only allow access to those at least 21 years of age or older who have produced a valid, government-issued photo identification (ID) for staff to inspect before being accepted into the retail floor or given a menu at the drive-through. No on-site consumption is allowed at this retail establishment, and no customers may consume in their vehicles in the parking lot – the parking lot has distinct and apparent cameras pointed toward the parking lot to discourage further consumption in vehicles and loitering. A Higher by Bad Gramm3r employee shall perform regular parking lot and perimeter checks throughout the day, frequent but unscheduled so no member of the public picks up on a scheduled pattern, to ensure that no persons are loitering in the area, to identify any persons who may be scoping the facility out for illegal purposes or planning a robbery, and to check to ensure that no customers are consuming product on the property or in their vehicles.

√ All marijuana and marijuana products are displayed in locked display cabinets for customers to view. No marijuana or marijuana product will be visible to the public from the drive-thru window. The current building, which is being moved to this proposed location, has a drive-thru window that was approved and used during the Covid emergency order at the active-operating retail stores current location has an abundance of safety features such as; safety plate glass, iron bars, a roll ok security shutter, a transaction drawer similar to that of a drive-thru pharmacy or bank and cameras that can view the inside of any car and record the license plate of any vehicle that approaches the drive-thru window. The area behind the cabinets is restricted access, and signage is displayed accordingly. Employees open the cabinet from within the restricted retail access area and place the product into exit packaging (i.e., child-resistant, resealable, and opaque) at the cash register before handing it to the customer or placing the marijuana or product into the teller window. Once a customer's transaction is complete, they will be instructed by an employee to exit the retail store or drive away from the window.

√ In order to ensure Higher by Bad Gramm3r only allows access to persons over the age of 21, the retail establishment will check the ID of every person attempting to enter the retail store or use the drive-through window. Anyone under the age of 21 or who does not produce a valid photo ID issued by a federal or state agency authorized to issue ID cards must leave the premises, no matter how familiar the employee is with the customer. Any employee checking IDs has a valid marijuana handler permit and is trained to recognize altered/forged photo IDs.

Additional protections to ensure the prevention of any negative impact on public health, safety, convenience, and welfare:

√ The facility will have a 24-hour monitoring alarm system, bright, prominent exterior lighting that is downward facing to minimize light pollution to neighboring lots, and a video surveillance system. Commercial locking mechanisms and video surveillance secure all entrances to capture individuals within 20 feet of all entry points as well as any vehicle approaching the drive-thru

window. Inside the licensed premises, video surveillance will cover all areas of the facility (except for the bathroom) 24/7 (stored for a minimum of 40 days) to monitor and identify all activity. A licensee must preapprove all visitors or a manager (except AMCO agents, MSB agents, and law enforcement). To maintain the security of the facility and all marijuana products, access to the facility will constantly be monitored and restricted. Access to restricted areas will only be granted to employees and licensees, AMCO agents, MSB agents, law enforcement, and the limited exception of scheduled preapproved visitors. Access to the sales floor will only be granted to customers who possess and provide a valid ID that evidences they are over the age of 21. As previously discussed, distinct and apparent cameras will be placed throughout and around the facility to encourage people not to attempt unauthorized access to the restricted access area and to discourage any criminal or mal- intent activity.

✓ On-site video surveillance will continuously monitor all areas of the premises. Employees will perform mandatory inventory counts weekly, check counts against Metrc records, compare with point-of-sale reports to ensure no diversion or inversion is occurring, and document the reports as official business records. Higher by Bad Gramm3r will not tolerate any theft, inversion, or diversion, and all employees will complete mandatory training in recognizing such activity. Higher by Bad Gramm3r management team understands that diversion can happen in two ways - inversion and diversion - and is equally profitable to divert product out of the legal system as it diverts product from the illegal system into the legal market. If an employee is caught stealing marijuana *or* infusing the facility with the non-regulated black-market product, Higher by Bad Gramm3r will notify local law enforcement immediately, comply with all directives, and provide all necessary information and records for the investigation. Higher by Bad Gremm3r will take the necessary steps to ensure that illegal conduct by an employee does not compromise the facility's license and legitimate business operations. Once a theft is reported, a licensee or manager will update the product records in the tracking system, as needed, to maintain an accurate and comprehensive accounting for all marijuana products and inventory. Higher by Bad Gramm3r will comply with all inquiries and investigations lodged by AMCO as a result. Higher by Bad Gramm3r will discuss diversion prevention during interviews and training, all employees will be trained to spot signs of diversion and how to report suspected diversion. Employees will be provided a system to anonymously report suspected diversion to a licensee. The anonymous diversion notification box will be placed in a readily visible location in the store but private enough that they can access it without being seen by another staff member. Only the licensees will have access to the anonymous diversion tip line box. Documentation related to marijuana theft will be maintained as a business record for five (5) years and made available to AMCO upon request. Video recordings will be stored for forty (40) days. Cameras will provide a full view of the retail floor, entryway, safes, storage, and product packaging areas. Security monitors and video recording equipment will be securely located on-site.

✓ Qualified candidates will be hired on a probationary period, during which they will receive training and evaluation specific to their position. Training will include internal policies and procedures; state statutes and regulations; diversion, theft, and inversion prevention; sanitation and hygiene; legalities and regulation of recreational cannabis at state and federal levels; Metrc use; point of sale system functions and use; identification of fake IDs, and safety protocols. Training

will occur throughout the year when topics arise that need further explanation or refreshing. A licensee or manager will present training and education to employees. As proper safety and security procedures are of the utmost importance to Higher by Bad Gramm3r, the most up-to-date reading materials will always be available to employees. Prior to beginning work, employees will be expected to understand the following: (1) Alaska laws, regulations, and codes governing the marijuana industry and marijuana establishments; (2) all of the permitting requirements to act as a marijuana handler (including obtaining a Marijuana Handler card from a state-approved course provider before commencing employment) and to work in a marijuana establishment; (3) Higher by Bad Gramm3r standards, operational protocol, and best practices concerning marijuana retail sales; (4) general safety procedures and security protocol; (5) how to think defensively if threatening situations occur; (6) in-depth information about particular strains and their features; (7) in-depth information on the requirements of each room, task, and system; and (8) the general federal, state, and local employment regulations by which Higher by Bad Gramm3r is governed. To ensure full coverage for each position, all employees will be cross-trained on the requirements of each job.

✓ Higher by Bad Gramm3r will have “No Loitering” signs clearly posted around the licensed premises. If an employee suspects that a person is loitering, they will be given a verbal warning to leave the premises or law enforcement will be notified. Trained employees will maintain periodic checks around the property to deter unauthorized entrance or loitering around the facility. The exterior lighting system will keep the premises well-lit during closed hours and provide extra lighting for all surveillance recordings. Exterior lighting will be shielded and downward-directional to mitigate any unwanted light pollution. An employee will frequently check lighting to ensure that lighting is adequate to prevent dark spots and capture the best facial image of every person and vehicle that approaches the facility. If there are any issues with the quality of the surveillance capture, the lighting will be calibrated and/or additional lighting will be installed. All outdoor lighting will be shielded to protect against inclement weather and vandalism.

The facility’s architectural design incorporates lighting to project light on to the building and downward. The alarm system will monitor for intrusions with motion detectors on all access points during closed hours, including the entrance to the licensed facility and secured storage. Live security footage will also be accessible to licensees and management via their cellular phones, so they may keep an eye on the facility even when they are away. Any attempted or actual intrusion will prompt an automatic, electronic alert to the security company who will then contact local law enforcement and a licensee or manager. All alarm systems and devices will be tested every six (6) months.

Are there sufficient setbacks, lot area, buffers and other safeguards being provided?

As described previously, Higher by Bad Gramm3r is located within a 1.34-acre lot on E. Mountain Heather Way. This application and Higher by Bad Gramm3r’s layout meet the required setbacks, buffers, and lot area. The entire retail store is enclosed in a commercial-grade building.

Plenty of on-site parking will be developed on the site for this use, including accessible spaces.

The facility has incorporated all measures to reduce the surrounding properties' negative effects, including natural landscaping screening and a modern architectural design that will not take away

from the surrounding area's character.

The facility will not produce any noise pollution and has an odor control method. A robust security plan and the "no loitering" policy will be implemented and thoroughly communicated to all employees. Additional safeguards include the following:

✓ The lighting fixtures with sturdy housings will be positioned at an inaccessible height to deter vandalism and common obstructions. The bulbs will be extremely bright to maximize visibility and deter crime. The exterior lighting will be checked daily by the manager on duty or licensee to ensure that each light in the system is operational and that each mount is positioned for optimum recording clarity and to deter unauthorized presence on the premises. The building's architectural design incorporates shielded lighting to prevent light pollution.

✓ A third-party security company will install the alarm system and continuously monitor the electronic notifications if the alarm is triggered. The security company will periodically visit to check and maintain the equipment.

Does the conditional use fulfill all other requirements of MSB Chapter 17.60 pertaining to the conditional use of this section?

Yes.

Describe measures being taken to prevent potential negative effect upon other properties in the area due to such factors as noise and odor.

The proposed use produces very little noise. Higher by Bad Gramm3r does not anticipate any noise coming from the facility; if any noise is to be produced, it is comparable to surrounding land uses. The roads that serve the facility and surrounding uses fluctuate in traffic flow during rush hours; however, they do not seem to be used to their maximum capacity; therefore, any increase in traffic flow on the roads serving the area is sufficient to serve the area with this proposed retail use.

Higher by Bad Gramm3r will abide by a strict "no odor" policy per MSB 17.60.150(A)(1) that will ensure no odor is detectable by the public from outside the facilities. This use is a retail establishment and should not have any issues with odor seeping out from the retail to the outside air. However, in an abundance of caution, odor control methods will be utilized and will consist of several methods meant to eliminate odors by utilizing methods including sealed containers and air sanitizers throughout the building and sealed containers when transporting marijuana to/from the premises. All marijuana at the retail facility will be either pre-packaged in smell-proof packaging for sale, in deli-style enclosed jars that are only opened to take the product out for sale to a customer and are repacked prior to exiting the facility, or in enclosed jars in small amounts for customers to smell.

Describe how use is compatible with the character of the surrounding area.

The facility is compatible with the surrounding area's character as it exists on a commercial property surrounded by similar uses. As well, there are some vacant land parcels near the proposed parcel and across the E Palmer-Wasilla Hwy that have yet to be developed. The character of the

surrounding parcels and their uses are a good fit for a marijuana retail store. Within 1000 feet of the proposed location, there appear to be five parcels used for commercial use, one industrial parcel, the remaining properties within 1000 feet are residential and vacant.

Current status of State License Application Process.

The Marijuana Control Board approved the transfer of location application during the November 2023 MCB Meeting.

Waste Management

Storage of any solid or liquid marijuana waste. Higher by Bad Gramm3r will store liquid and solid marijuana that is to be rendered unusable marijuana waste in a locked and sealed 5-gallon bucket. This bucket will be kept under video surveillance in a restricted access area and only be accessible by an authorized employee, licensee, or agent. All waste will be recorded in Metrc and logged as an official business record. Marijuana waste will be blended into a fine course before it is mixed into an organic living soil to render it unusable. The unusable marijuana waste will be sealed and locked in a 5-gallon bucket that contains organic living soil. The waste buckets will be stored in a restricted access area, away from trash receptacles, under video surveillance and only accessible by authorized personnel. Each bucket will be filled with 3 gallons of organic living soil to ensure a minimum of a 1:1 ratio between marijuana waste material and the organic living soil.

All Higher by Bad Gramm3r employees, agents, licensees, will be trained to identify all marijuana plant waste materials and marijuana product waste: Leaves, Stems, damaged marijuana products, returned marijuana products, expired marijuana products, leftover residue and material from prepackaging waste that takes place at the Higher by Bad Gramm3r facility (Example: converting 1 ounce of flower to pre-rolled and packed marijuana cigarettes).

Higher by Bad Gramm3r will use the Matanuska Susitna Borough Central Landfill to dispose of its marijuana waste that has been rendered unusable. A record of the final destination and the delivery date of marijuana rendered unusable will be kept. These records will be filed in the high security room and maintained for a minimum of 3 years.

Signage:

A sign with the company name will be affixed to the top of the building or on an independent signpost. The facility may also have signs on the sides of the building. Peter Zell sent sign information in a separate document directly to the MSB planner. Signage will comply with DOT private and/or commercial right of ways requirements as outlined in AS 19.25.105. Additional signs include “No Loitering”, “Video Surveillance in Progress”, “No One Under 21 Years of Age Allowed” and “Restricted Access Area” “Visitors Must be Escorted”.

Misc. Items and Information.

Please see attached parking layout diagram, which complies with MSB 17.60.170(B) and (C).

Proposed hours of operation for the retail establishment shall be Monday – Sunday, 9 am – 10 pm.

The number of employees on-site will be between 4 and 6, depending on employee shifts, season, and other store needs.

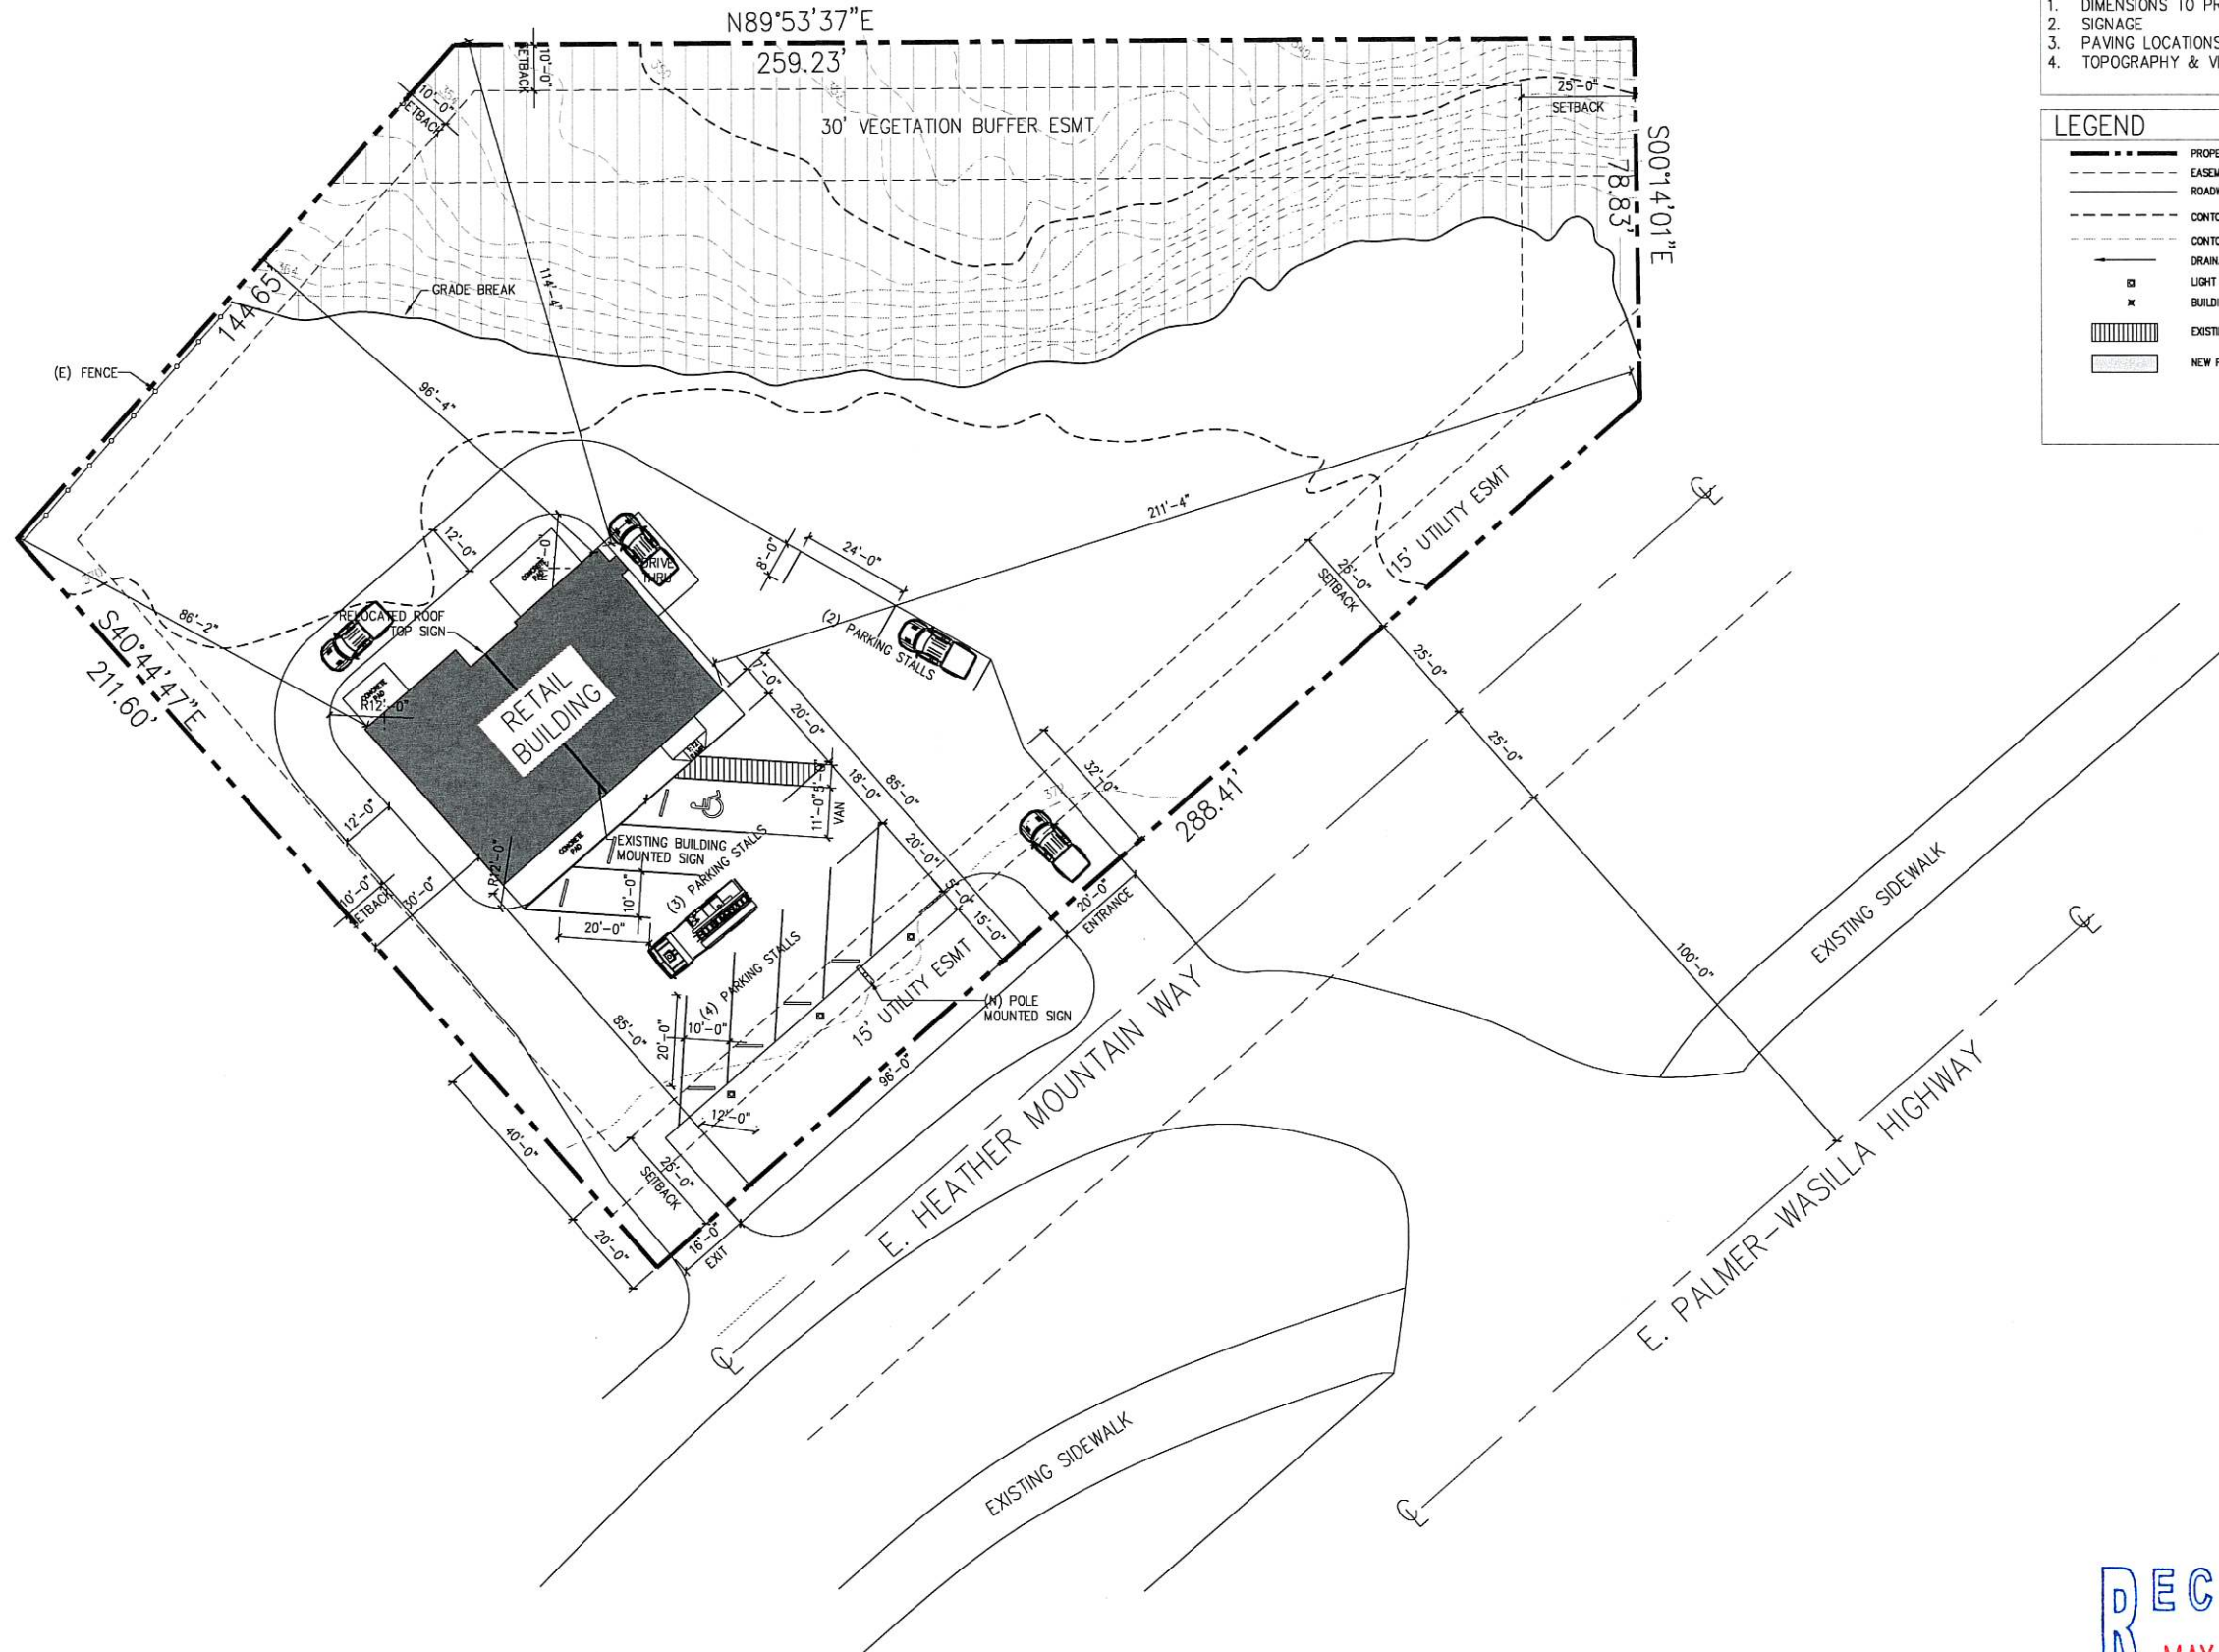

Thank you for considering this conditional land use application.

Subject: 6199 Mountain Heather Way
Stormwater Runoff

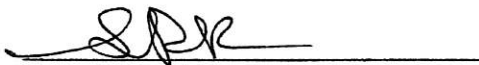

This is a drainage narrative pertaining to the subject lot.

The subject lot on E Mountain Heather Way was previously leveled with well drained NFS gravel. It had paved access to adjacent lots crossing it. The proposed development on the site will place one building and an associated parking lot on the lot. The existing storm water runoff from the lot flows to the northeast towards a vegetative buffer easement and is infiltrated into the ground before it leaves the gravel area. Assuming the infiltrative area surrounding the proposed development/impervious area is 40' wide on the northwest and northeast side of the building/parking lot and does not reach any lot line, all runoff from a 10-year 24-hour storm event will be infiltrated with excess capacity.

DRAINAGE CALCULATIONS:

TOTAL AREA OF IMPERVIOUS: 17,500 S.F.
2-YEAR, 24-HOUR RAINFALL TOTAL FOR WASILLA ALASKA: 1.33 INCHES
TOTAL VOLUME OF 2-YEAR 24-HOUR RAINFALL: 1,940 C.F.
10-YEAR, 24-HOUR RAINFALL TOTAL FOR WASILLA ALASKA: 1.96
TOTAL VOLUME OF 10-YEAR 24-HOUR RAINFALL: 2,858 C.F.
TOTAL INFILTRATION AREA: 10,500 S.F.
INFILTRATION RATE: 0.2 INCHES/MINUTE
INFILTRATION VOLUME: 175 C.F./MINUTE
INFILTRATION VOLUME PER 24HR: 252,000 C.F.

Sincerely,

Owner & Agent Permission Letter for Use and Occupancy of Premises

Matanuska-Susitna Borough
Planning and Land Use Department
Development Services Division
350 East Dahlia Avenue
Palmer, Alaska 99645

Re: Higher by Bad Gramm3r, LLC – Owner & Agent Authorization

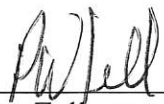

Dear Planning Office,

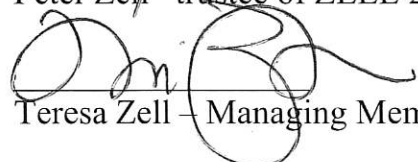

I, Peter Zell, of ZELL 2015 FAM TR, hereby grant permission for Higher by Bad Gramm3r, LLC, to lease and use my property located at 6199 E Mountain Heather Way, Palmer, AK 99645, as a Marijuana Retail Store. I understand that Higher by Bad Gramm3r, LLC will commercially sell marijuana and marijuana products on this property once the Matanuska-Susitna Borough approves the conditional use permit.

I, Teresa Zell, of Higher by Bad Gramm3r, LLC, authorize Jana Weltzin and her firm of JDW, LLC, to take all necessary actions to apply for and obtain one (1) conditional use permits for the operation of a Marijuana Retail Store of the property owned by ZELL 2015 FAM TR located at Township S17 Range N01 Section E04 Lot1A, commonly known as 6199 East Mountain Heather Way, Palmer, AK 99645.

If you have any questions regarding this correspondence, please contact me.

Sincerely,

Peter Zell – trustee of ZELL 2015 FAM TR

Re: HIGHER BY BAD GRAMM3R, LLC #19178

Dear Higher by Bad Gramm3r, LLC:

At the November 15 - 16, 2023 meeting of the Marijuana Control Board in Sitka, Alaska, the board voted to approve your Transfer of Location/Controlling Interest application with delegation to the director. Delegation means that the board has authorized me to issue the license once all outstanding approvals are received.

Please contact marijuana.licensing@alaska.gov with any questions.

Sincerely,

TYPE OF CONSTRUCTION: VB
OCCUPANCY TYPE: M
2021 INTERNATIONAL BUILDING AND FIRE CODE

Peter & Teri:

Plans for the relocation of subject facility have been reviewed by this office for conformity with the State Fire Safety Regulations and are hereby approved as submitted. Enclosed is a certificate of approval that must be posted on the premises until completion of the above facility. Any changes to the approved plans must be submitted to this office for review and approval.

It must be understood that the inclusion of and compliance with State Fire Safety Regulations does not preclude the necessity of compliance with the requirements of local codes and ordinances. Also understand that approval of submitted plans is not approval of omissions or oversights by this office or noncompliance with any applicable regulations. The plans have not been reviewed for compliance with the Federal Americans with Disabilities Act or structural requirements.

If we can be of further assistance in this matter, please contact us at the address above.

Sincerely,

A handwritten signature in black ink that reads 'Josh Henson'.

Relocation Approval

This is to certify that the plans for this building were reviewed by CMSFD's Fire & Life Safety Division on 2/29/2024, for conformance with AS 18.70.010-100; 13 AAC 50.027. This certificate becomes invalid 180 days after the work on the site is commenced within 180 days after issuance, or if the work authorized is suspended or abandoned for a period of 180 days after the time work is commenced. An extension may be requested at the above mentioned address.

This certificate shall be posted in a conspicuous place on the premises listed above and shall remain posted until construction is completed. **Notice:** Any changes or modifications to the approved plans must be resubmitted for review by the Central Mat-Su Fire Department.

A handwritten signature in black ink that reads 'Josh Henson'.

ATTACHMENT(S): Ordinance Serial No. 24-053 (1 p.)
MSB Code 17.48 (6 pp)
Planning Commission Reso. 24-___ (pp)

SUMMARY STATEMENT: This ordinance is at the request of Assembly Member Yundt. The intent of this ordinance is to promote affordable housing options for low- and middle-income individuals and families. Repealing regulations could potentially increase the availability of this type of housing, making it more accessible to those in need of affordable housing. The burdensome nature of the existing regulations has hindered the expansion of affordable housing options and constrained the growth of mobile home park communities.

RECOMMENDATION OF ADMINISTRATION: Staff respectfully recommends approval of this ordinance.

CHAPTER 17.48: MOBILE HOME PARK ORDINANCE

Section

Article I. Eligibility

17.48.010 Applicability

17.48.020 Development prohibition

17.48.030 Proof of financial ability to complete the project

17.48.040 Standards

Article II. Procedures for Mobile Home Park Plan Approval

17.48.050 Application requirements

17.48.060 Planning commission review

17.48.080 Technical review agencies

17.48.090 Action of the planning commission

17.48.100 Appeal process

Article III. General Provisions

17.48.110 Definitions

17.48.130 Nonconforming mobile home parks

17.48.140 Violations and enforcement

17.48.150 Appeal procedure

ARTICLE I. ELIGIBILITY

17.48.010 APPLICABILITY.

A mobile home park may be established in any area of the MSB except where prohibited by zoning ordinances, provided that the mobile home park meets the requirements of this chapter and is approved at a public hearing by the planning commission, except that mobile home parks within the corporate limits of the cities of Houston, Palmer and Wasilla are subject only to regulations in existence for those cities.

(Ord. 83-63, § 2 (part), 1983)

17.48.020 DEVELOPMENT PROHIBITION.

No person shall proceed with any construction work on the proposed property, including clearing, grading or excavation relating to improvements, until planning commission approval of the mobile home park plan has been obtained.

(Ord. 83-63, § 2 (part), 1983)

17.48.030 PROOF OF FINANCIAL ABILITY TO COMPLETE THE PROJECT.

Arrangement of guaranteed financing and construction of public recreational facilities and other amenities proposed within the mobile home park shall be required for approval of the mobile home park by the planning commission and prior to beginning of construction.

(Ord. 83-63, § 2 (part), 1983)

17.48.040 STANDARDS.

(A) A mobile home park shall have an area of not less than two acres nor more than ten acres. No mobile home, parking, office or service building shall be closer than 30 feet to a public use area or other property line.

(B) Individual mobile home sites shall have an area of not less than 6,000 square feet per single-wide mobile home and 6,500 square feet per double-wide mobile home, and the total number of mobile homes per gross acre will not exceed five.

(C) A minimum of a ten-foot-wide buffer, to a maximum of a 25-foot-wide buffer shall be provided along the property boundaries. Mobile home placement shall be set back ten feet from the internal edge of the buffer. The intent of the buffer is to provide a vegetated visual transition area between the mobile home park and adjacent properties.

(D) A minimum separation of 30 feet between mobile homes, including any attached entrance, lean-to, or other extension from mobile homes shall be maintained between mobile homes.

(E) A minimum of two parking spaces per mobile home will be provided.

(F) A fenced area for the storage of boats and other recreational vehicles may be required by the planning commission in mobile home parks with three or more spaces per acre.

(G) Sufficient open space is required for a common area for residents, such as playground areas for resident children.

(H) The location of the mobile home park shall be compatible with the surrounding land uses and density of

existing development. Public facilities necessary to serve the mobile home park, including roads, utilities, water, waste disposal, recreation, schools and fire protection, shall be shown to be provided or available. No mobile home park shall be located where the combined acreage of all mobile home parks within a one-mile radius exceeds ten acres.

(Ord. 90-051, § 2 (part), 1990; Ord. 83-63, § 2 (part), 1983)

ARTICLE II. PROCEDURES FOR MOBILE HOME PARK PLAN APPROVAL

17.48.050 APPLICATION REQUIREMENTS.

(A) Prior to submitting a formal application to the planning commission, the applicant shall confer with the borough planning department on the review process for the application. An appropriate filing fee as established by the assembly shall accompany the formal application.

(B) An application for approval of a mobile home park shall be submitted to the planning department and shall include a site plan containing the following information:

- (1) location and size of all mobile home spaces;
- (2) landscaping and buffering areas;
- (3) utility layouts, including sewer and water;
- (4) parking for cars and recreational vehicles;
- (5) locations and development and open space;
- (6) vehicular circulation and traffic patterns;
- (7) name of the mobile home park and the name and address of the developer;
- (8) existing topography and soils information;
- (9) scale, north arrow, date and general location map.

(C) The application shall include a legal description of the property identifying property dimensions and total area, and an affidavit stating that the applicant holds controlling interest in the property and describing the ownership interest of the applicant and all other persons having an interest in the property.

(D) The review process will include a review of the site plan, other application material required in MSB 17.48.020 and the following information:

- (1) the character, design and attractiveness of the proposed mobile home park and its adequacy to encourage desirable living conditions, to provide separation and screening between uses where desirable, and to preserve the natural amenities of streams and wooded areas;
- (2) the adequacy of open space and recreational areas, existing and proposed, to meet the needs of the development;
- (3) traffic circulation into and through the mobile home park.

(E) The planning director shall review the application for completeness and accept or reject within ten days of receipt.

(Ord. 90-051, § 2 (part), 1990; Ord. 86-47, § 13, 1986; Ord. 83-79, § 2, 1983; Ord. 83-63, § 2 (part), 1983)

17.48.060 PLANNING COMMISSION REVIEW.

Within 30 days after the mobile home park application has been approved by the planning director, the director shall schedule a public hearing before the planning commission. Any conditions attached to the mobile home park plan, staff recommendations and technical agency review comments will be presented to the planning commission.

(Ord 83-63, § 2 (part), 1983)

17.48.080 TECHNICAL REVIEW AGENCIES.

After the mobile home park plan has received pre-application approval by the planning director, the applicant or the applicant's representative shall be informed which agencies shall receive copies of the plan. The planning department shall submit the plan to the agencies to which planned unit developments are referred under MSB 17.36.

(Ord. 83-63, § 2 (part), 1983)

17.48.090 ACTION OF THE PLANNING COMMISSION.

The planning commission shall review the mobile home park plan and approve the application, give conditional approval, or deny the application. The planning commission shall render its decision and findings in writing; and if its decision is to deny the application, it shall indicate what the applicant might do to make the application acceptable. If given conditional approval, the applicant shall submit final plans meeting the conditions of the planning commission to the planning department within 30 days of such approval.

(Ord. 83-63, § 2 (part), 1983)

17.48.100 APPEAL PROCESS.

A decision of the planning commission is final unless an appeal is filed within 15 borough business days after the commission's action. Appeals shall be conducted under the provisions of MSB 15.39 as a conditional use.

(Ord. 97-026, § 2, 1997; IM 96-013, page 1 (part), presented 3-19-96; Ord. 83-63, § 2 (part), 1983)

ARTICLE III. GENERAL PROVISIONS

17.48.110 DEFINITIONS.

(A) For the purpose of this chapter, the following definitions shall apply unless the context clearly indicates or requires a different meaning.

(1) "Buffer" means a means of protection against negative impacts which provides a physical separation or barrier.

(2) "Mobile home" means a detached single-family dwelling designed for long-term human habitation and having complete living facilities; capable of being transported to a location of use on its own chassis and wheels; identified by a model number and serial number by its manufacturer, and designed primarily for placement on a nonpermanent foundation. Travel trailers are not considered as mobile homes.

(3) "Mobile home parks" means any parcel, tract or lot or portion thereof where space for two or more mobile homes or travel trailers is leased, rented or held for rent for occupancy, but not including automobile or trailer sales lots on which unoccupied mobile homes are parked for inspection and sale or camper parks in which travel trailers are permitted for temporary occupancy of less than 30 days.

(4) "Travel trailers" means a motor vehicle or portable vehicular structure capable of being towed on the highways by a motor vehicle designed or intended for casual or short-term human occupancy for travel, recreational or vacation uses, identified by a model number, serial number or vehicle registration number, equipped with limited water storage and other self-contained living facilities.

(Ord. 90-051, § 2 (part), 1990; Ord. 83-63, § 2 (part), 1983)

17.48.130 NONCONFORMING MOBILE HOME PARKS.

(A) Within the borough there may exist mobile home parks as of the date of adoption of the ordinance codified in this chapter, or amendments thereto which were lawful before the effective date of applicable regulations, but which would otherwise be prohibited, regulated or restricted under this chapter. Such existing nonconforming parks are permitted to continue subject to the provisions of this section, but shall not be expanded except in accordance with this chapter.

(B) Nothing in this chapter shall require the relocation or removal of mobile home parks existing or under construction at the time of adoption of the ordinance codified in this chapter if such use was lawful at the time of its construction. No mobile home park shall be constructed or operated except in accordance with these regulations, except to the extent it was in existence or under actual construction as of the effective date of the ordinance codified in this chapter or amendment thereto. "Actual construction" is defined as the substantial

placement of construction materials and performance of labor for construction of facilities which cannot reasonably be used except in a manner which does not conform with these regulations.

(C) Mobile home parks under construction or in existence as of the date of the ordinance codified in this chapter shall apply for, and may obtain approval of, the mobile home park within 120 days of the effective date of the ordinance codified in this chapter. The planning director shall grant approval of the mobile home park if it complies with the requirements of this chapter, excepting only those facilities and improvements which were under construction or in existence prior to the effective date of the respective regulation. The mobile home park shall meet all other requirements of this chapter which are not in conflict with the pre-existing use or construction.

(D) No existing mobile home park shall be expanded in area or in number of dwelling units permitted unless the area of expansion meets the requirements of this chapter. No area of a mobile home park which is abandoned shall be used as a mobile home park unless it meets the requirements of this chapter. "Abandonment" is defined as a discontinuation of use of a mobile home park or a discrete portion or parcel thereof, or the failure to complete construction and begin use, for a continuous period of more than one year. If abandoned, the land shall not thereafter be used except in conformity with the requirements of this chapter.

(Ord. 83-78, § 3, 1983)

17.48.140 VIOLATIONS AND ENFORCEMENT.

Violations and enforcement of this chapter shall be consistent with the terms and provisions of MSB 17.56.

(Ord. 90-051, § 2 (part), 1990; Ord. 83-78, § 4, 1983)

17.48.150 APPEAL PROCEDURE.

Appeals from a decision of the planning director of a zoning enforcement action shall be filed and conducted in accordance with MSB 15.39.

Public Hearing: June 17, 2024
Action:

**MATANUSKA-SUSITNA BOROUGH
PLANNING COMMISSION RESOLUTION NO. 24-13**

A RESOLUTION OF THE MATANUSKA-SUSITNA BOROUGH PLANNING COMMISSION RECOMMENDING APPROVAL OF AN ORDINANCE REPEALING MSB 17.48 MOBILE HOME PARK ORDINANCE IN ITS ENTIRETY.

WHEREAS, the Matanuska-Susitna Borough has a shortage of affordable housing options for low- and middle-income individuals and families; and

WHEREAS, repealing regulations on mobile home parks could potentially increase the availability of this type of housing, making it more accessible to those in need of affordable housing; and

WHEREAS, mobile home parks are subject to duplicative regulations as they are regulated by MSB 17.73 Multifamily Development Design Standards as well as 17.48 Mobile Home Park Ordinance.

NOW, THEREFORE, BE IT RESOLVED, that the Matanuska-Susitna Borough Planning Commission hereby recommends approval of Assembly Ordinance 24-053.

BE IT FURTHER RESOLVED, that the commission finds that additional restrictions for mobile home parks are still necessary

in the core area of the borough and recommends the ordinance be modified to only apply outside of the core area as defined by MSB 17.61.

ADOPTED by the Matanuska-Susitna Borough Planning Commission this -- day of --, 2024.
