OPEN HOUSE

LUCILLE STREET & PATHWAY UPGRADE

Matanuska-Susitna Borough PROJECT NOTICE

What's Happening

The Mat-Su Borough invites you to a public open house. You can view plans, talk to the project team, and provide feedback.

These projects were approved by voters as part of the bond package in 2021 (TIP 21).

Description

Improve Lucille Street and pathway from Spruce Street to Schrock Road, including resurfacing, drainage, and adding a turn lane at Tanaina Elementary.

Status

Phase 2 is at the 65% design stage. The team is beginning right-of-way acquisition and utility coordination.

Design plans are available online at <https://tip21.matsugov.us/>.

Schedule

Anticipated 2026 construction is dependent on right-of-way acquisition.

Cost

Phase 2 estimate: \$8,900,000.

Benefits

The purpose is to reduce traffic congestion, enhance pedestrian and vehicle safety, increase transportation system reliability, and provide transportation choices for residents.

Phase 1 resurfaced Lucille Street from Seldon north to Schrock.

Phase 2 will improve drainage, add a turn lane at Tanaina Elementary, and improve the pathway from Seldon Road south to Spruce Street.
